

Base Prospectus dated 25 March 2020

LA BANQUE POSTALE

€10,000,000,000

Euro Medium Term Note Programme

Under the Euro Medium Term Note Programme described in this Base Prospectus (the "**Programme**"), La Banque Postale (the "**Issuer**" or "**La Banque Postale**"), subject to compliance with all relevant laws, regulations and directives, may from time to time issue Euro Medium Term Notes (the "**Notes**"). The aggregate principal amount of Notes outstanding will not at any time exceed €10,000,000,000 (or the equivalent in other currencies at the date of issue of any Notes).

The Notes can be unsubordinated Notes or subordinated Notes. Unsubordinated Notes may be senior preferred or senior non preferred.

In accordance with French law, notably the requirement to obtain an express legislative authorisation for each guarantee, the Notes do not benefit from any guarantee of any kind, direct or indirect, from the French State.

This Base Prospectus constitutes a base prospectus for the purposes of article 8 of Regulation (EU) 2017/1129 (the "**Prospectus Regulation**"). This Base Prospectus received the approval number 20-096 on 25 March 2020 from the *Autorité des marchés financiers* (the "**AMF**") and shall be in force for a period of one (1) year as of the date of its approval by the AMF. The obligation to supplement this Base Prospectus in the event of a significant new factor, material mistake or material inaccuracy does not apply when this Base Prospectus is no longer valid.

This Base Prospectus has been approved by the AMF in France in its capacity as competent authority pursuant to the Prospectus Regulation. The AMF only approves this Base Prospectus as meeting the standards of completeness, comprehensibility and consistency imposed by the Prospectus Regulation. Such approval should not be considered as an endorsement of the Issuer or of the quality of the Notes which are the subject of this Base Prospectus. Investors should make their own assessment as to the suitability of investing in the Notes.

Application may be made for Notes issued under the Programme during a period of 12 months from the date of this Base Prospectus to be listed and/or admitted to trading on Euronext Paris and/or on the Regulated Market (as defined below) in another Member State of the European Economic Area ("**EEA**") or in the United Kingdom ("**UK**"). Euronext Paris is a regulated market for the purposes of the Markets in Financial Instruments Directive 2014/65/EU, as amended (a "**Regulated Market**"). However, Notes may be issued pursuant to the Programme which are not admitted to trading on any Regulated Market. The relevant final terms (the "**Final Terms**") (a form of which is contained herein) in respect of the issue of any Notes will specify whether or not such Notes will be admitted to trading, and, if so, the relevant Regulated Market.

Notes may be issued either in dematerialised form ("**Dematerialised Notes**") or in materialised form ("**Materialised Notes**") as more fully described herein. Dematerialised Notes will at all times be in book-entry form in compliance with Articles L.211-3 and R.211-1 of the French *Code monétaire et financier*. No physical documents of title will be issued in respect of the Dematerialised Notes.

Dematerialised Notes may, at the option of the Issuer, be in bearer dematerialised form (*au porteur*) inscribed as from the issue date in the books of Euroclear France ("**Euroclear France**") (acting as central depository) which shall credit the accounts of Account Holders (as defined in "TERMS AND CONDITIONS OF THE NOTES — Form, Denomination(s), Title and Redenomination") including Euroclear Bank SA/NV ("**Euroclear**") and the depository bank for Clearstream Banking S.A. ("**Clearstream**") or in registered dematerialised form (*au nominatif*) and, in such latter case, at the option of the relevant Noteholder (as defined in "TERMS AND CONDITIONS OF THE NOTES — Form, Denomination(s), Title and Redenomination"), in either fully registered form (*au nominatif pur*), in which case they will be inscribed either with the Issuer or with the registration agent (designated in the relevant Final Terms) for the Issuer, or in administered registered form (*au nominatif administré*) in which case they will be inscribed in the accounts of the Account Holders designated by the relevant Noteholders.

Materialised Notes will be in bearer materialised form only and may only be issued outside France. A temporary global certificate in bearer form without interest coupons attached (a "**Temporary Global Certificate**") will initially be issued in connection with Materialised Notes. Such Temporary Global Certificate will be exchanged for Definitive Materialised Notes in bearer form with, where applicable, coupons for interest attached, on or after a date expected to be on or about the 40th day after the issue date of the Notes (subject to postponement as described in "TEMPORARY GLOBAL CERTIFICATES ISSUED IN RESPECT OF MATERIALISED BEARER NOTES") upon certification as to non U.S. beneficial ownership as more fully described herein.

Temporary Global Certificates will (a) in the case of a Tranche (as defined in "GENERAL DESCRIPTION OF THE PROGRAMME") intended to be cleared through Euroclear and/or Clearstream, be deposited on the issue date with a common depository on behalf of Euroclear and/or Clearstream and (b) in the case of a Tranche intended to be cleared through a clearing system other than or in addition to Euroclear and/or Clearstream or delivered outside a clearing system, be deposited as agreed between the Issuer and the relevant Dealer (as defined below).

The final terms of the relevant Notes will be determined at the time of the offering of each Tranche based on then prevailing market conditions and will be set out in the relevant Final Terms. The long term senior preferred debt of the Issuer has been assigned a rating of A by S&P Global Ratings Europe Limited ("**S&P**") and A- by Fitch France SAS ("**Fitch**"). The long term senior non preferred debt of the Issuer has been assigned a rating of BBB- by S&P and A- by Fitch. The subordinated debt of the Issuer has been assigned a rating of BBB- by S&P. Notes issued under the Programme may be unrated or rated differently from the current ratings of the Issuer. The rating of Notes (if any) will be specified in the Final Terms. Each of S&P and Fitch is established in the European Union and is registered under Regulation (EC) No. 1060/2009 on credit ratings agencies, as amended by Regulation (EU) No. 513/2011 (the "**CRA Regulation**"). Each of S&P and Fitch is included in the list of credit rating agencies registered in accordance with the CRA Regulation published on the European Securities and Markets Authority's website (<https://www.esma.europa.eu/supervision/credit-rating-agencies/risk>) as of the date of this Base Prospectus. A rating is not a recommendation to buy, sell or hold securities and may be subject to suspension, change or withdrawal at any time by the assigning rating agency.

This Base Prospectus and the documents incorporated by reference in this Base Prospectus will be available on the websites of the Issuer (www.labanquepostale.com) and the AMF (www.amf-france.org). The Final Terms related to the Notes listed and/or admitted to trading on any Regulated Market in the EEA or the UK will be published on the website of the AMF.

Prospective investors should have regard to the factors described under the section headed "Risk factors" in this Base Prospectus prior to making an investment decision in the Notes.

This Base Prospectus (together with any supplements to this Base Prospectus published from time to time (each a "Supplement" and together the "Supplements")) constitutes a base prospectus for the purposes of Article 8 of the Prospectus Regulation in respect of, and for the purpose of giving information with regard to, the Issuer, the Issuer and its consolidated subsidiaries taken as a whole ("La Banque Postale Group") which is necessary to enable investors to make an informed assessment of the assets and liabilities, financial position, profit and losses and prospects of the Issuer, the rights attaching to the Notes and the reason for the issuance and its impact on the Issuer.

This Base Prospectus should be read and construed in conjunction with any Supplement that may be published from time to time and with all documents incorporated by reference (see "INFORMATION INCORPORATED BY REFERENCE") and in relation to any Series (as defined herein) of Notes, should be read and construed together with the relevant Final Term(s) (the Base Prospectus and the Final Terms being together, the "Prospectus").

Certain information contained in this Base Prospectus and/or documents incorporated herein by reference have been extracted from sources specified in the sections where such information appears. The Issuer confirms that such information has been accurately reproduced and that, so far as it is aware and is able to ascertain from information published by the above sources, no facts have been omitted which would render the information reproduced inaccurate or misleading. The Issuer has also identified the source(s) of such information.

No person has been authorised to give any information or to make any representation other than those contained in this Base Prospectus in connection with the issue or sale of the Notes and, if given or made, such information or representation must not be relied upon as having been authorised by the Issuer or any of the Dealers or the Arranger (each as defined in "GENERAL DESCRIPTION OF THE PROGRAMME"). Neither the delivery of this Base Prospectus nor any sale made in connection herewith shall, under any circumstances, create any implication that there has been no change in the affairs of the Issuer or La Banque Postale Group since the date hereof or the date upon which this Base Prospectus has been most recently amended or supplemented or that there has been no adverse change in the financial position of the Issuer or La Banque Postale Group since the date hereof or the date upon which this Base Prospectus has been most recently amended or supplemented or that any other information supplied in connection with the Programme is correct as of any time subsequent to the date on which it is supplied or, if different, the date indicated in the document containing the same.

Other than in relation to the documents which are deemed to be incorporated by reference (see "DOCUMENTS INCORPORATED BY REFERENCE"), the information on the websites to which this Base Prospectus refers does not form part of this Base Prospectus unless that information is incorporated by reference into the Base Prospectus and has not been scrutinised or approved by the AMF.

The distribution of this Base Prospectus and the offering or sale of the Notes in certain jurisdictions may be restricted by law. Persons into whose possession this Base Prospectus comes are required by the Issuer, the Dealers and the Arranger to inform themselves about and to observe any such restriction. For a description of certain restrictions on offers and sales of Notes and on distribution of this Base Prospectus, see "SUBSCRIPTION AND SALE".

IMPORTANT - EEA AND UK RETAIL INVESTORS – If the Final Terms in respect of any Notes include a legend entitled "Prohibition of Sales to EEA and UK Retail Investors", the Notes are not intended to be offered, sold or otherwise made available to and should not be offered, sold or otherwise made available to any retail investor in the EEA or in the UK. For these purposes, a retail investor means a person who is one (or more) of: (i) a retail client as

defined in point (11) of Article 4(1) of Directive 2014/65/EU (as amended, "MiFID II"); or (ii) a customer within the meaning of Directive 2016/97/EU (as amended, the "IDD"), where that customer would not qualify as a professional client as defined in point (10) of Article 4(1) of MiFID II; or (iii) not a qualified investor as defined in the Prospectus Regulation. Consequently, no key information document required by Regulation (EU) No 1286/2014 (as amended, the "PRIIPs Regulation") for offering or selling the Notes or otherwise making them available to retail investors in the EEA or in the UK has been prepared and therefore offering or selling the Notes or otherwise making them available to any retail investor in the EEA or in the UK may be unlawful under the PRIIPs Regulation.

MiFID II product governance / target market – The Final Terms in respect of any Notes will include a legend entitled "MiFID II product governance" which will outline the target market assessment in respect of the Notes, taking into account the five (5) categories referred to in item 18 of the Guidelines published by the European Securities and Markets Authority (ESMA) on 5 February 2018 and which channels for distribution of the Notes are appropriate. Any person subsequently selling or recommending the Notes (a "distributor" as defined in MiFID II) should take into consideration the target market assessment; however, a distributor subject to MiFID II is responsible for undertaking its own target market assessment in respect of the Notes (by either adopting or refining the target market assessment) and determining appropriate distribution channels.

A determination will be made in relation to each issue about whether, for the purpose of the Product Governance rules under EU Delegated Directive 2017/593 (the "MiFID II Product Governance Rules"), any Dealer subscribing for any Notes is a manufacturer as defined in MiFID II in respect of such Notes, but otherwise neither the Arranger nor the Dealers nor any of their respective affiliates will be a manufacturer for the purpose of the MiFID II Product Governance Rules.

Notification under Section 309B(1)(c) of the Securities and Futures Act (Chapter 289) of Singapore, as modified or amended from time to time (the "SFA") – Unless otherwise stated in the Final Terms in respect of any Notes, all Notes issued or to be issued under the Programme shall be prescribed capital markets products (as defined in the Securities and Futures (Capital Markets Products) Regulations 2018 of Singapore) and Excluded Investment Products (as defined in MAS Notice SFA 04-N12: Notice on the Sale of Investment Products and MAS Notice FAA-N16: Notice on Recommendations on Investment Products).

This Base Prospectus does not constitute an offer of, or an invitation by or on behalf of the Issuer or the Dealers or the Arranger to subscribe for, or purchase, any Notes.

The Arranger and the Dealers have not separately verified the information contained or incorporated by reference in this Base Prospectus. None of the Dealers or the Arranger makes any representation, express or implied, or accepts any responsibility, with respect to the accuracy or completeness of any of the information in this Base Prospectus. Neither this Base Prospectus nor any other financial statements or any other information incorporated by reference are intended to provide the basis of any credit or other evaluation and should not be considered as a recommendation by any of the Issuer, the Arranger or the Dealers that any recipient of this Base Prospectus or any other financial statements or any other information incorporated by reference should purchase the Notes. Each potential purchaser of Notes should determine for itself the relevance of the information contained in this Base Prospectus and its purchase of Notes should be based upon such investigation as it deems necessary. None of the Dealers or the Arranger undertakes to review the financial condition or affairs of the Issuer during the life of the arrangements contemplated by this Base Prospectus nor to advise any investor or potential investor in the Notes of any information coming to the attention of any of the Dealers or the Arranger.

In this Base Prospectus, unless otherwise specified or the context otherwise requires, references to "€", "Euro", "EUR" or "euro" are to the single currency introduced at the start of the third stage of European economic and monetary union pursuant to the Treaty on the Functioning of the European Union, as amended, references to "£", "pounds sterling", "GBP" and "Sterling" are to the lawful currency of the United Kingdom, references to "\$", "USD" and "U.S. Dollars" are to the lawful currency of the United States of America.

Fiscal Agent and Principal Paying Agent

BNP Paribas Securities Services

Method of Issue

The Notes will be issued on a syndicated or non-syndicated basis. The Notes will be issued in series (each a "**Series**") having one or more issue dates and on terms otherwise identical (or identical other than in respect of the first payment of interest), the Notes of each Series being intended to be interchangeable with all other Notes of that Series. Each Series may be issued in tranches (each a "**Tranche**") on the same or different issue dates. The specific terms of each Tranche (which will be completed, where necessary, with the relevant terms and conditions and, save in respect of the issue date, issue price, first payment of interest and principal amount of the Tranche, will be identical to the terms of other Tranches of the same Series) will be completed in the final terms (the "**Final Terms**").

Maturities

Any maturity in excess of one month (except in the case of Subordinated Notes for which the minimum maturity will be five years) or, in any case, such other minimum maturity as may be required from time to time by the relevant regulatory authority. No maximum maturity is

Dematerialised Notes will be issued in one denomination only.

Status of the Notes

Notes may be issued on either a senior or a subordinated basis.

Senior Notes

Senior Notes may be Senior Preferred Notes or Senior Non Preferred Notes.

The ability to issue Senior Non Preferred Notes, as described below, is provided by Article 151 of the *Loi relative à la transparence, à la lutte contre la corruption et à la modernisation de la vie économique* (the "**Sapin 2 Law**"), which has amended Article L.613-30-3 of the French *Code monétaire et financier* to create a new "senior non preferred notes" ranking. The Sapin 2 Law was definitively adopted by the French parliament on 9 November 2016 and entered into force following the publication to the Official Journal of the French Republic (*Journal Officiel de la République Française*) on 12 December 2016 (the "**Effective Date**"). For the avoidance of doubt, Senior Notes issued prior to the Effective Date constitute Senior Preferred Obligations since the Effective Date.

(i) If the Notes are "**Senior Preferred Notes**", the Notes will be Senior Preferred Obligations and the Notes and (if applicable) the relative Coupons constitute direct, unconditional, unsecured and senior obligations of the Issuer and rank and will at all times rank:

(A) *pari passu* among themselves and

with other Senior Preferred Obligations;

(B) senior to Senior Non Preferred Obligations; and

(C) junior to present and future claims benefiting from preferred exceptions.

Subject to applicable law, in the event of the voluntary or judicial liquidation (*liquidation amiable* or *liquidation judiciaire*) of the Issuer, bankruptcy proceedings or any other similar proceedings affecting the Issuer, the rights of Noteholders to payment under the Senior Preferred Notes rank:

(A) junior to present and future claims benefiting from preferred exceptions; and

(B) senior to Senior Non Preferred Obligations.

(ii) If the Notes are "**Senior Non Preferred Notes**", the Notes will be Senior Non Preferred Obligations and the Notes and (if applicable) the relative Coupons constitute direct, unconditional, unsecured and senior obligations of the Issuer and rank and will at all times rank:

(A) *pari passu* among themselves and with other Senior Non Preferred Obligations;

(B) senior to Eligible Creditors of the Issuer, Ordinary Subordinated Obligations and any other present or future claims otherwise ranking junior to Senior Non Preferred Obligations; and

(C) junior to present and future claims benefiting from preferred exceptions and to Senior Preferred Obligations.

Subject to applicable law, in the event of the voluntary or judicial liquidation (*liquidation amiable* or *liquidation judiciaire*) of the Issuer, bankruptcy proceedings or any other similar proceedings affecting the Issuer, the rights of Noteholders to payment under the Senior Non Preferred Notes rank:

(A) junior to Senior Preferred Obligations; and

(B) senior to any Eligible Creditors of the Issuer, Ordinary Subordinated Obligations and any other present or future

claims otherwise ranking junior to Senior Non Preferred Obligations.

"Ordinary Subordinated Obligations" means any subordinated obligations or other instruments issued by the Issuer which rank, or are expressed to rank, *pari passu* among themselves, and constitute direct, unconditional, unsecured and subordinated obligations of the Issuer but in priority to *prêts participatifs* granted to the Issuer, *titres participatifs* issued by the Issuer and any deeply subordinated obligations of the Issuer (*engagements dits "super subordonnés", i.e. engagements subordonnés de dernier rang*).

"Senior Non Preferred Obligations" means any senior (*chirographaires*) obligations (including the Senior Non Preferred Notes) of, or other instruments issued by, the Issuer, which fall or are expressed to fall within the category of obligations described in Articles L.613-30-3-I-4° and R.613-28 of the French *Code monétaire et financier*.

"Senior Preferred Obligations" means any senior (*chirographaires*) obligations (including the Senior Preferred Notes) of, or other instruments issued by, the Issuer, which fall or are expressed to fall within the category of obligations described in Article L.613-30-3-I-3° of the French *Code monétaire et financier*.

Subordinated Notes

The ranking of any Subordinated Notes issued under the Programme will be and may evolve as follows:

(i) *Ranking as long as Existing Subordinated Notes are outstanding:*

For so long as any Existing Subordinated Note (as defined below) is outstanding, the Subordinated Notes and (if applicable) the relative Coupons will constitute direct, unconditional, unsecured and subordinated obligations of the Issuer and rank and will rank *pari passu* among themselves and *pari passu* with all other present and future direct, unconditional, unsecured and ordinary subordinated indebtedness of the Issuer. Subject to applicable law, in the event of the voluntary liquidation of the Issuer, bankruptcy proceedings, or any other similar proceedings affecting the Issuer, the rights of the holders in respect of principal and (where applicable) interest to payment under the Subordinated Notes will be subordinated to the full payment of the unsubordinated creditors (including depositors) of the Issuer and, subject to such payment in full, such holders will be paid in priority to *prêts participatifs* granted to the Issuer, *titres participatifs* issued by the Issuer and any deeply subordinated obligations of the Issuer (*obligations dites "super subordonnées" i.e. engagements subordonnés de dernier rang*). The

Subordinated Notes are issued pursuant to the provisions of Article L.228-97 of the French *Code de commerce*.

"Existing Subordinated Notes" means the (i) EUR 750,000,000 Ordinary Subordinated 4.375 per cent. Notes due 2020 (ISIN: FR0010969410) and (ii) EUR 750,000,000 Fixed to Fixed Reset Rate Subordinated Tier 2 Notes due 23 April 2026 (ISIN: FR0011855865), provided that should any such notes be amended in any way which would result in allowing the Issuer to issue subordinated notes ranking senior to such given notes, then such notes would be deemed to no longer constitute an Existing Subordinated Note.

(ii) *Ranking once no Existing Subordinated Notes are outstanding:*

Once no Existing Subordinated Notes are outstanding, the Subordinated Notes and (if applicable) the relative Coupons will constitute direct, unconditional, unsecured and subordinated obligations of the Issuer and will rank *pari passu* among themselves and *pari passu* with:

- (a) any obligations or instruments of the Issuer that constitute Tier 2 Capital; and
- (b) any other obligations or instruments of the Issuer that rank or are expressed to rank equally with the Subordinated Notes.

Subject to applicable law, in the event of the voluntary liquidation of the Issuer, bankruptcy proceedings, or any other similar proceedings affecting the Issuer, the rights of the holders in respect of principal and (where applicable) interest to payment under the Subordinated Notes will be:

- 1) subordinated to the full payment of:
 - (a) the senior creditors of the Issuer; and
 - (b) the Eligible Creditors of the Issuer;
- 2) paid in priority to any *prêts participatifs* granted to the Issuer, *titres participatifs* issued by the Issuer and any deeply subordinated obligations of the Issuer (*obligations dites "super subordonnées" i.e. engagements subordonnés de dernier rang*).

The Subordinated Notes are issued pursuant to the provisions of Article L.228-97 of the French *Code de commerce*.

"Eligible Creditors" means creditors holding subordinated claims that rank or are expressed to rank senior to the Subordinated Notes.

For the avoidance of doubt the amended ranking provisions in this paragraph will apply automatically to any then outstanding Subordinated Notes as soon as no Existing Subordinated Notes will be outstanding without the need for any action from the Issuer.

Negative Pledge

There will be a negative pledge in respect of the Notes (except with respect to Subordinated Notes, Senior Non Preferred Notes and Senior Preferred Notes (only if "Prior approval of the Relevant Regulator" is specified as applicable in the applicable Final Terms), as set out in Condition 4 — see "TERMS AND CONDITIONS OF THE NOTES — Negative Pledge".

Events of Default (including cross default)

The terms of the Senior Preferred Notes will contain events of default and a cross-default in respect of the Notes as set out in Condition 9(a) (except where one or more of the events of default are specified as not applicable in the applicable Final Terms) — see "TERMS AND CONDITIONS OF THE NOTES — Events of Default and Enforcement — Events of default or enforcement (Senior Preferred Notes)".

The terms of the Senior Non Preferred Notes and the Subordinated Notes, or if the Notes are Senior Preferred Notes where the applicable Final Terms specify that no events of default are applicable (which would in particular typically be the case in relation to Senior Preferred Notes, if "Prior approval of the Relevant Regulator" is specified as applicable in the applicable Final Terms), will not contain any event of default. However, a Noteholder may, upon written notice to the Fiscal Agent given before all defaults have been cured, cause such Senior Non Preferred Note or Subordinated Note to become due and payable at its Early Redemption Amount, together with accrued interest thereon, if any, as of the date on which said notice is received by the Fiscal Agent, in the event that an order is made or an effective resolution is passed for the liquidation (*liquidation judiciaire* or *liquidation amiable*) of the Issuer.

Redemption Amount

The relevant Final Terms will specify the basis for calculating the redemption amounts payable pursuant to the method set in the Terms and Conditions of the Notes and/or in the Technical Annex. Unless permitted by then current laws and regulations, Notes (including Notes denominated in Sterling) having a maturity of less than one year from the date of issue and in respect of which the issue proceeds are to be accepted by the Issuer in the United Kingdom or whose issue otherwise constitutes a contravention of section

19 of the FSMA must have a minimum redemption amount of £100,000 (or its equivalent in other currencies).

Optional Redemption

The Final Terms issued in respect of each issue of Notes will state whether such Notes may be redeemed prior to their stated maturity at the option of the Issuer (either in whole or in part) and/or the Noteholders and if so the terms applicable to such redemption.

Only if "Prior approval of the Relevant Regulator" is specified as applicable in the applicable Final Terms, any optional redemption of Senior Preferred Notes is subject to the prior written consent of the Relevant Regulator, to the extent required at such date.

Any optional redemption of Senior Non Preferred Notes is subject to the prior written consent of the Relevant Regulator, to the extent required at such date.

Any optional redemption of Subordinated Notes can only be made subject to certain conditions including but not limited to the prior written consent of the Relevant Regulator.

In the case of Subordinated Notes, Senior Non Preferred Notes and, in relation to Senior Preferred Notes, only if "Prior approval of the Relevant Regulator" is specified as applicable in the applicable Final Terms, no redemption of the Notes at the option of the Noteholders is permitted.

Early Redemption

Except as provided in "Optional Redemption" above, Senior Preferred Notes will be redeemable prior to maturity in case of illegality and, at the option of the Issuer, for taxation reasons or (only if "Prior approval of the Relevant Regulator" is specified as applicable in the applicable Final Terms) if an event disqualifying them to the MREL/TLAC eligibility has occurred and is continuing.

Only if "Prior approval of the Relevant Regulator" is specified as applicable in the applicable Final Terms, any early redemption of Senior Preferred Notes is subject to the prior written consent of the Relevant Regulator, to the extent required at such date.

Senior Non Preferred Notes will be redeemable prior to maturity in case of illegality and, at the option of the Issuer, for taxation reasons or if an event disqualifying them to the MREL/TLAC eligibility has occurred and is continuing. See Condition 6 "TERMS AND CONDITIONS OF THE NOTES — Redemption, Purchase and Options".

Any early redemption of Senior Non Preferred Notes is subject to the prior written consent of the Relevant Regulator, to the extent required at such date.

Subordinated Notes will be redeemable prior to maturity at the option of the Issuer, for taxation reasons or in the case where the relevant Subordinated Notes are excluded from the Tier 2 Capital of the Issuer. See Condition 6 "TERMS AND CONDITIONS OF THE NOTES — Redemption, Purchase and Options".

Any early redemption of Subordinated Notes prior to the Maturity Date is subject to various conditions including in particular the prior approval of the Relevant Regulator to the extent required at such date.

Taxation

All payments of principal, interest and other revenues by or on behalf of the Issuer in respect of the Notes or Coupons shall be made free and clear of, and without withholding or deduction for, any present or future taxes, duties, assessments or governmental charges of whatever nature imposed, levied, collected, withheld or assessed by or within France or any authority therein or thereof having power to tax, unless such withholding or deduction is required by law.

If French law should require that payments of interest in respect of any Note or Coupon be subject to withholding or deduction in respect of any taxes, duties, assessments or governmental charges whatsoever, the Issuer will, save in certain limited circumstances, to the fullest extent then permitted by law, pay such additional amounts as shall result in receipt by the Noteholders or, if applicable the Couponholders, as the case may be, of such amounts as would have been received by them had no such withholding or deduction been required. See Condition 8 "Taxation".

Interest Periods and Interest Rates

The length of the interest periods for the Notes and the applicable interest rate may differ from time to time or be constant for any Series. Notes may have a maximum interest rate, a minimum interest rate, or both, provided that in no event, will the relevant interest amount be less than zero. The use of interest accrual periods permits the Notes to bear interest at different rates in the same interest period. All such information will be set out in the relevant Final Terms.

Fixed Rate Notes

Fixed interest will be payable in arrear or in advance as specified in the applicable Final Terms on each interest payment date – see Condition 5(b)(i).

Resetable Notes

The interest rate of Resetable Notes shall be a fixed interest rate resettable at different reset dates – see Condition 5(b)(ii).

Floating Rate Notes

Floating Rate Notes will bear interest determined separately for each Series as follows:

- on the same basis as the floating rate under a notional interest rate swap transaction in the relevant Specified Currency governed by the June 2013 FBF Master Agreement, as published by the *Fédération Bancaire Française*,
- on the same basis as the floating rate under a notional interest rate swap transaction in the relevant Specified Currency governed by an agreement incorporating the 2006 ISDA Definitions, as published by the International Swaps and Derivatives Association, Inc., or
- by reference to LIBOR, EURIBOR, EONIA, CMS Rate, TEC10, €STR, SOFR or SONIA or any successor rate or any alternative rate,

in each case plus or minus any applicable margin, if any, and calculated and payable as indicated in the applicable Final Terms. Floating Rate Notes may also have a maximum rate of interest, a minimum rate of interest or both, provided that in no event, will the relevant interest amount be less than zero. See Condition 5(c)(iv).

Zero Coupon Notes

Zero Coupon Notes may be issued at their principal amount or at a discount to it and will not bear interest. See Condition 5(e).

Inflation Linked Notes

The interest rate and the final redemption amount of the Notes may be linked to inflation indices, – see Condition 5(c)(iv)(A) and (B) for the interest rate and Condition 6(g) for the redemption amount.

Index Linked Notes

The interest rate and the final redemption amount of the Notes may be linked to the level of an index or a basket of indices, as the case may be – see Additional Conditions applicable to Index Linked Notes and Technical Annex.

Notes linked to a formula

The interest rate and/or the final redemption amount and/or the early redemption amount can be linked to a formula contained in the Technical Annex.

Benchmark Discontinuation

In the event that a Benchmark Event occurs, such that any rate of interest (or any component part thereof) cannot be determined by reference to the original benchmark or screen rate (as applicable) specified in the relevant Final Terms, then the Issuer shall use its reasonable endeavours to appoint an independent adviser to determine a successor or an alternative benchmark and/or screen rate (with consequent amendment to the terms of such Series of Notes and the application of an adjustment spread). See Condition 5(d) (*Benchmark discontinuation*) for further information.

Method of Publication of this Base Prospectus and the Final Terms

This Base Prospectus, any supplement thereto and the Final Terms related to the Notes listed and admitted to trading on any Regulated Market in the EEA or the UK will be published on the website of the AMF (www.amf-france.org) and of the Issuer (www.labanquepostale.com).

RISK FACTORS

The Issuer believes that the following factors may affect its ability to fulfil its obligations under the Notes and may be material for the purpose of assessing the market risks associated with Notes issued under the Programme. All of these factors are contingencies which may or may not occur and the Issuer is not in a position to express a view on the likelihood of any such contingency occurring.

Factors which the Issuer believes are specific to the Issuer or La Banque Postale Group and/or the Notes and material for an informed investment decision with respect to investing in Notes issued under the Programme are also described below.

The Issuer believes that the factors described below represent the principal inherent risks in investing in Notes issued under the Programme, but the inability of the Issuer to pay interest, principal or other amounts on or in connection with any Notes may occur for other reasons and the Issuer does not represent that the statements below regarding the risks of holding any Notes are exhaustive. Prospective investors should also read the detailed information set out elsewhere in this Base Prospectus (including any documents incorporated by reference herein) and reach their own views prior to making any investment decision.

In each sub-category below the Issuer sets out first the most material risk, in its assessment, taking into account the expected magnitude of their negative impact and the probability of their occurrence.

Words and expressions defined in the section entitled "TERMS AND CONDITIONS OF THE NOTES" herein shall have the same meanings in this section.

1. RISKS RELATING TO THE ISSUER AND ITS OPERATIONS

For details on the risk factors relating to the Issuer and La Banque Postale Group refer to pages 89 to 97 of the 2019 Universal Registration Document (as defined in section "Information Incorporated by Reference") which is incorporated by reference into this Base Prospectus.

2. RISKS RELATING TO THE NOTES

2.1 Risks for the Noteholders as creditors of the Issuer

(a) Risks related to the legal framework applicable to the Issuer

The implementation in France of the EU Bank Recovery and Resolution Directive could materially affect the Notes

Directive 2014/59/EU provides for the establishment of an EU-wide framework for the recovery and resolution of credit institutions and investment firms, as amended by Directive (EU) 2019/879 of the European Parliament and of the Council of 20 May 2019 (the "**Bank Recovery and Resolution Directive**" or "**BRRD**"), implemented in France by several legislative texts, to provide authorities with a credible set of tools to intervene sufficiently early and quickly in an unsound or failing relevant entity.

If the Issuer is determined to be failing or likely to fail within the meaning of, and under the conditions set by BRRD, and the relevant resolution authority applies any, or a combination, of the BRRD resolution tools (e.g. sale of business, creation of a bridge institution, asset separation or bail-in), any shortfall from the sale of the Issuer's assets may lead to a partial reduction in the outstanding amounts of certain claims of unsecured creditors of that entity

(including, as the case may be, the Notes), or, in a worst case scenario, a reduction to zero. The unsecured debt claims of the Issuer (including, as the case may be, the Notes) might also be converted into equity or other instruments of ownership, in accordance with the hierarchy of claims in normal insolvency proceedings, which equity or other instruments could also be subject to any future cancellation, transfer or dilution (such reduction or cancellation being first on common equity tier one instruments, thereafter the reduction, cancellation or conversion being on additional tier one instruments, then tier two instruments (including, as the case may be, the Subordinated Notes) and other subordinated debts, then other eligible liabilities (including, as the case may be, certain Senior Notes)). The relevant resolution authority may also seek to amend the terms (such as variation of the maturity) of any outstanding unsecured debt securities (including, as the case may be, the Notes) (as further described in Condition 15 (*Recognition of Bail-in*)).

Public financial support to resolve the Issuer where there is a risk of failure will only be used as a last resort, after having assessed and exploited the above resolution tools, including the bail-in tool, to the maximum extent possible whilst maintaining financial stability.

The exercise of any power under the BRRD or any suggestion of such exercise could materially adversely affect the rights of the Noteholders, the price or value of their investment in the Notes and/or the ability of the Issuer to satisfy its obligations under the Notes. As a result, Noteholders could lose all or a substantial part of their investment in the Notes.

The Subordinated Notes may be subject to mandatory write-down or conversion to equity

Capital instruments may be written down or converted into shares or other instruments of ownership either in connection with a resolution proceeding, or in certain other cases without or prior to a resolution proceeding. The relevant resolution authority has the powers to write-down capital instruments, or convert them into shares or other instruments of ownership at the "point of non-viability" of the Issuer. Capital instruments for these purposes include common equity tier 1, additional tier 1 and tier 2 instruments, such as the Subordinated Notes.

The exercise of write-down/conversion powers by the Relevant Resolution Authority independently of a resolution proceeding or combined with a resolution measure with respect to capital instruments (including subordinated debt instruments such as the Subordinated Notes) could result in the full (i.e., to zero) or partial write-down or conversion of the Subordinated Notes into ordinary shares or other instruments of ownership.

In addition, where the Issuer's financial condition deteriorates, the existence or the actual exercise of write-down/conversion powers by the relevant resolution authority (together with the existence or the actual exercise of the general bail-in tool and the other resolution measures) could cause the market price or value of the Subordinated Notes to decline more rapidly than would be the case in the absence of such powers. As a result, Noteholders could lose all or a substantial part of their investment in the Subordinated Notes.

French Insolvency Law

As a *société anonyme* incorporated in France, French insolvency law applies to the Issuer. Under French insolvency law, holders of debt securities are automatically grouped into a single assembly of holders (the "**Assembly**") in order to defend their common interests if a preservation (*procédure de sauvegarde*), accelerated preservation (*procédure de sauvegarde accélérée*), accelerated financial preservation (*procédure de sauvegarde financière*

accélérée), or a judicial reorganisation procedure (*procédure de redressement judiciaire*) is opened in France with respect to the Issuer.

The Assembly comprises holders of all debt securities issued by the Issuer (including the Notes), whether or not under a debt issuance programme (such as a Euro Medium Term Notes programme) and regardless of their governing law.

The Assembly deliberates on the proposed safeguard (*projet de plan de sauvegarde*), draft accelerated preservation plan (*projet de plan de sauvegarde accélérée*), draft accelerated financial safeguard plan (*projet de plan de sauvegarde financière accélérée*) or draft judicial reorganisation plan (*projet de plan de redressement*) applicable to the Issuer and may further agree to:

- increase the liabilities (*charges*) of holders of debt securities (including the Noteholders) by rescheduling due payments and/or partially or totally writing off receivables in the form of debt securities;
- establish an unequal treatment between holders of debt securities (including the Noteholders) as appropriate under the circumstances; and/or
- decide to convert debt securities (including the Notes) into securities that give or may give right to share capital.

Decisions of the Assembly will be taken by a two-thirds majority (calculated as a proportion of the amount of debt securities held by the holders expressing a vote). No quorum is required to convoke the Assembly.

For the avoidance of doubt, the provisions relating to the Representation of the Noteholders described in the Terms and Conditions of the Notes set out in this Base Prospectus will not be applicable, to the extent they are not in compliance with compulsory insolvency law provisions that apply in these circumstances.

The procedures described above or as they will or may be amended, could have an adverse impact on Noteholders seeking repayment in the event that the Issuer or its subsidiaries were to become insolvent.

Any decisions taken by the Assembly could substantially impact the Noteholders and even cause them to lose all or part of their investment, should they not be able to recover amounts due to them from the Issuer.

(b) Risks related to the terms and conditions of the Notes

There may be limited or no event of default under the Notes

The terms and conditions of the Senior Preferred Notes provide for events of default allowing for the acceleration of the Senior Preferred Notes if certain events occur. However, the applicable Final Terms may provide that no events of default or some only, of such events of default are applicable. The terms and conditions of the Senior Non Preferred Notes and the terms and conditions of the Subordinated Notes do not provide for events of default. Accordingly, if there is limited or no event of default, Noteholders will, in such cases, not be able to accelerate the payment of principal if the Issuer fails to meet any obligations under such Notes, including the payment of any interest. Upon a payment default, the sole remedy available to Noteholders will be the institution of proceedings to enforce such payment, which could be time-consuming and costly. This could result in significant delays in the payment of

interest or principal and could have an adverse impact on the Noteholders seeking repayment. As a result, Noteholders could lose all or part of their investment in the Notes.

However, if any judgment were issued for the judicial liquidation (*liquidation judiciaire*) of the Issuer or if the Issuer were liquidated for any other reason, then the Notes would become immediately due and payable.

Please refer to the risk factor “*French Insolvency Law*” for a description of the insolvency procedures under French law.

Modification and waivers

Condition 11 of the Terms and Conditions of the Notes contains provisions for calling General Meetings of Noteholders or taking Written Decisions to consider matters affecting their interests generally. These provisions permit defined majorities to bind all Noteholders including Noteholders who did not attend or vote at the relevant General Meeting or did not consent to the Written Decision and Noteholders who voted in a manner contrary to the majority. Noteholders may through Collective Decisions deliberate on proposals relating to the modification of the terms and conditions of the Notes subject to the limitations provided by French law. If a decision is adopted by a majority of Noteholders and such modifications were to impair or limit the rights of the Noteholders, this may have a negative impact on the market value of the Notes.

The terms of certain Senior Notes and Subordinated Notes contain no negative pledge, and the Issuer is not prohibited from incurring additional debt

There is no negative pledge in respect of Senior Notes (except with respect to Senior Preferred Notes for which "Prior approval of the Relevant Regulator" is specified as not applicable in the applicable Final Terms) and Subordinated Notes and the Terms and Conditions of the Notes place no restrictions on the incurrence by the Issuer of additional obligations that rank *pari passu* with, or senior to, the Notes. In addition, the Issuer may pledge assets to secure other notes or debt instruments without granting an equivalent pledge or security interest and status to the Senior Notes (except with respect to Senior Preferred Notes for which "Prior approval of the Relevant Regulator" is specified as not applicable in the applicable Final Terms) and Subordinated Notes. Such pledge or security interest will not be granted to Noteholders.

Noteholders should be aware of this differentiating component as compared to most senior bonds because of the nature of the Notes and that they will not benefit from protection that would secure the ranking of the Notes.

The Notes may be issued with a specific use of proceeds

The net proceeds of the issuance of Notes may be applied to refinance finance and/or re-finance, in whole or in part, new or existing projects included in the Eligible Loan Portfolio, as defined in the "USE OF PROCEEDS" section this Base Prospectus, as completed or specified in the relevant Final Terms.

Since there is currently no clear definition (legal, regulatory or otherwise) of, nor market consensus as to what constitutes, a “green”, “social” or “sustainable” or an equivalently-labelled project, no assurance is or can be given to Noteholders that any project included in the Eligible Loan Portfolio will meet any or all investor expectations regarding such “green”, “social”, “sustainable” or other equivalently-labelled performance objectives or that any

adverse environmental, social and/or other impacts will not occur during the implementation of any project included in the Eligible Loan Portfolio.

While it is the intention of the Issuer to apply the proceeds of any Themed Notes in, or substantially in, the manner described in the “Use of Proceeds” section of this Base Prospectus as completed or specified in the relevant Final Terms, there can be no assurance that the projects included in the Eligible Loan Portfolio will be capable of being implemented in or substantially in such manner and/or in accordance with any timing schedule and that accordingly such proceeds will be totally or partially disbursed for the projects included in the Eligible Loan Portfolio. Nor can there be any assurance that the projects included in the Eligible Loan Portfolio will be completed within any specified period or at all or with the results or outcome (whether or not related to the environment, social or sustainability aspect) as originally expected or anticipated by the Issuer. Any such event or failure by the Issuer will not constitute an Event of Default under the Themed Notes.

Any failure to use the net proceeds from such Notes on projects included in the Eligible Loan Portfolio or to meet or continue to meet the investment requirements of certain environmentally, socially or sustainably focused investors with respect to such Notes may affect the value of the Notes and/or may have consequences for certain investors with portfolio mandates to invest in green, social and/or sustainable assets and consequently, Noteholders could be adversely affected.

2.2 Risks related to a particular issue of Notes

The Terms and Conditions of the Notes allow for different types of Notes to be issued. Accordingly, each Tranche of Notes may carry varying risks for Noteholders depending on the specific features of such Notes such as, *inter alia*, the provisions for computation of periodic interest payments, if any, redemption and issue price.

(a) Early Redemption Risks

Redemption at the option of the Issuer

In accordance with Condition 6(c) of the Terms and Conditions of the Notes (*Redemption at the Option of the Issuer and Partial Redemption*), the Final Terms for a particular issue of Notes may provide for early redemption at the option of the Issuer.

Noteholders should note in particular that the Issuer may, (i) in the case of Subordinated Notes (subject to the prior approval of the Relevant Regulator), redeem a Series of Subordinated Notes in whole, but not in part, at their principal amount, together with all interest accrued to the date fixed for redemption upon the occurrence of a Capital Event, a Withholding Tax Event, a Tax Deduction Event, a Gross-Up Event or on the Optional Redemption Date (Call Option) and (ii) in the case of (a) Senior Preferred Notes, if "Prior approval of the Relevant Regulator" is specified as applicable in the applicable Final Terms, (subject to the prior written consent of the Relevant Regulator, to the extent required at such date) and (b) Senior Non Preferred Notes (subject to the prior approval of the Relevant Regulator, to the extent required at such date), redeem a Series of Senior Preferred Notes or Senior Non Preferred Notes, as the case may be, in whole, but not in part, at their principal amount, together with all interest accrued to the date fixed for redemption upon the occurrence of a Withholding Tax Event, a Gross-Up Event, on the Optional Redemption Date (Call Option) or (only for Senior Non Preferred Notes or Senior Preferred Notes (if "Prior approval of the Relevant Regulator" is specified as applicable in the applicable Final Terms)) if a MREL/TLAC Disqualification Event has occurred and is continuing.

If the Issuer exercises its right to redeem any Notes, this may limit the market value of the Notes concerned. During any period when the Issuer may elect to redeem Notes, the market value of those Notes generally will not rise substantially above the price at which they can be redeemed and a Noteholder may not be able to reinvest the redemption proceeds in a manner which achieves a similar effective return. This may also be true prior to any redemption period, or during any period where there is an actual or perceived increased likelihood that the Notes may be redeemed (including where there are circumstances giving rise to a right to redeem for tax or regulatory reasons).

As a consequence of an early redemption, the yields received upon redemption may be lower than expected, and the redemption amount of the Notes may be lower than the purchase price for the Notes paid by the Noteholder. The Noteholder may thus not receive the total amount of the capital invested. In addition, Noteholders that choose to reinvest monies they receive through an early redemption may be able to do so only in securities with a lower yield than the redeemed Notes. Should the Notes at such time be trading well above the price set for redemption, the negative impact on the Noteholders' anticipated returns would be significant.

The Issuer is not required to redeem the Notes in the case of a Gross-Up Event

There is uncertainty as to whether gross-up obligations in general, including those under the terms and conditions of the Notes, are enforceable under French law. If any payment obligations under the Notes, including the obligations to pay additional amounts under Condition 8, are held illegal or unenforceable under French law, the Issuer will have the right, but not the obligation, to redeem the Notes. Accordingly, if the Issuer does not redeem the Notes upon the occurrence of a Gross-Up Event as defined in the Terms and Condition of the Notes, holders of Notes may receive less than the full amount due, and the market value of such Notes will be adversely affected. As a result, Noteholders could lose part of their investment in the Notes.

Redemption at the option of the Noteholders

In accordance with Condition 6(d) of the Terms and Conditions of the Notes (*Redemption at the Option of the Noteholders*), the Final Terms for a particular issue of Notes may provide for early redemption at the option of the Noteholders. Exercise of the Put Option in respect of certain Notes may affect the liquidity of the Notes of the same Series in respect of which such option is not exercised. Depending on the number of Notes of the same Series in respect of which the Put Option provided in the relevant Final Terms is exercised, any trading market in respect of those Notes in respect of which such option is not exercised may become illiquid, which shall in turn adversely impact those Noteholders.

(b) Risks related to the status and eligibility of the Notes

Subordinated Notes are subordinated obligations and are junior to certain obligations

The Issuer's obligations under the Subordinated Notes are unconditional, unsecured and subordinated and will rank junior to unsubordinated creditors (including depositors) of the Issuer, and, as the case may be, to senior creditors and creditors holding subordinated claims that rank or are expressed to rank senior to the Subordinated Notes (including the Senior Preferred Notes and the Senior Non-Preferred Notes), as more fully described in Condition 3 (*Status of the Notes*) the Terms and Conditions of the Notes.

If any judgment is rendered by any competent court declaring the judicial liquidation (*liquidation judiciaire*) of the Issuer or if the Issuer is liquidated for any other reason, the rights of payment of the holders of the Subordinated Notes will be subordinated to the

payment in full of unsubordinated creditors (including depositors) and, as the case may be, any other creditors that are senior to the holders of the Subordinated Notes. In the event of incomplete payment of unsubordinated creditors and any other creditors that are senior to the holders of Subordinated Notes upon the liquidation of the Issuer, the obligations of the Issuer in connection with the Subordinated Notes will be terminated by operation of law.

Although the Subordinated Notes may pay a higher rate of interest than comparable notes which are not subordinated, there is a substantial risk that investors in subordinated notes such as the Subordinated Notes will lose all or a significant part of their investment should the Issuer become insolvent.

The Senior Non Preferred Notes are senior non preferred obligations and are junior to certain obligations

Senior Non Preferred Notes will be subordinated to existing senior debt and Senior Preferred Notes and bailed in before such senior debt in the event of resolution under the BRRD. As a result, the non-performance risk on the Senior Non Preferred Notes will be higher than the risk associated with preferred senior debt (such as Senior Preferred Notes) and other senior liabilities (such as wholesale deposits).

Although Senior Non Preferred Notes may pay a higher rate of interest than comparable Senior Preferred Notes, there is a greater risk that an investor in Senior Non Preferred Notes will lose all or some of its investment should the Issuer become (i) subject to resolution under the BRRD and the Senior Non Preferred Notes become subject to the application of the general bail-in tool (as defined below) or (ii) insolvent. Thus, such holders of Senior Non Preferred Notes face an increased performance risk compared to holders of Senior Preferred Notes and could lose all or a significant part of their investments if the Issuer were to enter into resolution or judicial liquidation proceedings (*liquidation judiciaire*).

The qualification of the Senior Notes (except with respect to Senior Preferred Notes for which "Prior approval of the Relevant Regulator" is specified as not applicable in the applicable Final Terms) as MREL/TLAC-Eligible Instruments is subject to uncertainty

The Senior Non Preferred Notes, and Senior Preferred Notes, if "Prior approval of the Relevant Regulator" is specified as "Applicable" in the applicable Final Terms, are intended to be eligible liabilities available to meet the MREL/TLAC Requirements (as defined in Condition 6(m) of the Terms and Conditions of the Notes) (the "**MREL/TLAC-Eligible Instruments**").

Because of the uncertainty surrounding the interaction between TLAC and MREL, the Issuer cannot provide any assurance that the Senior Notes will ultimately be MREL/TLAC-Eligible Instruments. If they are not MREL/TLAC-Eligible Instruments (or if they initially are MREL/TLAC-Eligible Instruments and subsequently become ineligible due to a change in Applicable MREL/TLAC Regulations), then an MREL/TLAC Disqualification Event will occur, with the consequences indicated in the risk factor entitled "*Early Redemption at the option of the Issuer*" and as a result, investors may lose part of or their entire investment.

(c) Interest Rate Risks

Fixed Rate Notes

Condition 5(b)(i) of the Terms and Conditions of the Notes allows for Fixed Rate Notes to be issued. Investment in Notes which bear interest at a fixed rate involves the risk that subsequent changes in market interest rates may adversely affect the value of the relevant

Tranche of Notes. While the nominal interest rate of the Fixed Rate Notes is fixed during the term of such Notes, the current interest rate on the capital markets ("**market interest rate**") typically varies on a daily basis. As the market interest rate changes, the market value of the Fixed Rate Notes would typically change in the opposite direction. If the market interest rate increases, the market value of the Fixed Rate Notes would typically fall, until the yield of such Notes is approximately equal to the market interest rate. If the market interest rate falls, the market value of the Notes would typically increase, until the yield of such Notes is approximately equal to the market interest rate. The degree to which the market interest rate may vary presents a significant risk to the market value of the Fixed Rate Notes if a Noteholder were to dispose of such Notes.

Floating Rate Notes

Condition 5(c) of the Terms and Conditions of the Notes allows for Floating Rate Notes to be issued. A key difference between Floating Rate Notes and Fixed Rate Notes is that interest income on Floating Rate Notes cannot be anticipated. Due to varying interest income, investors are not able to determine a definite yield of Floating Rate Notes at the time they purchase them, so that their return on investment cannot be compared with that of investments having longer fixed interest periods. If the relevant Final Terms provide for frequent interest payment dates, investors are exposed to the reinvestment risk if market interest rates decline. That is, investors may reinvest the interest income paid to them only at the relevant lower interest rates then prevailing. In addition, the Issuer's ability to issue Fixed Rate Notes may affect the market value and secondary market (if any) of the Floating Rate Notes (and *vice versa*).

The degree to which the reference rates may vary is uncertain. The interest amount payable on any Interest Payment Date may be different from the amount payable on the initial or previous Interest Payment Date and may negatively impact the return under the Floating Rate Notes and result in a reduced market value of the Notes if a Noteholder were to dispose of such Notes.

Risks related to the regulation and reform of "benchmarks"

In accordance with the provisions of Condition 5 of the Terms and Condition of the Notes, the Rate of Interest in respect of the Floating Rate Notes may be determined by reference to Reference Rates that constitute "benchmarks" for the purposes of Regulation (EU) 2016/1011 (the "**Benchmarks Regulation**") published in the Official Journal of the EU on 29 June 2016 and applicable since 1 January 2018.

Interest rates and indices which are deemed to be "benchmarks" (including EURIBOR, LIBOR, EONIA or CMS Rate) are the subject of recent national and international regulatory guidance and proposals for reform. Some of these reforms are already effective whilst others are still to be implemented. These reforms may cause such benchmarks to perform differently than in the past, to disappear entirely, to be subject to revised calculation methods, or have other consequences which cannot be predicted. Any such consequence could have a material adverse effect on any Notes linked to or referencing such a "benchmark".

The Benchmarks Regulation applies to the provision of benchmarks, the contribution of input data to a benchmark and the use of a benchmark within the EEA or the UK. Notwithstanding the provisions of Condition 5(d) (*Benchmark discontinuation*) of the Terms and Conditions of the Notes, which seek to mitigate any adverse effects for the Noteholders, the Benchmarks Regulation could have a material impact on any Notes linked to or referencing a "benchmark", in particular:

- an index that is a "benchmark" may not be permitted to be used by a supervised entity (including the Issuer) in certain ways if its administrator does not obtain authorisation or registration or, if based in a non-EU jurisdiction, the administrator is not recognised as equivalent or recognised or endorsed and the transitional provisions do not apply; and
- if the methodology or other terms of the "benchmark" could be changed in order to comply with the requirements of the Benchmarks Regulation. Such changes could, among other things, have the effect of reducing or increasing the rate or level or otherwise affecting the volatility of the published rate or level of the "benchmark" and as a consequence, Noteholders could lose part of their investment or receive less income than would have been the case without such change.

More broadly, any of the international or national reforms, or the general increased regulatory scrutiny of "benchmarks", could increase the costs and risks of administering or otherwise participating in the setting of a "benchmark" and complying with any such regulations or requirements.

Such factors may have the following effects on certain "benchmarks" (including EURIBOR, LIBOR, EONIA and CMS Rate): (i) discourage market participants from continuing to administer or contribute to the "benchmark"; (ii) trigger changes in the rules or methodologies used in the "benchmark" or (iii) lead to the disappearance of the "benchmark".

Any of the above changes or any other consequential changes as a result of international or national reforms or other initiatives or investigations, could have a material adverse effect on the value of and return on any Notes linked to or referencing a "benchmark".

Investors should be aware that, if a benchmark were discontinued or otherwise unavailable, the rate of interest on Notes which are linked to or which reference such benchmark will be determined for the relevant period by the fall-back provisions applicable to such Notes - please refer to the risk factor entitled "*The occurrence of a Benchmark Event could have a material adverse effect on the value of and return on any such Notes linked to or referencing such "benchmarks"*" below). Depending on the manner in which a benchmark rate is to be determined under the Terms and Conditions, this may (i) if ISDA Determination or FBF Determination applies, be reliant upon the provision by reference banks of offered quotations for the benchmark rate which, depending on market circumstances, may not be available at the relevant time or (ii) if Screen Rate Determination applies, result in the effective application of a fixed rate based on the rate which applied in the previous period when the benchmark was available. Any of the foregoing could have an adverse effect on the value or liquidity of, and return on, any Notes linked to or referencing a "benchmark".

Investors should consult their own independent advisers and make their own assessment about the potential risks imposed by the Benchmarks Regulation reforms in making any investment decision with respect to any Floating Rate Notes linked to or referencing a Benchmark.

Regulation (EU) 2019/2089 of the European Parliament and of the Council of 27 November 2019 has amended the existing provisions of the Benchmarks Regulation by extending the transitional provisions applicable to material benchmarks and third-country benchmarks until the end of 2021.

The occurrence of a Benchmark Event could have a material adverse effect on the value of and return on any such Notes linked to or referencing such "benchmarks"

Condition 5(d) (*Benchmark discontinuation*) of the Terms and Conditions of the Notes provides for certain fallback arrangements in the event that a Benchmark Event occurs, including if an inter-bank offered rate (such as LIBOR or EURIBOR) or other relevant reference rate (which could include, without limitation, any mid-swap rate, but shall except €STR, SOFR and SONIA), and/or any page on which such benchmark may be published, becomes unavailable, or if the Issuer, the Calculation Agent, any Paying Agent or any other party responsible for the calculation of the Rate of Interest (as specified in the applicable Final Terms) are no longer permitted lawfully to calculate interest on any Notes by reference to such benchmark under the Benchmarks Regulation or otherwise.

Such fallback arrangements include the possibility that the rate of interest could be set by reference to a Successor Rate or an Alternative Rate (both as defined in Condition 5(d) of the Terms and Conditions of the Notes), with or without the application of an adjustment spread (which, if applied, could be positive or negative, and would be applied with a view to reducing or eliminating, to the fullest extent reasonably practicable in the circumstances, any economic prejudice or benefit (as applicable) to investors arising out of the replacement of the relevant benchmark), and may include amendments to the Terms and Conditions of the Notes to ensure the proper operation of the successor or replacement benchmark, all as determined by the Independent Adviser and without the consent of the Noteholders.

In certain circumstances, including where (a) no Successor Rate or Alternative Rate (as applicable) is determined or (b) even if a Successor Rate or Alternative Rate (as applicable) is determined by the Independent Adviser, no Successor Rate or Alternative Rate (as applicable) is adopted if and to the extent that, in the sole determination of the Issuer, the same would result in (x) (in the case of Senior Notes (except with respect to Senior Preferred Notes for which "Prior approval of the Relevant Regulator" is specified as "Not Applicable" in the applicable Final Terms)) an MREL/TLAC Disqualification Event or (y) the Relevant Regulator treating the next Interest Payment Date as the effective maturity of the Notes, rather than the relevant Maturity Date (if, for example, the switch to the Successor Rate or Alternative Rate (as applicable) would create an incentive to redeem the relevant Notes that would be inconsistent with the relevant requirements necessary to maintain the regulatory status of the Notes) or (z) (in the case of Subordinated Notes only) a Capital Event or (c) due to the uncertainty concerning the availability of Successor Rates and Alternative Rates and the involvement of an Independent Adviser, the relevant fallback provisions may not operate as intended at the relevant time, in all these circumstances set out in (a) to (c) above, other fallback rules might apply if the benchmark is discontinued or otherwise unavailable, which consist in the rate of interest for the last preceding Interest Period or Reset Period (as applicable) to be used for the following Interest Period(s) or Reset Period(s) (as applicable), as set out in the risk factor above entitled "*Risks related to the regulation and reform of "benchmarks"*". This may result in the effective application of a fixed rate for Floating Rate Notes or Resetable Notes (as applicable). Noteholders might incur costs from unwinding hedges. Moreover, in a rising interest rate environment, Noteholders will not benefit from any increase in rates. Any such consequences could have a material adverse effect on the value of and return on any Notes and as a consequence, Noteholders may lose part of their investment.

Moreover, any of the above matters or any other significant change to the setting or existence of any relevant rate could affect the ability of the Issuer to meet its obligations under the Floating Rate Notes or Resetable Notes or could have a material adverse effect on the value or liquidity of, and the amount payable under, the Floating Rate Notes or Resetable Notes. Investors should note that, the Independent Adviser will have discretion to adjust the relevant Successor Rate or Alternative Rate (as applicable) in the circumstances described above. Any

such adjustment could have unexpected commercial consequences and there can be no assurance that, due to the particular circumstances of each Noteholder, any such adjustment will be favourable to each Noteholder.

Investors should consider all of these matters when making their investment decision with respect to the relevant Floating Rate Notes or Resetable Notes.

Future discontinuance of LIBOR may adversely affect the value of Floating Rate Notes or Resetable Notes

On 27 July 2017, the Chief Executive of the United Kingdom Financial Conduct Authority, which regulates LIBOR, announced that it does not intend to continue to persuade, or use its powers to compel, panel banks to submit rates for the calculation of LIBOR to the administrator of LIBOR after 2021. Therefore, the continuation of LIBOR in its current form (or at all) after 2021 cannot be guaranteed. It is not possible to predict whether, and to what extent, panel banks will continue to provide LIBOR submissions to the administrator of LIBOR in future. This may cause LIBOR to perform differently than it did in the past and may have other consequences which cannot be predicted.

Investors should be aware that, if LIBOR were discontinued or otherwise unavailable, the rate of interest on Floating Rate Notes or Resetable Notes which reference LIBOR will be determined for the relevant period by the fallback provisions applicable to such Notes. Depending on the manner in which the LIBOR rate is to be determined under the Terms and Conditions, this may (i) if ISDA Determination applies, be reliant upon the provision by reference banks of offered quotations for the LIBOR rate which, depending on market circumstances, may not be available at the relevant time or (ii) if Screen Rate Determination applies, result in the effective application of a fixed rate based on the rate which applied in the previous period when LIBOR was available. Any of the foregoing could have an adverse effect on the value or liquidity of, and return on, any Floating Rate Notes or Resetable Notes which reference LIBOR.

The market continues to develop in relation to SONIA as reference rates for Floating Rate Notes

Currently, the market continues to develop in relation to the adoption of the Sterling Overnight Index Average ("**SONIA**") as an alternative reference rate to LIBOR. Investors should be aware that the market may adopt an application of SONIA that differs significantly from the provisions set out in the Terms and Conditions of the Notes (see Condition 5(c) (*Interest on Floating Rate Notes and Inflation Linked Notes*)) and used in relation to Notes with a floating rate of interest that reference a SONIA rate. Interest on Notes which reference a SONIA rate is only capable of being determined at the end of the relevant interest period and immediately prior to the relevant Interest Payment Date and it could be difficult for investors to estimate in advance the interest amount which will be payable on such Notes.

The use of Secured Overnight Financing Rate (SOFR) as a reference rate is subject to important limitations

The rate of interest on the Notes may be calculated on the basis of SOFR, (as further described under Condition 5(c) (*Interest on Floating Rate Notes and Inflation Linked Notes*)) of the Terms and Conditions of the Notes).

In June 2017, the New York Federal Reserve's Alternative Reference Rates Committee (the "**ARRC**") announced SOFR as its recommended alternative to U.S. dollar LIBOR. However, the composition and characteristics of SOFR are not the same as those of LIBOR. SOFR is a

broad U.S. Treasury repo financing rate that represents overnight secured funding transactions. This means that SOFR is fundamentally different from LIBOR for two key reasons. First, SOFR is a secured rate, while LIBOR is an unsecured rate. Second, SOFR is an overnight rate, while LIBOR represents interbank funding over different maturities. As a result, there can be no assurance that SOFR will perform in the same way as LIBOR would have at any time, including, without limitation, as a result of changes in interest and yield rates in the market, market volatility or global or regional economic, financial, political, or regulatory events. For example, since publication of SOFR began in April 2018, daily changes in SOFR have, on occasion, been more volatile than daily changes in comparable benchmark or other market rates.

As SOFR is an overnight funding rate, interest on SOFR-based Notes with interest periods longer than overnight will be calculated on the basis of either the arithmetic mean of SOFR over the relevant interest period or compounding SOFR during the relevant interest period. As a consequence of this calculation method, the amount of interest payable on each interest payment date will only be known a short period of time prior to the relevant interest payment date. Noteholders therefore will not know in advance the interest amount which will be payable on such Notes.

Although the Federal Reserve Bank of New York has published historical indicative SOFR information going back to 2014, such prepublication of historical data inherently involves assumptions, estimates and approximations. Noteholders should not rely on any historical changes or trends in the SOFR as an indicator of future changes in the SOFR.

Also, since the SOFR is a relatively new market index, the Notes will likely have no established trading market when issued, and an established trading market may never develop or may not be very liquid. Market terms for debt securities indexed on SOFR, may evolve over time, and trading prices of the Notes may be lower than those of later-issued indexed debt securities as a result. Similarly, if the SOFR does not prove to be widely used in securities like the Notes, the trading price of the Notes may be lower than those of debt securities linked to indices that are more widely used. Noteholders may not be able to sell the Notes at all or may not be able to sell the Notes at prices that will provide them with a yield comparable to similar investments that have a developed secondary market and may consequently suffer from increased pricing volatility and market risk.

The Federal Reserve Bank of New York notes on its publication page for SOFR that use of the SOFR is subject to important limitations and disclaimers, including that the Federal Reserve Bank of New York may alter the methods of calculation, publication schedule, rate revision practices or availability of the SOFR at any time without notice. In addition, SOFR is published by the Federal Reserve Bank of New York based on data received from other sources. There can be no guarantee that the SOFR will not be discontinued or fundamentally altered in a manner that is materially adverse to the interests of the Noteholders. If the manner in which the SOFR is calculated is changed or if SOFR is discontinued, that change or discontinuance may result in a reduction or elimination of the amount of interest payable on the Notes and a reduction in the trading prices of the Notes which would have an adverse effect on the Noteholders who could lose part of their investment.

The market continues to develop in relation to risk free rates as reference rates for Floating Rate Notes

Condition 5(c) (*Interest on Floating Rate Notes and Inflation Linked Notes*) of the Terms and Conditions of the Notes allows Notes referencing the Euro short term rate ("€STR") to be issued. The market continues to develop in relation to risk free rates, such as €STR, as reference rate in the capital markets for euro bonds, and its adoption as alternative to the

relevant interbank offered rates. The market or a significant part thereof may adopt an application of risk free rates that differs significantly from that set out in the Terms and Conditions and used in relation to Floating Rate Notes that reference a risk free rate issued under this Base Prospectus.

The nascent development of the use of €STR as interest reference rate for bond markets, as well as continued development of €STR-based rates for such markets and of the market infrastructure for adopting such rates, could result in reduced liquidity or increased volatility or could otherwise affect the market price of the Notes. Interest on Notes which reference a risk free rate is only capable of being determined shortly prior to the relevant Interest Payment Date.

In addition, as €STR is published by the European Central Bank, the Issuer has no control over its determination, calculation or publication. There can be no guarantee that €STR will not be discontinued or fundamentally altered in a manner that is materially adverse to the interests of Noteholders.

The mismatch between the adoption of such reference rates in the bond, loan and derivatives markets may impact any hedging or other financial arrangements which they may put in place in connection with any acquisition, holding or disposal of any Notes.

To the extent the €STR reference rate is discontinued or is no longer published as described in the Terms and Conditions, the applicable rate to be used to calculate the Rate of Interest on the Notes will be determined using the alternative methods described in Condition 5(c) (*Interest on Floating Rate Notes and Inflation Linked Notes*) of the Terms and Conditions of the Notes. Such methods may result in interest payments that are lower than, or do not otherwise correlate over time with, the payment that would have been made on the Notes if the €STR reference rate had been provided by the European Central Bank in its current form. Accordingly, an investment in any such Floating Rate Notes may entail significant risks not associated with similar investments in convention debt securities.

Resetable Notes

In the case of any Series of Resetable Notes, the rate of interest on such Resetable Notes will be reset by reference to the then prevailing Mid-Swap Rate, as adjusted for any applicable margin, on the reset dates specified in the relevant Final Terms. This is more particularly described in Condition 5(b)(ii) of the Terms and Conditions of the Notes (*Interest on Resetable Notes*). The reset of the rate of interest in accordance with such provisions may affect the secondary market for and the market value of such Resetable Notes. Following any such reset of the rate of interest applicable to the Notes, the First Reset Rate of Interest or the Subsequent Reset Rate of Interest on the relevant Resetable Notes may be lower than the Initial Rate of Interest, the First Reset Rate of Interest and/or any previous Subsequent Reset Rate of Interest. A holder of Resetable Notes is exposed to the risk of fluctuating interest rate levels and uncertain interest income.

Risk related to Fixed Rate to Variable Formula Notes

Pursuant to Condition 5(f) of the Terms and Conditions of the Notes, interest can be determined in accordance with a formula. Fixed Rate to Variable Formula Notes initially bear interest at a fixed rate; conversion from a fixed rate to a variable rate then takes place following the occurrence of a Trigger Event, either automatically or at the option of the Issuer, as specified in the applicable Final Terms. The conversion of the interest rate will affect the secondary market and the market value of such Notes since the conversion may lead to a lower overall cost of borrowing. If a fixed rate is converted to a variable rate, the spread

on the Fixed Rate to Variable Formula Notes may be less favourable than then prevailing spreads on comparable variable rate Notes tied to the same reference rate. In addition, the new variable rate at any time may be lower than the rates on other Notes and any such volatility may have a significant adverse effect on the market value of the Notes. Investors should refer to the risk factors relating to Floating Rate Notes.

Variable Rate to Fixed Formula Notes may have a lower new fixed rate

Pursuant to Condition 5(f) of the Terms and Conditions of the Notes, interest can be determined in accordance with a formula. Variable Rate to Fixed Formula Notes initially bear interest at a variable rate; conversion from a variable rate to a fixed rate then takes place following the occurrence of a Trigger Event, either automatically or at the option of the Issuer, as specified in the applicable Final Terms. The new fixed rate may be lower than the then prevailing rates on other Notes. Investors should refer to the risk factors relating to Fixed Rate Notes.

Zero Coupon Notes are subject to higher price fluctuations than non-discounted notes.

Condition 5(e) of the Terms and Conditions of the Notes allows for Zero Coupon Notes to be issued. Changes in market interest rates generally have a substantially stronger impact on the prices of Zero Coupon Notes than on the prices of ordinary notes because the discounted issue prices are substantially below par. If market interest rates increase, Zero Coupon Notes can suffer higher price losses than other notes having the same maturity and credit rating. Therefore, in similar market conditions, the holders of Zero Coupon Notes could be subject to higher losses on their investments than the holders of other instruments such as Fixed Rate Notes or Floating Rate Notes. Any such volatility may have a significant adverse effect on the market value of the Notes.

Inflation Linked Notes and Notes linked to formulas contained in the Technical Annex with a multiplier or other leverage factor can be particularly volatile investments

Inflation Linked Notes and Notes linked to formulas contained in the Technical Annex can be volatile investments. If they are structured to include multipliers or other leverage factors, or caps or floors, or any combination of those features, their market values may be even more volatile than those for securities that do not include those features, and such volatility may have a significant adverse effect on the market value of the Notes.

Additional factors relating to Inflation Linked Notes

Condition 5(c)(v) of the Terms and Conditions of the Notes allows for Inflation Linked Notes to be issued. The Issuer may issue Notes with principal or interest determined by reference to the rate of inflation in a country or in the European Monetary Union ("**Inflation Linked Notes**"), where interest amounts and/or principal are dependent upon the performance of an inflation index, which will be one of (i) the consumer price index (excluding tobacco) for all households in France or the relevant substitute index, as calculated and published monthly by the *Institut National de la Statistique et des Etudes Economiques* ("**INSEE**") (the "**CPI**"), or (ii) the harmonised index of consumer prices (excluding tobacco), or the relevant substitute index, measuring the rate of inflation in the European Monetary Union as calculated and published monthly by Eurostat (the "**HICP**").

Neither the current nor the historical levels of any of the inflation indices should be taken as an indication of future performance of such index during the term of any Inflation Linked Notes. Noteholders are exposed to the risk that changes in the levels of the Inflation Index

may adversely affect the value of Inflation Linked Interest Notes and as a result, Noteholders could lose part of their investment.

Index Linked Notes

Condition 5(g) of the Terms and Conditions of the Notes allows for Index Linked Notes to be issued. The Issuer may therefore issue Notes where the amount of principal and/or interest payable are dependent upon the level of an index or indices, or upon a formula encompassing a combination of a number of components, which can be indices, baskets of indices, a percentage or an interest rate.

Potential investors in any such Notes should be aware that depending on the terms of the Index Linked Notes (i) they may receive no or a limited amount of interest, (ii) payment of principal or interest may occur at a different time than expected and (iii) they may lose all or a substantial portion of their investment. In addition, the movements in the level of the index or indices or any component of the formula may be subject to significant fluctuations that may not correlate with changes in interest rates, currencies or other indices or similar components and the timing of changes in the relevant level of the index or indices or the components of the formula may affect the actual yield to investors, even if the average level is consistent with their expectations. In general, the earlier the change in the level of an index or result of a formula, the greater the effect on yield.

If the amount of principal and/or interest payable are determined in conjunction with a multiplier greater than one or by reference to some other leverage factor, the effect of changes in the level of the index or the indices or the components of the formula on principal or interest payable will be magnified.

The market price of such Notes may be volatile and may depend on the time remaining to the redemption date and the volatility of the level of the index or indices or of any component of the formula. The level of the index, indices, components or the formula may be affected by the economic, financial and political events in one or more jurisdictions, including but not limited to the stock exchange(s) or quotation system(s) on which any securities comprising the index, indices or the formula may be traded. Holders of such Notes are exposed to the risk that changes in the levels of the index or indices or of any component of the formula may adversely affect the value of Index Linked Notes and as a result, could lose part of their investment.

Monetisation

If the provisions relating to Monetisation apply, a Monetisation Amount shall be paid to Noteholders in place of the Final Redemption Amount or the Interest Amount initially scheduled to be paid. The Monetisation Formula which is used to determine the Monetisation Amount in application of the provisions relating to Monetisation is not known at the time of the subscription of Notes by Noteholders and will be determined by the Calculation Agent on the Monetisation Date. Consequently, Noteholders are exposed to the risks relating to uncertainty about the Monetisation Formula which is used to determine the Monetisation Amount. In return of the Monetisation, Noteholders shall not benefit from an increase in value of the underlying which could occur as a result of such Monetisation.

2.3 Risks related to the market of the Notes

Market Value of the Notes

Application may be made to list and admit any Tranche of Notes issued hereunder to trading on Euronext Paris and/or on any other Regulated Market, as it shall be specified in the relevant Final Terms. Therefore, the market value of the Notes will be affected by the creditworthiness of the Issuer and a number of additional factors, including market interest and yield rates and the time remaining to the maturity date.

The value of the Notes depends on a number of interrelated factors, including economic, financial and political events in France or elsewhere, and including also factors affecting capital markets generally and Euronext Paris and/or any other Regulated Market or stock exchanges on which the Notes are traded. The price at which a Noteholder will be able to sell the Notes prior to maturity may be at a discount, which could be substantial, from the issue price or the purchase price paid by such Noteholder. Accordingly, all or part of the capital invested by the Noteholder may be lost upon any transfer of the Notes, so that the Noteholder in such case would receive significantly less than the total amount of capital invested.

An active trading market for the Notes may not develop

Notes issued under the Programme will be new securities which may not be widely distributed and for which there may be no active trading market (unless in the case of any particular Tranche, such Tranche is to be consolidated with and form a single series with a Tranche of Notes which is already in issue). If the Notes are traded after their initial issuance, they may trade at a discount to their initial offering price, depending upon prevailing interest rates, the market for similar securities, general economic conditions and the financial condition of the Issuer. Although particular series of Notes may specify in the relevant Final Terms that they are expected to be admitted to trading on Euronext Paris and/or any other Regulated Market in the EEA or the UK, there is no assurance that any particular Tranche of Notes will be so admitted or that an active trading market will develop. Accordingly, there is no assurance as to the development or liquidity of any trading market for any particular Tranche of Notes.

As a consequence, Noteholders may not be able to sell Notes readily or at prices that will enable them to realise their anticipated yield. This could have a material adverse impact on the Noteholders and as a result, Noteholders could lose part of their investment in the Notes.

RETAIL CASCADES

In the context of any offer of Notes in France that is not within an exemption from the requirement to publish a prospectus under the Prospectus Regulation (a "**Non-Exempt Offer**"), the Issuer consents to the use of the Base Prospectus and the relevant Final Terms (together, the "**Prospectus**") in connection with a Non-Exempt Offer of any Notes during the offer period specified in the relevant Final Terms (the "**Offer Period**") and in France by:

(1) any financial intermediary authorised to make such offers pursuant to the Markets in Financial Instruments Directive 2014/65/EU specified in the relevant Final Terms; or

(2) if so specified in the relevant Final Terms, any financial intermediary which satisfies the following conditions: (a) acts in accordance with all applicable laws, rules, regulations and recommendations of any applicable regulatory bodies (the "**Rules**"), from time to time including, without limitation and in each case, Rules relating to both the appropriateness or suitability of any investment in the Notes by any person and disclosure to any potential investor; (b) complies with the restrictions set out under "*Subscription and Sale*" in this Base Prospectus which would apply as if it were a Dealer and takes into account the relevant manufacturer's target market assessment and distribution channels identified under the "MiFID II product governance" legend set out in the relevant Final Terms; (c) ensures that any fee (and any commissions or benefits of any kind) received or paid by that financial intermediary in relation to the offer or sale of the Notes is fully and clearly disclosed to investors or potential investors; (d) holds all licences, consents, approvals and permits required in connection with solicitation of interest in, or offers or sales of, the Notes under the Rules; (e) retains investor identification records for at least the minimum period required under applicable Rules, and shall, if so requested, make such records available to the relevant Dealer(s) and the Issuer or directly to the appropriate authorities with jurisdiction over the Issuer and/or the relevant Dealer(s) in order to enable the Issuer and/or the relevant Dealer(s) to comply with the Rules relating to anti-money laundering, prevention of corruption and client identification applicable to the Issuer and/or the relevant Dealer(s); (f) does not, directly or indirectly, cause the Issuer or the relevant Dealer(s) to breach any Rule or any requirement to obtain or make any filing, authorisation or consent in any jurisdiction; and (g) satisfies any further conditions specified in the relevant Final Terms, (in each case an "**Authorised Offeror**"). For the avoidance of doubt, none of the Dealers or the Issuer shall have any obligation to ensure that an Authorised Offeror complies with applicable laws and regulations and shall therefore have no liability in this respect.

The Issuer accepts responsibility, in France, for the content of the Prospectus in relation to any person (an "**Investor**") in France to whom an offer of any Notes is made by any Authorised Offeror and where the offer is made during the period for which that consent is given. However, neither the Issuer nor any Dealer has any responsibility for any of the actions of any Authorised Offeror, including compliance by an Authorised Offeror with applicable conduct of business rules or other local regulatory requirements or other securities law requirements in relation to such offer.

The consent referred to above relates to Offer Periods (if any) occurring within 12 months from the date of the approval of this Base Prospectus by the AMF.

In the event the Final Terms designate financial intermediary(ies) to whom the Issuer has given its consent to use the Prospectus during an Offer Period, the Issuer may also give consent to additional Authorised Offerors after the date of the relevant Final Terms and, if it does so, it will publish any new information in relation to such Authorised Offerors who are unknown at the time of the approval of this Base Prospectus or the filing of the relevant Final Terms at www.labanquepostale.com.

If the Final Terms specify that any financial intermediary may use the Prospectus during the Offer Period, any such Authorised Officer is required, for the duration of the Offer Period, to

publish on its website a statement confirming that it is using the Prospectus for the relevant Non-Exempt Offer with the consent of the Issuer and in accordance with the conditions attached thereto.

Other than as set out above, neither the Issuer nor any of the Dealers has authorised the making of any Non-Exempt Offer by any person in any circumstances and such person is not permitted to use the Prospectus in connection with its offer of any Notes. Any such offers are not made on behalf of the Issuer or by any of the Dealers or Authorised Offerors and none of the Issuer or any of the Dealers or Authorised Offerors has any responsibility or liability for the actions of any person making such offers.

An investor intending to acquire or acquiring any Notes from an Authorised Offeror will do so, and offers and sales of the Notes to an investor by an Authorised Offeror will be made, in accordance with any terms and other arrangements in place between such Authorised Offeror and such investor including as to the price, allotment, settlement/delivery arrangements and any costs or taxes to be invoiced to the investor (the "Terms and Conditions of the Non-Exempt Offer"). The Issuer will not be a party to any such arrangements with investors (other than Dealers) in connection with the offer or sale of the Notes and, accordingly, the Base Prospectus and any Final Terms will not contain such information. The Terms and Conditions of the Non-Exempt Offer shall be provided to investors by that Authorised Offeror at the time of the Non-Exempt Offer. Neither the Issuer nor any of the Dealers or other Authorised Offerors has any responsibility or liability for such information or the consequences of its use by the relevant investors.

SUPPLEMENT TO THE BASE PROSPECTUS

If at any time during the duration of the Programme there is a significant new factor, material mistake or material inaccuracy relating to information contained in this Base Prospectus which may affect the assessment of any Notes and whose inclusion in or removal from this Base Prospectus is necessary for the purpose of allowing an investor to make an informed assessment of the assets and liabilities, financial position, profits and losses and prospects of the Issuer, the rights attaching to the Notes and the reason for the issuance and its impact on the Issuer, the Issuer shall be required to prepare a Supplement to the Base Prospectus pursuant to the provisions of Article 23 of the Prospectus Regulation and Article 18 of Commission Delegated Regulation (EU) 2019/979, or publish a replacement Base Prospectus for use in connection with any subsequent listing and admission to trading on a regulated market, submit such supplement to the Base Prospectus to the AMF for approval and supply each Dealer, Euronext Paris and the AMF with such number of copies of such supplement to the Base Prospectus as may reasonably be requested.

In accordance with and pursuant to Article 23.2 of the Prospectus Regulation, where the Notes are offered through a Non-Exempt Offer, investors who have already agreed to purchase or subscribe for Notes before any supplement is published have the right, exercisable within two working days after the publication of this supplement, to withdraw their acceptances, provided that the significant new factor, material mistake or material inaccuracy referred to in Article 23.1 of the Prospectus Regulation arose or was noted before the closing of the Non-Exempt Offer or the delivery of the Notes, whichever occurs first. That period may be extended by the Issuer or, if any, the relevant Authorised Offeror(s). The final date of the right of withdrawal shall be stated in the supplement.

TERMS AND CONDITIONS OF THE NOTES

The following is the text of the terms and conditions that, subject to completion in accordance with the provisions of the Additional Conditions applicable to Index Linked Notes, the Technical Annex and Part 1 of the relevant Final Terms, shall be applicable to the Notes. In the case of Dematerialised Notes, the text of the terms and conditions will not be endorsed on physical documents of title but will be constituted by the following text as completed by the Additional Conditions applicable to Index Linked Notes, the Technical Annex and Part 1 of the relevant Final Terms. In the case of Materialised Notes, either (i) the full text of these terms and conditions together with the relevant provisions of the Additional Conditions applicable to Index Linked Notes, the Technical Annex and Part 1 of the Final Terms or (ii) these terms and conditions as so completed (and subject to simplification by the deletion of non-applicable provisions), shall be endorsed or attached on Definitive Materialised Bearer Notes. All capitalised terms that are not defined in these Conditions will have the meanings given to them in the Additional Conditions applicable to Index Linked Notes, the Technical Annex and Part 1 of the relevant Final Terms. References in the Conditions to "Notes" are to the Notes of one Series only, not to all Notes that may be issued under the Programme.

An amended and restated agency agreement dated 25 March 2020 has been agreed between La Banque Postale (the "**Issuer**"), BNP Paribas Securities Services as fiscal agent and, unless otherwise specified in the applicable Final Terms, as calculation agent, (as amended or supplemented from time to time, the "**Agency Agreement**") in relation to the Notes. The fiscal agent, the paying agent(s), the redenomination agent, the consolidation agent and the calculation agent(s) for the time being (if any) are referred to below respectively as the "**Fiscal Agent**", the "**Paying Agent(s)**" (which expression shall include the Fiscal Agent), the "**Redenomination Agent**", the "**Consolidation Agent**" and the "**Calculation Agent(s)**". References below to "**Conditions**" are, unless the context requires otherwise, to the numbered paragraphs below. References herein to "**these Terms and Conditions**" shall, where the context admits, include the Additional Conditions applicable to Index Linked Notes (the "**Additional Conditions applicable to Index Linked Notes**") and the Technical Annex (the "**Technical Annex**") set out at the end of these Conditions and shall be deemed to form part hereof.

Copy of the Agency Agreement is available for inspection during normal business hours at the specified offices of the Fiscal Agent.

For the purpose of these Terms and Conditions, "**Regulated Market**" means any regulated market situated in a Member State of the European Economic Area ("**EEA**") or in the United Kingdom ("**UK**") as defined in the Markets in Financial Instruments Directive 2014/65/EU, as amended, and "**day**" or "**days**" means calendar days unless the context otherwise specifies.

1 Form, Denomination(s), Title and Redenomination

- (a) **Form:** Notes may be issued either in dematerialised form ("**Dematerialised Notes**") or in materialised form ("**Materialised Notes**").
 - (i) Title to Dematerialised Notes will be evidenced in accordance with Articles L.211-3 and R.211-1 of the French *Code monétaire et financier* by book entries (*inscriptions en compte*). No physical document of title (including *certificats représentatifs* pursuant to Article R.211-7 of the French *Code monétaire et financier*) will be issued in respect of the Dematerialised Notes.

Dematerialised Notes are issued, at the option of the Issuer and as specified in the relevant final terms (the "**Final Terms**"), in either bearer dematerialised form (*au porteur*), which will be inscribed in the books of Euroclear France ("**Euroclear France**") (acting as central depository) which shall credit the

accounts of Account Holders, or in registered dematerialised form (*au nominatif*) and, in such latter case, at the option of the relevant Noteholder in either administered registered form (*au nominatif administré*) inscribed in the books of an Account Holder or in fully registered form (*au nominatif pur*) inscribed in an account in the books of Euroclear France maintained by the Issuer or the registration agent (designated in the relevant Final Terms) acting on behalf of the Issuer (the "**Registration Agent**").

For the purpose of these Conditions, "**Account Holder**" means any intermediary institution entitled to hold, directly or indirectly, accounts on behalf of its customers with Euroclear France, and includes Euroclear Bank SA/NV ("**Euroclear**") and the depositary bank for Clearstream Banking S.A. ("**Clearstream**").

- (ii) Materialised Notes are issued in bearer form ("**Materialised Bearer Notes**"). Materialised Bearer Notes are serially numbered and are issued with coupons (the "**Coupons**" and each, a "**Coupon**") and, where appropriate, a talon (the "**Talons**" and each a "**Talon**") attached, save in the case of Zero Coupon Notes in which case references to interest (other than in relation to interest due after the Maturity Date), Coupons and Talons in these Conditions are not applicable.

In accordance with Articles L.211-3 and R.211-1 of the French Code monétaire et financier, securities (such as the Notes) which are governed by French law and are in materialised form must be issued outside the French territory.

- (b) **Denomination(s)**: Notes shall be issued in the specified denomination(s) as set out in the relevant Final Terms (the "**Specified Denomination(s)**").

Dematerialised Notes shall be issued in one Specified Denomination only.

- (c) **Title:**

- (i) Title to Dematerialised Notes in bearer form (*au porteur*) and in administered registered form (*au nominatif administré*) shall pass upon, and transfer of such Notes may only be effected through, registration of the transfer in the accounts of Account Holders. Title to Dematerialised Notes in fully registered form (*au nominatif pur*) shall pass upon, and transfer of such Notes may only be effected through, registration of the transfer in the accounts of the Issuer or the Registration Agent.
- (ii) Title to Materialised Bearer Notes in definitive form having, where appropriate, Coupons and/or a Talon attached thereto on issue ("**Definitive Materialised Bearer Notes**"), shall pass by delivery.
- (iii) Except as ordered by a court of competent jurisdiction or as required by law, the holder of any Note (as defined below), Coupon or Talon shall be deemed to be and may be treated as its absolute owner for all purposes, whether or not it is overdue and regardless of any notice of ownership, or an interest in it, any writing on it or its theft or loss and no person shall be liable for so treating the holder.

- (iv) In these Conditions, "**holder of Notes**" or "**holder of any Note**", or "**Noteholder**" means (i) in the case of Dematerialised Notes, the person whose name appears in the account of the relevant Account Holder or the Issuer or the Registration Agent (as the case may be) as being entitled to such Notes and (ii) in the case of Materialised Notes, the bearer of any Definitive Materialised Bearer Note and the Coupons ("**Couponholder**"), or Talon relating to it.

(d) **Redenomination**

- (i) The Issuer may (if so specified in the relevant Final Terms), on any Interest Payment Date, without the consent of the holder of any Note, Coupon or Talon, by giving at least 30 days' notice in accordance with Condition 14 and on or after the date on which the European Member State in whose national currency the Notes are denominated has become a participating Member State in the single currency of the European Economic and Monetary Union (as provided in the Treaty establishing the European Community (the "**EC**"), as amended from time to time (the "**Treaty**")), or events have occurred which have substantially the same effects (in either case, "**EMU**"), redenominate all, but not some only, of the Notes of any Series into Euro and adjust the aggregate principal amount and the Specified Denomination(s) set out in the relevant Final Terms accordingly, as described below. The date on which such redenomination becomes effective shall be referred to in these Conditions as the "**Redenomination Date**".
- (ii) The redenomination of the Notes pursuant to Condition 1(d) shall be made by converting the principal amount of each Note from the relevant national currency into Euro using the fixed relevant national currency Euro conversion rate established by the Council of the European Union pursuant to applicable regulations of the Treaty and rounding the resulting figure to the nearest Euro 0.01 (with Euro 0.005 being rounded upwards). If the Issuer so elects, the figure resulting from conversion of the principal amount of each Note using the fixed relevant national currency Euro conversion rate shall be rounded down to the nearest Euro. The Euro denominations of the Notes so determined shall be notified to Noteholders in accordance with Condition 14. Any balance remaining from the redenomination with a denomination higher than Euro 0.01 shall be paid by way of cash adjustment rounded to the nearest Euro 0.01 (with Euro 0.005 being rounded upwards). Such cash adjustment will be payable in Euro on the Redenomination Date in the manner notified to Noteholders by the Issuer. For the avoidance of doubt, the minimum denomination of each redenominated Note admitted to trading on a Regulated Market in circumstances which require the publication of a Base Prospectus under Regulation (EU) 2017/1129 shall not be less than €100,000 (or, if the Notes are denominated in a currency other than euro, the equivalent amount in such currency at the issue date).
- (iii) Upon redenomination of the Notes, any reference in the relevant Final Terms to the relevant national currency shall be construed as a reference to Euro.
- (iv) The Issuer may, with the prior approval of the Redenomination Agent and the Consolidation Agent, in connection with any redenomination pursuant to this Condition or any consolidation pursuant to Condition 13, without the consent of the holder of any Note, Coupon or Talon, make any changes or additions to these Conditions or Condition 13 (including, without limitation, any change

to any applicable business day definition, business day convention, principal financial centre of the country of the Specified Currency, interest accrual basis or benchmark), taking into account market practice in respect of redenominated euromarket debt obligations and which it believes are not prejudicial to the interests of such holders. Any such changes or additions shall, in the absence of manifest error, be binding on the holders of Notes, Coupons and Talons and shall be notified to Noteholders in accordance with Condition 14 as soon as practicable thereafter.

- (v) Neither the Issuer nor any Paying Agent shall be liable to the holder of any Note, Coupon or Talon or other person for any commissions, costs, losses or expenses in relation to or resulting from the credit or transfer of Euro or any currency conversion or rounding effected in connection therewith.
- (e) **Method of Issue:** The Notes will be issued on a syndicated or non-syndicated basis. The Notes will be issued in series (each a "**Series**") having one or more issue dates and on terms otherwise identical (or identical other than in respect of the first payment of interest), the Notes of each Series being intended to be fungible with all other Notes of that Series. Each Series may be issued in tranches (each a "**Tranche**") on the same or different issue dates. The specific terms of each Tranche (except the issue date, issue price, first payment of interest and principal amount of the Tranche), which will be identical to the terms of other Tranches of the same Series will be set out in the relevant Final Terms.

2 Conversion and Exchanges of Notes

(a) Dematerialised Notes

- (i) Dematerialised Notes issued in bearer form (*au porteur*) may not be converted into Dematerialised Notes in registered form, whether in fully registered form (*au nominatif pur*) or in administered registered form (*au nominatif administré*).
- (ii) Dematerialised Notes issued in registered form (*au nominatif*) may not be converted into Dematerialised Notes in bearer form (*au porteur*).
- (iii) Dematerialised Notes issued in fully registered form (*au nominatif pur*) may, at the option of the Noteholder, be converted into Notes in administered registered form (*au nominatif administré*), and vice versa. The exercise of any such option by such Noteholder shall be made in accordance with Article R.211-4 of the French *Code monétaire et financier*. Any such conversion shall be effected at the cost of such Noteholder.

(b) Materialised Notes

Materialised Bearer Notes of one Specified Denomination may not be exchanged for Materialised Bearer Notes of another Specified Denomination.

3 Status of the Notes

The Notes are Senior Notes or Subordinated Notes as indicated in the relevant Final Terms.

The potential impact on the investment in the event of resolution of the Issuer is detailed in Condition 15 (*Recognition of Bail-in*).

(a) **Status (Senior Notes)**

Senior Notes may be Senior Preferred Notes or Senior Non Preferred Notes, as specified in the applicable Final Terms.

The ability to issue Senior Non Preferred Notes, as provided by Condition 3(a)(ii) below, is provided by Article 151 of the *Loi relative à la transparence, à la lutte contre la corruption et à la modernisation de la vie économique* (the "**Sapin 2 Law**"), which has amended Article L.613-30-3 of the French *Code monétaire et financier* to create a new "senior non preferred notes" ranking. The Sapin 2 Law was definitively adopted by the French parliament on 9 November 2016 and entered into force following its publication to the Official Journal of the French Republic (*Journal Officiel de la République Française*) on 12 December 2016 (the "**Effective Date**").

- (i) If the Notes are "**Senior Preferred Notes**", the Notes will be Senior Preferred Obligations and the Notes and (if applicable) the relative Coupons are direct, unconditional, unsecured and senior obligations of the Issuer and rank and will at all times rank:
- (A) *pari passu* among themselves and with other Senior Preferred Obligations;
 - (B) senior to Senior Non Preferred Obligations; and
 - (C) junior to present and future claims benefiting from preferred exceptions.

Subject to applicable law, in the event of the voluntary or judicial liquidation (*liquidation amiable* or *liquidation judiciaire*) of the Issuer, bankruptcy proceedings or any other similar proceedings affecting the Issuer, the rights of Noteholders to payment under the Senior Preferred Notes rank:

- (A) junior to present and future claims benefiting from preferred exceptions; and
- (B) senior to Senior Non Preferred Obligations

If permitted by the MREL/TLAC Requirements and if "Prior approval of the Relevant Regulator" is specified as applicable in the applicable Final Terms, the Issuer may treat the Senior Preferred Notes, for regulatory purposes, as eligible liabilities available to meet the MREL/TLAC Requirements. The obligations of the Issuer and the rights of the Noteholders under the Senior Preferred Notes shall not be affected if the Senior Preferred Notes no longer qualify as eligible liabilities to meet the MREL/TLAC Requirements. However, in such circumstances, the Issuer may redeem the Senior Preferred Notes in accordance with Condition 6(m).

- (ii) If the Notes are "**Senior Non Preferred Notes**", the Notes will be Senior Non Preferred Obligations and the Notes and (if applicable) the relative Coupons are direct, unconditional, unsecured and senior obligations of the Issuer and rank and will at all times rank:
- (A) *pari passu* among themselves and with other Senior Non Preferred Obligations;
 - (B) senior to Eligible Creditors of the Issuer, Ordinary Subordinated Obligations and any other present or future claims otherwise ranking junior to Senior Non Preferred Obligations; and

- (C) junior to present and future claims benefiting from preferred exceptions and to Senior Preferred Obligations.

Subject to applicable law, in the event of the voluntary or judicial liquidation (*liquidation amiable* or *liquidation judiciaire*) of the Issuer, bankruptcy proceedings or any other similar proceedings affecting the Issuer, the rights of Noteholders to payment under the Senior Non Preferred Notes rank:

- (A) junior to Senior Preferred Obligations; and
- (B) senior to any Eligible Creditors of the Issuer, Ordinary Subordinated Obligations and any other present or future claims otherwise ranking junior to Senior Non Preferred Obligations.

"Ordinary Subordinated Obligations" means any subordinated obligations or other instruments issued by the Issuer which rank, or are expressed to rank, *pari passu* among themselves, and are direct, unconditional, unsecured and subordinated obligations of the Issuer but in priority to *prêts participatifs* granted to the Issuer, *titres participatifs* issued by the Issuer and any deeply subordinated obligations of the Issuer (*engagements dits "super subordonnés", i.e. engagements subordonnés de dernier rang*).

"Senior Non Preferred Obligations" means any senior (*chirographaires*) obligations (including the Senior Non Preferred Notes) of, or other instruments issued by, the Issuer, which fall or are expressed to fall within the category of obligations described in Articles L.613-30-3-I-4° and R.613-28 of the French *Code monétaire et financier*.

"Senior Preferred Obligations" means any senior obligations (including the Senior Preferred Notes) of, or other instruments issued by, the Issuer, which fall or are expressed to fall within the category of obligations described in Article L.613-30-3-I-3° of the French *Code monétaire et financier*.

For the avoidance of doubt, all Senior Notes issued prior to the Effective Date constitute since the Effective Date, Senior Preferred Obligations.

It is the intention of the Issuer that the Senior Non Preferred Notes shall be treated, for regulatory purposes, as eligible liabilities available to meet the MREL/TLAC Requirements. The obligations of the Issuer and the rights of the Noteholders under the Senior Non Preferred Notes shall not be affected if the Senior Non Preferred Notes no longer qualify as eligible liabilities to meet the MREL/TLAC Requirements. However, in such circumstances, the Issuer may redeem the Senior Non Preferred Notes in accordance with Condition 6(m).

In the event that the *Autorité de contrôle prudentiel et de résolution* (and/or any other authority entitled to exercise or participate in the exercise of the bail-in power from time to time) exercises write down and conversion powers in respect of the Senior Notes in accordance with Article 48 of the BRRD or any successor requirement, the principal amount of the Senior Notes shall be written down on a permanent basis or converted to instruments qualifying as common equity tier 1 instruments in accordance with applicable MREL/TLAC Requirements.

(b) **Status (Subordinated Notes)**

The Subordinated Notes are issued pursuant to the provisions of Article L.228-97 of the French *Code de commerce*.

The ranking of any Subordinated Notes issued under the Programme will be and may evolve as follows:

Condition 3(b)(i) will apply in respect of the Subordinated Notes for so long as any Existing Subordinated Note is outstanding. Immediately upon none of the Existing Subordinated Notes remaining outstanding, Condition 3(b)(ii) will automatically replace and supersede Condition 3(b)(i) in respect of all outstanding Subordinated Notes issued on and after the date of this Base Prospectus without the need for any action from the Issuer.

(i) *Ranking as long as Existing Subordinated Notes are outstanding:*

If the Notes are "**Subordinated Notes**", the Subordinated Notes and (if applicable) the relative Coupons are direct, unconditional, unsecured and subordinated obligations of the Issuer and rank and will rank *pari passu* among themselves and *pari passu* with all other present and future direct, unconditional, unsecured and ordinary subordinated indebtedness of the Issuer. Subject to applicable law, in the event of the voluntary liquidation of the Issuer, bankruptcy proceedings, or any other similar proceedings affecting the Issuer, the rights of the holders in respect of principal and, (where applicable) interest to payment under the Subordinated Notes will be subordinated to the full payment of the unsubordinated creditors (including depositors) of the Issuer and, subject to such payment in full, such holders will be paid in priority to *prêts participatifs* granted to the Issuer, *titres participatifs* issued by the Issuer and any deeply subordinated obligations of the Issuer (*obligations dites "super subordonnées" i.e. engagements subordonnés de dernier rang*). The Subordinated Notes are issued pursuant to the provisions of Article L.228-97 of the French *Code de commerce*.

(ii) *Ranking once no Existing Subordinated Notes are outstanding:*

If the Notes are "**Subordinated Notes**", the Subordinated Notes and (if applicable) the relative Coupons are direct, unconditional, unsecured and subordinated obligations of the Issuer and rank and will rank *pari passu* among themselves and *pari passu* with (a) any obligations or instruments of the Issuer that constitute Tier 2 Capital and (b) any other obligations or instruments of the Issuer that rank or are expressed to rank equally with the Subordinated Notes.

(A) subordinated to the full payment of:

- (1) the senior creditors of the Issuer; and
- (2) Eligible Creditors of the Issuer; and

"**Eligible Creditors**" means creditors holding subordinated claims that rank or are expressed to rank senior to the Subordinated Notes.

In the event that the *Autorité de contrôle prudentiel et de résolution* (and/or any other authority entitled to exercise or participate in the exercise of the bail-in power from time to time) exercises write down and conversion powers in respect of the Subordinated Notes in accordance with Article 48 of the BRRD or any successor requirement, the principal amount of the Subordinated Notes shall be written down on a permanent basis or converted to instruments qualifying as common equity tier 1 instruments in accordance with applicable MREL/TLAC Requirements.

- (2) the arithmetic mean of the offered quotations, (expressed as a percentage rate per annum) for the Reference Rate which appears or appear, as the case may be, on the Relevant Screen Page as at either 11.00 a.m. (London time in the case of LIBOR or Brussels time in the case of EURIBOR) on the Interest Determination Date in question plus or minus (as indicated in the relevant Final Terms) the Margin (if any) as determined by the Calculation Agent. If five or more of such offered quotations are available on the Relevant Screen Page, the highest (or, if there is more than one such highest quotation,

one only of such quotations) and the lowest (or, if there is more than one such lowest quotation, one only of such quotations) shall be disregarded by the Calculation Agent for the purpose of determining the arithmetic mean of such offered quotations.

- (b) if the Relevant Screen Page is not available or, if subparagraph (C)(a)(1) applies and no such offered quotation appears on the Relevant Screen Page, or, if subparagraph (C)(a)(2) applies and fewer than three such offered quotations appear on the Relevant Screen Page, in each case as at the time specified above, subject as provided below, the Calculation Agent shall request, if the Reference Rate is LIBOR, the principal London office of each of the Reference Banks or, if the Reference Rate is EURIBOR, the principal Euro-zone office of each of the Reference Banks, to provide the Calculation Agent with its offered quotation (expressed as a percentage rate per annum) for the Reference Rate if the Reference Rate is LIBOR, at approximately 11.00 a.m. (London time), or if the Reference Rate is EURIBOR, at approximately 11.00 a.m. (Brussels time) on the Interest Determination Date in question. If two or more of the Reference Banks provide the Calculation Agent with such offered quotations, the Rate of Interest for such Interest Accrual Period shall be the arithmetic mean of such offered quotations as determined by the Calculation Agent; and
- (c) if paragraph (b) above applies and the Calculation Agent determines that fewer than two Reference Banks are providing offered quotations, subject as provided below, the Rate of Interest shall be the arithmetic mean of the rates per annum (expressed as a percentage) as communicated to (and at the request of) the Calculation Agent by the Reference Banks or any two or more of them, at which such banks were offered, if the Reference Rate is LIBOR, at approximately 11.00 a.m. (London time) or, if the Reference Rate is EURIBOR, at approximately 11.00 a.m. (Brussels time) on the relevant Interest Determination Date, deposits in the Specified Currency for a period equal to that which would have been used for the Reference Rate by leading banks in, if the Reference Rate is LIBOR, the London inter-bank market or, if the Reference Rate is EURIBOR, the Euro-zone inter-bank market, as the case may be, or, if fewer than two of the Reference Banks provide the Calculation Agent with such offered rates, the offered rate for deposits in the Specified Currency for a period equal to that which would have been used for the Reference Rate, or the arithmetic mean of the offered rates for deposits in the Specified Currency for a period equal to that which would have been used for the Reference Rate, at which, if the Reference Rate is LIBOR, at approximately 11.00 a.m. (London time) or, if the Reference Rate is EURIBOR, at approximately 11.00 a.m. (Brussels time), on the relevant Interest Determination Date, any one

or more banks (which bank or banks is or are in the opinion of the Issuer suitable for such purpose) informs the Calculation Agent it is quoting to leading banks in, if the Reference Rate is LIBOR, the London inter-bank market or, if the Reference Rate is EURIBOR, the Euro-zone inter-bank market, as the case may be, provided that, if the Rate of Interest cannot be determined in accordance with the foregoing provisions of this paragraph, the Rate of Interest shall be determined as at the last preceding Interest Determination Date (though substituting, where a different Margin or Maximum or Minimum Rate of Interest is to be applied to the relevant Interest Accrual Period from that which applied to the last preceding Interest Accrual Period, the Margin or Maximum or Minimum Rate of Interest relating to the relevant Interest Accrual Period, in place of the Margin or Maximum or Minimum Rate of Interest relating to that last preceding Interest Accrual Period).

- (d) Where Screen Rate Determination is specified in the applicable Final Terms as the manner in which the Rate of Interest is to be determined and the Reference Rate in respect of the Floating Rate Notes is specified as being EONIA, the Rate of Interest for each Interest Accrual Period will, subject as provided below or (if applicable) to Condition 5(d) (*Benchmark discontinuation*) below, be the rate of return of a daily compound interest investment (with the arithmetic mean of the daily rates of the day-to-day Euro-zone interbank euro money market as reference rate for the calculation of interest) plus or minus (as indicated in the applicable Final Terms) the Margin (if any) and will be calculated by the Calculation Agent on the Interest Determination Date as follows, and the resulting will be rounded, if necessary, to the nearest one ten-thousandth of a percentage point, with 0.00005 being rounded upwards:

$$\left[\prod_{i=1}^{d_0} \left(1 + \frac{EONIA_i \times n_i}{360} \right) - 1 \right] \times \frac{360}{d}$$

Where:

"i" is a series of whole numbers from one to d₀, each representing the relevant TARGET Business Day in chronological order from, and including, the first TARGET Business Day in the relevant Interest Accrual Period;

"d₀" for any Interest Accrual Period, is the number of TARGET Business Days in the relevant Interest Accrual Period;

"EONIA_i", for any day "i" in the relevant Interest Accrual Period, is a reference rate equal to the overnight rate as calculated by the European Central Bank and appearing on

the Reuters Screen EONIA Page or such other page or service as may replace such page for the purposes of displaying Euro overnight index average rate of leading reference banks for deposits in Euro (the "**EONIA Page**") in respect of that day provided that, if, for any reason, by 11.00 a.m. (Brussels time) on any such day "i", no rate is published on the EONIA Page, the Calculation Agent will request any four major banks selected by it (but which shall not include the Calculation Agent) in the Euro-zone inter-bank market to provide it with their respective quotations of the rates offered by such banks at approximately 11.00 a.m. (Brussels time) on such day "i" to prime banks in the Euro-zone inter-bank market for Euro overnight index average rate for deposits in Euro in an amount that is, in the reasonable opinion of the Calculation Agent, representative for a single transaction in the relevant market at the relevant time. The applicable reference rate for such day "i" shall be the arithmetic mean (rounded if necessary, to the nearest hundredth of a percentage point, with 0.005 being rounded upwards) of at least two of the rates so quoted, it being provided that if less than two rates are provided to the Calculation Agent, the applicable reference rate shall be determined by the Calculation Agent after consultation of an independent expert;

"**n_i**" is the number of calendar days in the relevant Interest Accrual Period on which the rate is EONIA_i; and

"**d**" is the number of calendar days in the relevant Interest Accrual Period.

- (e) Where Screen Rate Determination is specified in the applicable Final Terms as the manner in which the Rate of Interest is to be determined and the Reference Rate in respect of the Floating Rate Notes is specified as being CMS Rate, the Rate of Interest for each Interest Accrual Period will, subject as provided below or (if applicable) to Condition 5(d) (*Benchmark discontinuation*) below, be determined by the Calculation Agent by reference to the following formula:

CMS Rate + Margin

If the Relevant Screen Page is not available at the Specified Time on the relevant Interest Determination Date: (i) the Calculation Agent shall request each of the CMS Reference Banks to provide the Calculation Agent with its quotation for the Relevant Swap Rate at approximately the Specified Time on the relevant Interest Determination Date; (ii) if at least three of the CMS Reference Banks provide the Calculation Agent with such quotations, the CMS Rate for such Interest Accrual Period shall be the arithmetic mean of such quotations, eliminating the highest quotation (or, in the event of equality, one of the highest quotations and the lowest quotation (or, in the event of equality, one of the lowest

quotations) and (iii) if on any Interest Determination Date less than three or none of the CMS Reference Banks provides the Calculation Agent with such quotations as provided in the preceding paragraph, the CMS Rate shall be determined by the Calculation Agent on such commercial basis as considered appropriate by the Calculation Agent in its absolute discretion, in accordance with the then prevailing standard market practice.

For the purposes of this sub-paragraph (e):

"CMS Rate" shall mean the applicable swap rate for swap transactions in the Reference Currency with a maturity of the Designated Maturity, expressed as a percentage, which appears on the Relevant Screen Page as at the Specified Time on the relevant Interest Determination Date in question, all as determined by the Calculation Agent.

"CMS Reference Banks" means (i) where the Reference Currency is Euro, the principal office of five leading swap dealers in the inter-bank market, (ii) where the Reference Currency is Sterling, the principal London office of five leading swap dealers in the London inter-bank market, (iii) where the Reference Currency is United States dollars, the principal New York City office of five leading swap dealers in the New York City inter-bank market, or (iv) in the case of any other Reference Currency, the principal Relevant Financial Centre office of five leading swap dealers in the Relevant Financial Centre inter-bank market, in each case selected by the Calculation Agent.

"Reference Currency" means the currency specified as such in the applicable Final Terms.

"Reference Financial Centre" means, with respect to a Reference Currency, the financial centre specified as such in the applicable Final Terms.

"Relevant Swap Rate" means:

- (A) where the Reference Currency is Euro, the mid-market annual swap rate determined on the basis of the arithmetic mean of the bid and offered rates for the annual fixed leg, calculated on a 30/360 day count basis, of a fixed-for-floating euro interest rate swap transaction with a term equal to the Designated Maturity commencing on the first day of the relevant Interest Accrual Period and in a Representative Amount with an acknowledged dealer of good credit in the swap market, where the floating leg, in each

case calculated on an Actual/360 day count basis, is equivalent to EUR-EURIBOR-Reuters (as defined in the ISDA Definitions) with a designated maturity determined by the Calculation Agent by reference to the then prevailing standard market practice or the ISDA Definitions;

- (B) where the Reference Currency is Sterling, the mid-market semi-annual swap rate determined on the basis of the arithmetic mean of the bid and offered rates for the semi-annual fixed leg, calculated on an Actual/365 (Fixed) day count basis, of a fixed-for-floating Sterling interest rate swap transaction with a term equal to the Designated Maturity commencing on the first day of the relevant Interest Accrual Period and in a Representative Amount with an acknowledged dealer of good credit in the swap market, where the floating leg, in each case calculated on an Actual/365 (Fixed) day count basis, is equivalent (A) if the Designated Maturity is greater than one year, to GBP-LIBOR-BBA (as defined in the ISDA Definitions) with a designated maturity of six months or (B) if the Designated Maturity is one year or less, to GBP-LIBOR-BBA with a designated maturity of three months;
- (C) where the Reference Currency is United States dollars, the mid-market semi-annual swap rate determined on the basis of the mean of the bid and offered rates for the semi-annual fixed leg, calculated on a 30/360 day count basis, of a fixed-for-floating United States dollar interest rate swap transaction with a term equal to the Designated Maturity commencing on the first day of the relevant Interest Accrual Period and in a Representative Amount with an acknowledged dealer of good credit in the swap market, where the floating leg, calculated on an Actual/360 day count basis, is equivalent to USD-LIBOR-BBA (as defined in the ISDA Definitions) with a designated maturity of three months; and
- (D) where the Reference Currency is any other currency of if the Final Terms specify otherwise, the mid-market swap rate as determined in accordance with the applicable Final Terms.

"Representative Amount" means an amount that is representative for a single transaction in the relevant market at the relevant time, as determined by the Calculation Agent.

- (f) Where Screen Rate Determination is specified in the applicable Final Terms as the manner in which the Rate of Interest is to be determined and the Reference Rate in respect of the Floating Rate Notes is specified as being TEC10, the

Rate of Interest for each Interest Accrual Period will, subject as provided below, be determined by the Calculation Agent by reference to the following formula:

TEC10 + Margin.

"**TEC10**" means the offered quotation (expressed as a percentage rate per annum) for the EUR-TEC10-CNO¹, calculated by the *Comité de Normalisation Obligataire* ("CNO"), which appears on the Relevant Screen Page, being the caption "TEC10" on the Reuters Screen CNOTEC10 Page or any successor page, as at 10.00 a.m. Paris time on the Interest Determination Date in question.

If, on any Interest Determination Date, TEC10 does not appear on Reuters Screen CNOTEC10 Page or any successor page, (i) it shall be determined by the Calculation Agent on the basis of the mid-market prices for each of the two reference OAT (*Obligation Assimilable du Trésor*) which would have been used by the *Comité de Normalisation Obligataire* for the calculation of the relevant rate, quoted in each case by five *Spécialistes en Valeurs du Trésor* at approximately 10:00 a.m. Paris time on the Interest Determination Date in question; (ii) the Calculation Agent will request each *Spécialiste en Valeurs du Trésor* to provide a quotation of its price; and (iii) TEC10 will be the redemption yield of the arithmetic mean of such prices as determined by the Calculation Agent after discarding the highest and lowest of such quotations. The above mentioned redemption yield shall be determined by the Calculation Agent in accordance with the formula that would have been used by the *Comité de Normalisation Obligataire* for the determination of the relevant rate.

For information purposes only, the EUR-TEC10-CNO, established in April 1996, is the percentage yield (rounded to the nearest second decimal point, 0.005 per cent. being rounded upwards) of a notional 10 year French Treasury Bond (Obligation Assimilable du Trésor, "OAT") corresponding to the linear interpolation between the yield to maturity of the two actual OATs (the "Reference OATs") whose periods to maturity are closest in duration to the notional 10 year OAT, one Reference OAT's duration being of less than 10 years and the other Reference OAT's duration being greater than 10 years.

- (g) Where Screen Rate Determination is specified in the applicable Final Terms as the manner in which the Rate of Interest is to be determined and the Reference Rate in respect of the Floating Rate Notes is specified as being €STR, the Rate of Interest for each Interest Accrual Period will, subject as provided below, be the rate of return of a daily compound

interest investment (with the daily euro short-term rate as the reference rate for the calculation of interest) plus or minus (as indicated in the applicable Final Terms) the Margin (if any) and will be calculated by the Calculation Agent on the relevant Interest Determination Date, as follows, and the resulting percentage will be rounded, if necessary, to the nearest one ten-thousandth of a percentage point, with 0.00005 being rounded upwards:

$$\left[\prod_{i=1}^{d_0} \left(1 + \frac{\text{€STR}_{i-p\text{TBD}} \times n_i}{360} \right) - 1 \right] \times \frac{360}{d}$$

If no ECB Recommended Rate has been recommended before the end of the first TARGET Business Day following the date on which the €STR Index Cessation Event occurs, then the rate of €STR for each TARGET Business Day in the relevant €STR Observation Period occurring on or after the €STR Index Cessation Effective Date will be determined as if references to €STR were references to the Modified EDFR.

If an ECB Recommended Rate has been recommended and both an ECB Recommended Rate Index Cessation Event and an ECB Recommended Rate Index Cessation Effective Date subsequently occur, then the rate of €STR for each TARGET Business Day in the relevant €STR Observation Period occurring on or after that ECB Recommended Rate Index Cessation Effective Date will be determined as if references to €STR were references to the Modified EDFR.

Any substitution of the €STR, as specified above, will remain effective for the remaining term to maturity of the Notes and shall be published by the Issuer in accordance with Condition 14 (*Notice*).

In the event that the Rate of Interest cannot be determined in accordance with the foregoing provisions by the Calculation Agent, (i) the Rate of Interest shall be that determined as at the last preceding Interest Determination Date (though substituting, where a different Margin or Maximum Rate of Interest or Minimum Rate of Interest is to be applied to the relevant Interest Accrual Period from that which applied to the last preceding Interest Accrual Period, the Margin or Maximum Rate of Interest or Minimum Rate of Interest relating to the relevant Interest Accrual Period in place of the Margin or Maximum Rate of Interest or Minimum Rate of Interest relating to that last preceding Interest Accrual Period) or (ii) if there is no such preceding Interest Determination Date, the Rate of Interest shall be determined as if the rate of €STR for each TARGET Business Day in the relevant €STR Observation Period occurring on or after such €STR Index Cessation Effective Date were references to the latest published ECB Recommended Rate or, if EDFR is published on a later date than the latest published ECB Recommended Rate, the Modified EDFR.

- (i) Where Screen Rate Determination is specified in the applicable Final Terms as the manner in which the Rate of Interest is to be determined and the Reference Rate in respect of the Floating Rate Notes is specified as being SONIA, the Rate of Interest for each Interest Accrual Period will, subject as provided below, be the rate of return of a daily compounded interest investment (it being understood that reference rate for the calculation of interest is the Sterling daily overnight reference) plus or minus (as indicated in the Final Terms) the Margin (if any) and will be calculated by the Calculation Agent (or such other party responsible for the calculation of the Rate of Interest, as specified in the Final

Terms) on the Interest Determination Date, as follows, and the resulting percentage will be rounded if necessary to the fifth decimal place, with 0.000005 being rounded upwards:

$$\left[\prod_{i=1}^{d_0} \left(1 + \frac{SONIA_{i-pLBD} \times n_i}{365} \right) - 1 \right] \times \frac{365}{d}$$

where:

“**d**” is the number of calendar days in the relevant Interest Accrual Period;

“**d₀**” is the number of London Banking Days in the relevant Interest Accrual Period;

Notwithstanding the paragraph above, in the event the Bank of England publishes guidance as to (i) how the SONIA is to be determined or (ii) any rate that is to replace the SONIA, the Calculation Agent (or such other party responsible for the calculation of the Rate of Interest, as specified in the Final Terms) shall, to the extent that it is reasonably practicable, follow such guidance in order to determine SONIA for the purpose of the Notes for so long as the SONIA is not available or has not been published by the authorised distributors.

In the event that the Rate of Interest cannot be determined in accordance with the foregoing provisions by the Calculation Agent (or such other party responsible for the calculation of the Rate of Interest, as specified in the Final Terms), the Rate of Interest shall be (i) that determined as at the last preceding Interest Determination Date (though substituting, where a different Margin or Maximum Rate of Interest or Minimum Rate of Interest is to be applied to the relevant Interest Accrual Period from that which applied to the last preceding Interest Accrual Period, the Margin or Maximum Rate of Interest or Minimum Rate of Interest relating to the relevant Interest Accrual Period in place of the Margin or Maximum Rate of Interest or Minimum Rate of Interest relating to that last preceding Interest Accrual Period) or (ii) if there is no such preceding Interest Determination Date, the initial Rate of Interest which would have been applicable to such Notes for the first Interest Accrual Period had the Notes been in issue for a period equal in duration to the scheduled first Interest Accrual Period but ending on (and excluding) the Interest Commencement Date (but applying the Margin and any Maximum Rate of Interest or Minimum Rate of Interest applicable to the first Interest Accrual Period).

If the Notes become due and payable in accordance with the Conditions, the final Interest Determination Date shall, notwithstanding any Interest Determination Date specified in

the Final Terms, be deemed to be the date on which such Notes became due and payable and the Rate of Interest on such Notes shall, for so long as any such Notes remains outstanding, be that determined on such date.

(v) Rate of Interest for Inflation Linked Notes:

(A) Consumer Price Index (CPI)

Where the consumer price index (excluding tobacco) for all households in France, as calculated and published by the *Institut National de la Statistique et des Etudes Economiques* (the "INSEE") ("CPI") is specified as the Index in the relevant Final Terms, this Condition 5(c)(v)(A) shall apply. Terms defined herein shall have the meanings set out below only when this Condition 5(c)(v)(A) shall apply.

The Rate of Interest in respect of Inflation Linked Notes indexed to the CPI (the "**CPI Linked Interest**") applicable from time to time for each Interest Accrual Period (as specified in the relevant Final Terms) will be equal to the fixed rate per annum specified in the relevant Final Terms multiplied by the Inflation Index Ratio (as defined below).

The **CPI Linked Interest** will be determined by the Calculation Agent on the following basis:

- (1) On the fifth Business Day before each Interest Payment Date (an "**Interest Determination Date**") the Calculation Agent will calculate the Inflation Index Ratio.

For the purpose of this Condition 5(c)(v)(A), the "**Inflation Index Ratio**" or "**IIR**" is the ratio between (i) the CPI Daily Inflation Reference Index (as defined below) applicable on any Interest Payment Date, as the case may be and (ii) the base reference defined as the CPI Daily Inflation Reference Index (as defined below) applicable on the date specified in the applicable Final Terms (the "**Base Reference**"). Notwithstanding Condition 5(i)(iii), the IIR will be rounded if necessary to six significant figures (with halves being rounded up).

"**CPI Daily Inflation Reference Index**" means (i) in relation to the first day of any given calendar month, the CPI Monthly Reference Index of the third month preceding such month, and (ii) in relation to a day D (other than the first day) in any given calendar month ("M"), the linear interpolation of the CPI Monthly Reference Index pertaining respectively to the third calendar month preceding such month ("M - 3") and the second calendar month preceding such month ("M - 2") calculated in accordance with the following formula:

$$\text{CPI Daily Inflation Reference Index} = \text{CPI Monthly Reference Index}_{M-3} + \frac{D-1}{ND_M} \times (\text{CPI Monthly Reference Index}_{M-2} - \text{CPI Monthly Reference Index}_{M-3})$$

With:

"**ND_M**": number of days in the relevant month M and, in the case of payment of principal or interest, shall be equal to 31;

"**D**": actual day of payment in the relevant month M and, in the case of payment of principal or interest, shall be equal to 25;

"**CPI Monthly Reference Index_{M-2}**": the level of the CPI Monthly Reference Index published in relation to month M - 2;

"**CPI Monthly Reference Index_{M-3}**": the level of the CPI Monthly Reference Index published in relation to month M - 3.

Notwithstanding Condition 5(i)(iii), the CPI Daily Inflation Reference Index will be rounded if necessary to six significant figures (with halves being rounded up).

For information purposes, such CPI Daily Inflation Reference Index appears on the Agence France Trésor Reuters page OATINFLATION01 or on Bloomberg FRCPXTOB Index <GO> pages and on the website www.aft.gouv.fr. In the case of doubt in the interpretation of the methods used to calculate the Inflation Index Ratio, such methods shall be interpreted by reference to the procedures selected by the French Treasury (Trésor) for its obligations assimilables du Trésor indexées sur l'inflation.

"**CPI Monthly Reference Index**" means the definitive consumer price index excluding tobacco for all households in France, as calculated and published monthly by the INSEE as such index may be adjusted or replaced from time to time as provided herein.

- (2) The calculation method described below is based on the recommendation issued by the French Bond Association (*Comité de Normalisation Obligataire* – www.cnofrance.org) in its December 2010 Paper entitled "Inflation Indexed Notes" (*Obligations et autres instruments de taux d'intérêt en euro, Normes et usages des marchés de capitaux – Chapitre II: Les obligations indexées sur l'inflation*). In the case of any conflict between the calculation method provided below and the calculation method provided by the French Bond Association (*Comité de Normalisation Obligataire*), the calculation method provided by the French Bond Association (*Comité de Normalisation Obligataire*) shall prevail.
- (i) If the CPI Monthly Reference Index is not published in a timely manner, a substitute CPI Monthly Reference Index

(the "**Substitute CPI Monthly Reference Index**") shall be determined by the Calculation Agent in accordance with the following provisions:

- (x) If a provisional CPI Monthly Reference Index (*indice provisoire*) has already been published, such index shall automatically be used as the Substitute CPI Monthly Reference Index. Such provisional CPI Monthly Reference Index would be published under the heading "*indice de substitution*". Once the definitive CPI Monthly Reference Index is released, it shall automatically apply from the day following its release to all calculations taking place from this date.
- (y) If no provisional CPI Monthly Reference Index is available, a substitute index shall be calculated on the basis of the most recently published figure adjusted as set out in the following formula:

$$\text{Substitute CPI Monthly Reference Index}_M = \text{CPI Monthly Reference Index}_{M-1} \times \frac{\text{CPI Monthly Reference Index}_{M-1}^{\frac{1}{12}}}{\text{CPI Monthly Reference Index}_{M-13}}$$

- (ii) In the event INSEE decides to proceed with one or more base changes for the purpose of calculating the CPI Monthly Reference Index, the two CPI Monthly Reference Indexes which have been calculated on a different basis will be chained on the basis of the December CPI Monthly Reference Index of the last year of joint publications, which corresponds to the CPI Daily Inflation Reference Index for 1st March of the following year. Such chaining will be carried out in accordance with the following equation:

$$\text{Key} = \frac{\text{CPI Monthly Reference Index}_{\text{pertaining to December calculated on the new basis}}}{\text{CPI Monthly Reference Index}_{\text{pertaining to December calculated on the previous basis}}}$$

Such that:

$$\text{CPI Monthly Reference Index}_{\text{Date D New Basis}} = \text{CPI Monthly Reference Index}_{\text{Date D Previous Basis}} \times \text{Key}$$

(B) **Harmonised Index of Consumer Prices (HICP)**

Where the harmonised index of consumer prices (excluding tobacco) measuring the rate of inflation in the European Monetary Union as calculated and published monthly by Eurostat (the "**HICP**") is specified as the Index in the relevant Final Terms, this Condition 5(c)(v)(B) shall apply. Terms defined herein shall have the meanings set out below only when this Condition 5(c)(v)(B) shall apply.

The Rate of Interest in respect of Inflation Linked Notes indexed to the HICP ("**HICP Linked Interest**") applicable from time to time for each Interest Accrual Period (as specified in the relevant Final Terms) will be equal to the fixed rate per annum specified in the

relevant Final Terms multiplied by the Inflation Index Ratio (as defined below).

The HICP Linked Interest will be determined by the Calculation Agent on the following basis:

- (1) On the fifth Business Day before each Interest Payment Date (an "**Interest Determination Date**") the Calculation Agent will calculate the Inflation Index Ratio.

For the purpose of this Condition 5(c)(v)(B), the "**Inflation Index Ratio**" or "**IIR**" is the ratio between (i) the HICP Daily Inflation Reference Index (as defined below) applicable on any Interest Payment Date or the redemption date, as the case may be and (ii) the base reference defined as the HICP Daily Inflation Reference Index (as defined below) applicable on the date specified in the applicable Final Terms (the "**Base Reference**"). Notwithstanding Condition 5(i)(iii), the IIR will be rounded if necessary to six significant figures (with halves being rounded up).

"**HICP Daily Inflation Reference Index**" means (i) in relation to the first day of any given calendar month, the HICP Monthly Reference Index of the third calendar month preceding such month, and (ii) in relation to a day D (other than the first day) in any given month ("M"), the linear interpolation of the HICP Monthly Reference Index pertaining respectively to the third calendar month preceding such month ("M - 3") and the second calendar month preceding such month ("M - 2") calculated in accordance with the following formula:

$$\text{HICP Daily Inflation Reference Index} = \text{HICP Monthly Reference Index}_{M-3} + \frac{D-1}{ND_M} \times (\text{HICP Monthly Reference Index}_{M-2} - \text{HICP Monthly Reference Index}_{M-3})$$

With:

"**ND_M**": number of days in the relevant month M and, in the case of payment of principal or interest, shall be equal to 31;

"**D**": actual day of payment in the relevant month M and, in the case of payment of principal or interest, shall be equal to 25;

"**HICP Monthly Reference Index_{M-2}**": the level of the HICP Monthly Reference Index published in relation to month M - 2;

"**HICP Monthly Reference Index_{M-3}**": the level of the HICP Monthly Reference Index published in relation to month M - 3.

Notwithstanding Condition 5(i)(iii), the HICP Daily Inflation Reference Index will be rounded if necessary to six significant figures (with halves being rounded up).

For information purposes, such HICP Daily Inflation Reference Index appears on the Agence France Trésor Reuters page OATEI01, on the website www.aft.gouv.fr and on Bloomberg page CPTFEMU Index <GO>.

"HICP Monthly Reference Index" means to the harmonised index of consumer prices excluding tobacco measuring the rate of inflation in the European Monetary Union excluding tobacco as calculated and published by Eurostat as such index may be adjusted or replaced from time to time as provided herein. The first publication or announcement of a level of such index for a given month shall be final and conclusive and later revisions to the level for such month will not be used in any calculations.

- (i) If the HICP Monthly Reference Index is not published in a timely manner, a substitute HICP Monthly Reference Index (the **"Substitute HICP Monthly Reference Index"**) shall be determined by the Calculation Agent in accordance with the following provisions:
 - (x) If a provisional HICP Monthly Reference Index has already been published by Eurostat, such index shall automatically be used as the Substitute HICP Monthly Reference Index. Once the definitive HICP Monthly Reference Index is released, it shall automatically apply from the day following its release to all calculations taking place from this date.
 - (y) If no provisional HICP Monthly Reference Index is available, a substitute index shall be calculated on the basis of the most recently published figure adjusted as set out in the following formula:

$$\begin{aligned} \text{Substitute HICP Monthly Reference Index}_M = & \\ & \text{HICP Monthly Reference Index}_{M-1} \times \\ & \frac{\text{HICP Monthly Reference Index}_{M-1}^{\frac{1}{12}}}{\text{HICP Monthly Reference Index}_{M-13}} \end{aligned}$$

- (ii) In the event Eurostat decides to proceed with one or more base changes for the purpose of calculating the HICP Monthly Reference Index, the two HICP Monthly Reference Indexes which have been calculated on a different basis will be chained on the basis of the December HICP Monthly Reference Index of the last year of joint publications, which corresponds to the HICP Daily Inflation Reference Index for 1st March of the following year. Such chaining will be carried out in accordance with the following equation:

$$\text{Key} = \frac{\text{HICP Monthly Reference Index}_{\text{pertaining to December calculated on the new basis}}}{\text{HICP Monthly Reference Index}_{\text{pertaining to December calculated on the previous basis}}}$$

Such that:

$$\text{HICP Monthly Reference Index}_{\text{Date D New Basis}} = \text{HICP Monthly Reference Index}_{\text{Date D Previous Basis}} \times \text{Key}$$

(d) **Benchmark discontinuation**

If a Benchmark Event occurs in relation to an Original Reference Rate at any time when the Terms and Conditions of any Notes provide for any remaining rate of interest (or any component part thereof) to be determined by reference to such Original Reference Rate, then the following provisions shall apply and shall prevail over other fallbacks specified in Conditions 5(b)(iii) and 5(c)(iv) (for the avoidance of doubt, it shall not apply to €STR, SOFR and SONIA).

(i) **Independent Adviser**

The Issuer shall use reasonable endeavours to appoint an Independent Adviser, as soon as reasonably practicable, to determine a Successor Rate, failing which an Alternative Rate (in accordance with Condition 5(d)(ii)) and, in either case, an Adjustment Spread, if any (in accordance with Condition 5(d)(iii)) and any Benchmark Amendments (in accordance with Condition 5(d)(iv)).

An Independent Adviser appointed pursuant to this Condition 5(d) shall act in good faith and in a commercially reasonable manner as an expert and (in the absence of bad faith or fraud) shall have no liability whatsoever to the Issuer, the Fiscal Agent, the Paying Agents, the Calculation Agent or any other party responsible for determining the Rate of Interest specified in the applicable Final Terms, or the Noteholders for any determination made by it pursuant to this Condition 5(d).

(ii) **Successor Rate or Alternative Rate**

If the Independent Adviser determines in good faith that:

- (a) there is a Successor Rate, then such Successor Rate shall (subject to adjustment as provided in Condition 5(d)(iv)) subsequently be used in place of the Original Reference Rate to determine the relevant Rate(s) of Interest (or the relevant component part(s) thereof) for all relevant future payments of interest on the Notes (subject to the further operation of this Condition 5(d)); or
- (b) there is no Successor Rate but that there is an Alternative Rate, then such Alternative Rate shall (subject to adjustment as provided in Condition 5(d)(iv)) subsequently be used in place of the Original Reference Rate to determine the relevant Rate(s) of Interest (or the relevant component part(s) thereof) for all relevant future payments of interest on the Notes (subject to the further operation of this Condition 5(d)).

(iii) **Adjustment Spread**

If the Independent Adviser determines, acting in good faith and in a commercially reasonable manner (i) that an Adjustment Spread is required to be applied to the Successor Rate or the Alternative Rate (as the case may be) and (ii) the quantum of, or a formula or methodology for determining, such Adjustment Spread, then such Adjustment Spread shall be applied to the Successor Rate or the Alternative Rate (as the case may be) for each subsequent determination of a relevant Rate of Interest (or a relevant component part thereof) by reference to such Successor Rate or Alternative Rate (as applicable).

(iv) **Benchmark Amendments**

If any Successor Rate, Alternative Rate or Adjustment Spread is determined in accordance with this Condition 5(d) and the Independent Adviser determines in good faith and in a commercially reasonable manner (A) that amendments to the Terms and Conditions of the Notes (including, without limitation, amendments to the definitions of Day Count Fraction, Business Days, Reset Determination Date, or Relevant Screen Page) are necessary to ensure the proper operation of such Successor Rate, Alternative Rate and/or Adjustment Spread (such amendments, the “**Benchmark Amendments**”) and (B) the terms of the Benchmark Amendments, then the Issuer shall, subject to giving notice thereof in accordance with Condition 5(d)(v), without any requirement for the consent or approval of Noteholders, vary the Terms and Conditions of the Notes to give effect to such Benchmark Amendments with effect from the date specified in such notice.

In connection with any such variation in accordance with this Condition 5(d), the Issuer shall comply with the rules of any stock exchange on which the Notes are for the time being listed or admitted to trading.

(v) **Notices, etc.**

The Issuer shall, after receiving such information from the Independent Adviser, notify the Fiscal Agent, the Calculation Agent, the Paying Agents, the Representative (if any) and, in accordance with Condition 14, the Noteholders, promptly of any Successor Rate, Alternative Rate, Adjustment Spread and the specific terms of any Benchmark Amendments, determined under this Condition 5(d). Such notice shall be irrevocable and shall specify the effective date of the Benchmark Amendments, if any.

(vi) **Regulatory Capital / Eligible Liabilities**

Notwithstanding any other provision of this Condition 5(d), no Successor Rate, Alternative Rate or Adjustment Spread will be adopted, nor will any Benchmark Amendments be effected, if and to the extent that, in the determination of the Issuer, the same could reasonably be expected either (i) (in the case of Senior Preferred Notes (only if "Prior approval of the Relevant Regulator" is specified as applicable in the applicable Final Terms) and Senior Non Preferred Notes) to result in an MREL/TLAC Disqualification Event, or (ii) (in the case of Senior Preferred Notes (only if "Prior approval of the Relevant Regulator" is specified as applicable in the applicable Final Terms), Senior Non Preferred Notes and/or Subordinated Notes) in the

Relevant Regulator treating the next Interest Payment Date as the effective maturity of the Notes, rather than the relevant Maturity Date (if, for example, the switch to the Successor Rate or Alternative Rate (as applicable) would create an incentive to redeem the relevant Notes that would be inconsistent with the relevant requirements necessary to maintain the regulatory status of the Notes) or (iii) (in the case of Subordinated Notes only) a Capital Event. In such circumstances, the fallbacks specified in Conditions 5(b)(iii) and 5(c)(iv) will be applicable in accordance with their terms.

(vii) **Fallbacks**

If, following the occurrence of a Benchmark Event and in relation to the determination of the Rate of Interest on the immediately following Interest Determination Date or Reset Determination Date (as applicable), no Successor Rate or Alternative Rate (as applicable) is determined pursuant to this provision, the fallbacks for the Original Reference Rate specified in Conditions 5(b)(iii) and 5(c)(iv), namely the Rate of Interest determined as at the last preceding Interest Determination Date or Reset Determination Date (as applicable) will continue to apply to such determination. In such circumstances, the Issuer will be entitled (but not obliged), at any time thereafter, to elect to re-apply the provisions of this Condition 5(d), *mutatis mutandis*, on one or more occasions until a Successor Rate or Alternative Rate (and, if applicable, any associated Adjustment Spread and/or Benchmark Amendments) has been determined and notified in accordance with this Condition 5(d) (and, until such determination and notification (if any), the fallback provisions provided elsewhere in these Terms and Conditions including, for the avoidance of doubt, the fallbacks specified in Conditions 5(b)(iii) and 5(c)(iv), will continue to apply in accordance with their terms). This may result in the Rate of Interest for the last preceding Interest Accrual Period being the Rate of Interest for the Interest Accrual Period in question.

(viii) **Definitions**

In this Condition 5(d):

“**Adjustment Spread**” means either a spread (which may be positive or negative), or the formula or methodology for calculating a spread, in either case, which the Independent Adviser determines and which is required to be applied to the Successor Rate or the Alternative Rate (as the case may be) to reduce or eliminate, to the fullest extent reasonably practicable in the circumstances, any economic prejudice or benefit (as the case may be) to Noteholders as a result of the replacement of the Original Reference Rate with the Successor Rate or the Alternative Rate (as the case may be) and is the spread, formula or methodology which:

- (a) in the case of a Successor Rate, is formally recommended, or formally provided as an option for parties to adopt, in relation to the replacement of the Original Reference Rate with the Successor Rate by any Relevant Nominating Body;
- (b) in the case of an Alternative Rate (or in the case of a Successor Rate where (A) above does not apply), is customary in international debt capital market transactions

for transactions which reference the Original Reference Rate, where such rate has been replaced by the Alternative Rate (or, as the case may be, the Successor Rate); or

Issuer will (in the case of Senior Non Preferred Notes, subject to Condition 6(n) below or in the case of Senior Preferred Notes, if "Prior approval of the Relevant Regulator" is specified as applicable in the applicable Final Terms, subject to Condition 6(o) below), subject to having given not more than 45 nor less than 30 days' notice to the Noteholders (which notice shall be irrevocable), in accordance with Condition 14, redeem all, but not some only, of such Notes at their Early Redemption Amount together with any interest accrued to the date set for redemption.

(1) **Conditions to redemption of Subordinated Notes prior to Maturity Date**

According to Articles 77 and 78 of the CRR, the Subordinated Notes may only be redeemed or purchased (as applicable) pursuant to Condition 6(b)(i) (Redemption for Taxation Reasons- Withholding Tax Event), Condition 6(b)(ii) (Redemption for Taxation Reasons- Gross-up Event), Condition 6(c) (Redemption at the Option of the Issuer and Partial Redemption (Issuer Call)), Condition 6(e) (Optional Redemption of Subordinated Notes upon the occurrence of a Capital Event), Condition 6(f) (Optional Redemption of Subordinated Notes upon the occurrence of a Tax Deduction Event) or Condition 6(i) (Purchases) (subject to the provisions set out in the second paragraph of the section relating to Subordinated Notes of Condition 6(i)), as the case may be, if required by the Relevant Rules at the time of such redemption or purchase (as applicable), if the Relevant Regulator has given its prior permission to such redemption or purchase (as applicable) and the following conditions are met:

- (a) on or before such purchase or redemption of the Subordinated Notes, the Issuer replaces the Subordinated Notes with capital instruments of an equal or higher quality on terms that are sustainable for the Issuer's income capacity; or
- (b) the Issuer has demonstrated to the satisfaction of the Relevant Regulator that its Tier 1 Capital and Tier 2 Capital would, following such purchase or redemption, exceed the requirements laid down in the CRD IV Rules and the BRRD by a margin that the Relevant Regulator may consider necessary.

In the case of redemption of the Subordinated Notes before five years after the date of issuance of the relevant first Tranche of Notes if:

- (i) the conditions listed in paragraphs (a) or (b) above are met; and
- (ii) in the case of redemption due to the occurrence of a Capital Event, (i) the Relevant Regulator considers such change to be sufficiently certain and (ii) the Issuer demonstrates to the satisfaction of the Relevant Regulator that the Capital Event was not reasonably foreseeable at the time of the issuance of the first Tranche of the relevant Series of Subordinated Notes; or
- (iii) in the case of redemption due to the occurrence of a Withholding Tax Event, a Tax Deduction Event or a Gross-up Event, the Issuer demonstrates to the satisfaction of the Relevant Regulator that such Withholding Tax Event, Tax Deduction Event or Gross-up Event is material and was not reasonably foreseeable at the time of issuance of the first Tranche of the relevant Series of Subordinated Notes, and the Issuer has delivered a certificate signed by one of its senior officers to the Fiscal Agent (and copies thereof will be available at the Fiscal Agent's specified office during its normal business hours)

not less than five (5) calendar days prior to the date set for redemption that such Withholding Tax Event, Tax Deduction Event or Gross-up Event has occurred or will occur no more than ninety (90) days following the date fixed for redemption, as the case may be.

"Tier 1 Capital" has the meaning given to it (or, if no longer used, any equivalent or successor term) in the Relevant Rules,

provided that if, at the time of such redemption or purchase (as applicable), the prevailing Relevant Rules permit the redemption or purchase (as applicable) only after compliance with one or more alternative or additional pre-conditions to those set out above, the Issuer shall, in the alternative or in addition to the foregoing (as required by the Relevant Rules), comply with such alternative and/or additional pre-condition(s).

(m) *Early Redemption of Senior Notes*

If a MREL/TLAC Disqualification Event has occurred and is continuing, the Issuer may, at its option, but in the case Senior Non Preferred Notes subject to Condition 6(n) below or in the case Senior Preferred Notes, if "Prior approval of the Relevant Regulator" is specified as applicable in the applicable Final Terms, to Condition 6(o) below, at any time subject to having given no less than thirty (30) nor more than forty five (45) days' notice to the Noteholders in accordance with Condition 14 (which notice shall be irrevocable), redeem the Senior Non Preferred Notes or Senior Preferred Notes, as the case may be, in whole, but not in part, at their Early Redemption Amount, together with all interest accrued to the date fixed for redemption.

For the purpose of this Condition:

"MREL/TLAC Disqualification Event" means the determination by the Issuer, that as a result of a change in French and/or EU laws or regulations becoming effective on or after the Issue Date of the first Tranche of a Series of Senior Non Preferred Notes or Senior Preferred Notes, as the case may be, which change was not reasonably foreseeable by the Issuer as at the Issue Date of the first Tranche of the Series, it is likely that all or part of the aggregate outstanding principal amount of such Series of Notes will be excluded from the eligible liabilities available to meet the MREL/TLAC Requirements (however called or defined by then applicable regulations) if the Issuer is then subject to such requirements, provided that a MREL/TLAC Disqualification Event shall not occur where such Series of Notes is excluded on the basis (1) that the remaining maturity of such Notes is less than any period prescribed by any applicable eligibility criteria under the MREL/TLAC Requirements, or (2) of any applicable limits on the amount of eligible liabilities to meet the MREL/TLAC Requirements.

"MREL/TLAC Requirements" means the minimum requirement for own funds and eligible liabilities and/or total loss-absorbing capacity requirements applicable to the Issuer and/or La Banque Postale Group referred to in the BRRD, any other EU law or regulation and relevant implementing legislation and regulation in France.

(n) *Conditions to redemption prior to Maturity Date of Senior Non Preferred Notes*

Any redemption or purchase prior to Maturity Date of a Senior Non Preferred Note is subject to, if required by the Relevant Rules at the time of such redemption or purchase (as applicable), the permission, of the Relevant Regulator to the extent required at such date.

(o) *Conditions to redemption prior to Maturity Date of Senior Preferred Notes*

If "Prior approval of the Relevant Regulator" is specified as applicable in the applicable Final Terms, any redemption or purchase prior to Maturity Date of a Senior Preferred Note is subject to the conditions set out by the prevailing Relevant Rules and, if required by the Relevant Rules at the time of such redemption or purchase (as applicable), the permission, of the Relevant Regulator to the extent required at such date.

"**Bank**" means a bank in the principal financial centre for such currency or, in the case of Euro, in a city in which banks have access to the TARGET System.

(c) **Payments in the United States:** Notwithstanding the foregoing, if any Materialised Bearer Notes are denominated in U.S. Dollars, payments in respect thereof may be made at the specified office of any Paying Agent in New York City in the same manner as aforesaid if (i) the Issuer shall have appointed Paying Agents with specified offices outside the United States with the reasonable expectation that such Paying Agents would be able to make payment of the amounts on the Notes in the manner provided above when due, (ii) payment in full of such amounts at all such offices is illegal or effectively precluded by exchange controls or other similar restrictions on payment or receipt of such amounts and (iii) such payment is then permitted by United States law, without involving, in the opinion of the Issuer, any adverse tax consequence to the Issuer.

- (d) **Payments Subject to Fiscal and other Laws:** All payments are subject in all cases to (i) any applicable fiscal or other laws, regulations and directives in the place of payment but without prejudice to the provisions of Condition 8 and (ii) any withholding or deduction required pursuant to an agreement described in Section 1471(b) of the U.S. Internal Revenue Code of 1986 (the "**Code**") or otherwise imposed pursuant to Sections 1471 through 1474 of the Code, any regulations or agreements thereunder, any official interpretations thereof, or (without prejudice to Condition 8) any law implementing an intergovernmental approach thereto. No commission or expenses shall be charged to the Noteholders or Couponholders in respect of such payments.
- (e) **Appointment of Agents:** The Fiscal Agent, the Paying Agent(s), the Calculation Agent, the Redenomination Agent and the Consolidation Agent initially appointed by the Issuer and their respective specified offices are listed below. The Issuer reserves the right at any time to vary or terminate the appointment of the Fiscal Agent, any other Paying Agent, the Redenomination Agent, the Consolidation Agent and the Registration Agent or the Calculation Agent(s) and to appoint additional or other Paying Agents, provided that the Issuer shall at all times maintain (i) a Fiscal Agent, (ii) one or more Calculation Agent(s) where the Conditions so require, (iii) a Redenomination Agent and a Consolidation Agent where the Conditions so require, (iv) Paying Agent having specified offices in at least two European cities, so long as the rules of, or applicable to, the relevant Regulated Market so require); (v) in the case of Dematerialised Notes, in fully registered form, a Registration Agent and (vi) such other agents as may be required by any other Regulated Market on which the Notes may be admitted to trading.

In addition, the Issuer shall forthwith appoint a Paying Agent in New York City in respect of any Materialised Bearer Notes denominated in U.S. Dollars in the circumstances described in paragraph (c) above.

On a redenomination of the Notes of any Series pursuant to Condition 1(d) with a view to consolidating such Notes with one or more other Series of Notes, in accordance with Condition 13, the Issuer shall ensure that the same entity shall be appointed as both Redenomination Agent and Consolidation Agent in respect of both such Notes and such other Series of Notes to be so consolidated with such Notes.

Notice of any such change or any change of any specified office shall promptly be given to the Noteholders in accordance with Condition 14.

- (f) **Unmatured Coupons and unexchanged Talons**
- (i) Upon the due date for redemption, Materialised Bearer Notes which comprise Fixed Rate Notes should be surrendered for payment together with all unexpired Coupons (if any) relating thereto, failing which an amount equal to the face value of each missing unexpired Coupon (or, in the case of payment not being made in full, that proportion of the amount of such missing unexpired Coupon that the sum of principal so paid bears to the total principal due) shall be deducted from the Final Redemption Amount, Early Redemption Amount or Optional Redemption Amount, as the case may be, due for payment. Any amount so deducted shall be paid in the manner

mentioned above against surrender of such missing Coupon within a period of 10 years from the Relevant Date for the payment of such principal (whether or not such Coupon has become void pursuant to Condition 10).

- (ii) Upon the due date for redemption of any such Materialised Bearer Note comprising a Floating Rate Note or Inflation Linked Notes, unmatured Coupons relating to such Note (whether or not attached) shall become void and no payment shall be made in respect of them.
 - (iii) Upon the due date for redemption of any Materialised Bearer Note, any unexchanged Talon relating to such Note (whether or not attached) shall become void and no Coupon shall be delivered in respect of such Talon.
 - (iv) Where any Materialised Bearer Note that provides that the relative unmatured Coupons are to become void upon the due date for redemption of those Notes is presented for redemption without all unmatured Coupons, and where any Bearer Note is presented for redemption without any unexchanged Talon relating to it, redemption shall be made only against the provision of such indemnity as the Issuer may require.
 - (v) If the due date for redemption of any Materialised Bearer Note is not a due date for payment of interest, interest accrued from the preceding due date for payment of interest or the Interest Commencement Date, as the case may be, shall only be payable against presentation (and surrender if appropriate) of the relevant Definitive Materialised Bearer Note. Interest accrued on a Materialised Bearer Note that only bears interest after its Maturity Date shall be payable on redemption of such Note against presentation of the relevant Materialised Bearer Notes.
- (g) **Talons:** On or after the Interest Payment Date for the final Coupon forming part of a Coupon sheet issued in respect of any Materialised Bearer Note, the Talon forming part of such Coupon sheet may be surrendered at the specified office of the Fiscal Agent in exchange for a further Coupon sheet (and if necessary another Talon for a further Coupon sheet) (but excluding any Coupons that may have become void pursuant to Condition 10).
- (h) **Non-Business Days:** If any date for payment in respect of any Note or Coupon is not a business day, the Noteholder shall not be entitled to payment until the next following business day nor to any interest or other sum in respect of such postponed payment. In this paragraph, "**business day**" means a day (other than a Saturday or a Sunday) (A) (i) in the case of Dematerialised Notes, on which Euroclear France is open for business or (ii) in the case of Materialised Notes, on which banks and foreign exchange markets are open for business in the relevant place of presentation, in such jurisdictions as shall be specified as "**Financial Centres**" in the relevant Final Terms and (B) (i) (in the case of a payment in a currency other than Euro), where payment is to be made by transfer to an account maintained with a bank in the relevant currency, on which foreign exchange transactions may be carried on in the relevant currency in the principal financial centre of the country of such currency or (ii) (in the case of a payment in Euro), which is a TARGET Business Day.

8 Taxation

- (a) **Withholding Taxes:** All payments of principal, interest and other assimilated revenues by or on behalf of the Issuer in respect of the Notes or Coupons shall be

made free and clear of, and without withholding or deduction for, any present or future taxes, duties, assessments or governmental charges of whatever nature imposed, levied, collected, withheld or assessed by or within France or any authority therein or thereof having power to tax, unless such withholding or deduction is required by law.

- (b) **Additional Amounts:** If French law should require that payments of interest in respect of any Note or Coupon be subject to withholding or deduction in respect of any taxes, duties, assessments or governmental charges whatsoever, the Issuer will, to the fullest extent then permitted by law, pay such additional amounts as shall result in receipt by the Noteholders or, if applicable the Couponholders, as the case may be, of such amounts as would have been received by them had no such withholding or deduction been required, except that no such additional amounts shall be payable with respect to any Note or Coupon, as the case may be:
- (i) **Other connection:** to, or to a third party on behalf of, a Noteholder or, if applicable, a Couponholder, as the case may be, who is liable to such taxes, duties, assessments or governmental charges in respect of such Note or Coupon by reason of his having some connection with the Republic of France other than the mere holding of the Note or Coupon; or
- (ii) **Presentation more than 30 days after the Relevant Date:** in the case of Materialised Notes, more than 30 days after the Relevant Date except to the extent that the Noteholder or, if applicable, a Couponholder, as the case may be, would have been entitled to such additional amounts on presenting it for payment on the thirtieth such day.

As used in these Conditions, "**Relevant Date**" in respect of any Note or Coupon means the date on which payment in respect of it first becomes due or (if any amount of the money payable is improperly withheld or refused) the date on which payment in full of the amount outstanding is made or, in the case of Materialised Notes (if earlier) the date seven days after that on which notice is duly given to the Noteholders that, upon further presentation of the Note or Coupon being made in accordance with the Conditions, such payment will be made, provided that payment is in fact made upon such presentation.

References in these Conditions to (i) "**principal**" shall be deemed to include any premium payable in respect of the Notes, all Final Redemption Amounts, Early Redemption Amounts, Optional Redemption Amounts and all other amounts in the nature of principal payable pursuant to Condition 6 or any amendment or supplement to it and (ii) "**interest**" shall be deemed to include (x) all Interest Amounts and all other amounts payable pursuant to Condition 5 or any amendment or supplement to it and (y) any additional amounts that may be payable under this Condition.

9 Events of Default and Enforcement

(a) **Events of default or enforcement (Senior Preferred Notes)**

In the case of Senior Preferred Notes (except where one or more of the Events of Default (as defined below) are specified as not applicable in the applicable Final Terms), the holder of any Note may give written notice to the Issuer and the Fiscal Agent that the Senior Preferred Note is, and it shall accordingly forthwith become,

immediately due and repayable at its Early Redemption Amount, together, if appropriate, with interest accrued to the date of repayment, in any of the following events ("**Events of Default**"):

- (i) the Issuer fails to pay any amount payable in respect of the Senior Preferred Notes or any of them when due and payable and such default is not remedied within 30 days after the relevant due date; or
- (ii) the Issuer fails to perform or observe any of its other obligations under the Senior Preferred Notes and such default is not remedied within 45 days after notice of such default has been given to the Fiscal Agent by any Noteholder; or
- (iii) any indebtedness of the Issuer in excess of €50,000,000, or any guarantee by the Issuer of any such indebtedness shall become due and is not paid on the date which is the later of (i) its stated maturity, and (ii) the expiry of applicable grace periods (the term "indebtedness" as used herein shall mean any note or other debt instrument issued by the Issuer or any credit facility granted to the Issuer by banks); or
- (iv) the Issuer sells, transfers or otherwise disposes of, directly or indirectly, the whole or a substantial part of its assets, or the Issuer enters into, or commences any proceedings in furtherance of, forced or voluntary liquidation or dissolution, except in the case of a disposal, dissolution, liquidation, merger (*fusion-absorption*) or other reorganisation in which all of or substantially all of the Issuer's assets are transferred to a legal entity which simultaneously assumes all of the Issuer's debt and liabilities including the Senior Preferred Notes and whose main purpose is the continuation of, and which effectively continues, the Issuer's activities; or
- (v) the Issuer makes any proposal for a general moratorium in relation to its debt or a judgement is issued for the judicial liquidation (*liquidation judiciaire*) or the transfer of the whole of the business (*cession totale de l'entreprise*) of the Issuer, or, to the extent permitted by applicable law, if the Issuer is subject to any other insolvency or bankruptcy proceedings or makes any conveyance, assignment or other arrangement for the benefit of its creditors or enters into a composition with its creditors.

If the relevant Final Terms specify that all the Events of Default are not applicable notably if "Prior approval of the Relevant Regulator" is specified as applicable in the applicable Final Terms, there will be no event of default under the Senior Preferred Notes which would lead to an acceleration of such Notes if certain events occur. However, a holder of such Senior Preferred Note may, upon written notice to the Fiscal Agent given before all defaults have been cured, cause such Senior Preferred Note to become due and payable at its Early Redemption Amount, together with accrued interest thereon, if any, as of the date on which said notice is received by the Fiscal Agent, in the event that if an order is made or an effective resolution is passed for the liquidation (*liquidation judiciaire* or *liquidation amiable*) of the Issuer.

(b) **Enforcement (Senior Non Preferred Notes and Subordinated Notes)**

There are no events of default in respect of Senior Non Preferred Notes and Subordinated Notes. In no event will holders of Senior Non Preferred Notes and Subordinated Notes and/or any related Coupons be able to accelerate the maturity of

their Subordinated Notes and Senior Non Preferred Notes. However, a holder of Senior Non Preferred Note or Subordinated Note may, upon written notice to the Fiscal Agent given before all defaults have been cured, cause such Senior Non Preferred Note or Subordinated Note to become due and payable at its Early Redemption Amount, together with accrued interest thereon, if any, as of the date on which said notice is received by the Fiscal Agent, in the event that an order is made or an effective resolution is passed for the liquidation (*liquidation judiciaire* or *liquidation amiable*) of the Issuer.

10 Prescription

Claims against the Issuer for payment in respect of the Notes and Coupons (which for this purpose shall not include Talons) shall be prescribed and become void unless made within ten (10) years (in the case of principal) or five years (in the case of interest) from the appropriate Relevant Date in respect of them.

11 Representation of Noteholders

The Noteholders will, in respect of all Tranches of the relevant Series, be grouped automatically for the defence of their common interests in a *masse* (the "**Masse**"), which will be governed by the provisions of Articles L.228-46 *et seq.* of the French *Code de commerce* with the exception of Articles L.228-71 and R.228-69 of the French *Code de commerce* and as supplemented by this Condition 11.

(a) Legal Personality

The *Masse* will be a separate legal entity and will act in part through a representative (the "**Representative**") and in part through collective decisions of the Noteholders (the "**Collective Decisions**").

The *Masse* alone, to the exclusion of all individual Noteholders, shall exercise the common rights, actions and benefits which now or in the future may accrue respectively with respect to the Notes.

(b) Representative

The names and addresses of the Representative and its alternate (if any) will be set out in the relevant Final Terms. The Representative appointed in respect of the first Tranche of any Series of Notes will be the Representative of the single *Masse* of all subsequent Tranches in such Series.

The Representative will be entitled to such remuneration in connection with its functions or duties as set out in the relevant Final Terms. No additional remuneration is payable in relation to any subsequent Tranche of any given Series.

In the event of death, liquidation, retirement, resignation or revocation of appointment of the Representative, such Representative will be replaced by its alternate, if any. Another Representative may be appointed by a Collective Decision.

All interested parties will at all times have the right to obtain the names and addresses of the Representative and the alternate Representative (if any) at the registered office of the Issuer.

(c) **Powers of the Representative**

The Representative shall (in the absence of any Collective Decision to the contrary) have the power to take all acts of management necessary in order to defend the common interests of the Noteholders, with the capacity to delegate its powers.

All legal proceedings against the Noteholders or initiated by them, must be brought by or against the Representative.

(d) **Collective Decisions**

In accordance with Article R.228-71 of the French *Code de commerce*, the rights of each Noteholder to participate in Collective Decision will be evidenced by the entries in the books of the relevant Account Holder or the Issuer or the Registration Agent (as the case may be) of the name of such Noteholder as of 0:00, Paris time, on the second (2nd) business day in Paris preceding the date set for the Collective Decision.

Collective Decisions must be published in accordance with Condition 11(h).

The Issuer shall hold a register of the Collective Decisions and shall make it available, upon request, to any subsequent holder of any of the Notes of such Series.

If such General Meeting has not been called within two months after such demand, the Noteholders may commission one of them to petition the competent court to appoint an agent (*mandataire*) who will call the General Meeting.

General Meetings may deliberate validly on first convocation only if the Noteholders present or represented hold at least one fifth (1/5th) of the principal amount of the Notes then outstanding. On second convocation, no quorum shall be required. The decisions of the General Meeting shall be taken by a two-thirds (2/3rd) majority of votes held by the Noteholders attending such General Meeting or represented thereat.

Notice of the date, time, place and agenda of any General Meeting will be published in accordance with Condition 11(h) not less than fifteen (15) calendar days prior to the date of the General Meeting on first convocation and not less than five (5) calendar days prior to the date of the General Meetings on second convocation.

Each Noteholder has the right to participate in a General Meeting in person, by proxy or by correspondence.

Each Noteholder or representative thereof will have the right to consult or make a copy of the text of the resolutions which will be proposed and of the reports, if any, which will be presented at the General Meeting, all of which will be available for inspection by the relevant Noteholders at the registered office of the Issuer and at any other place specified in the notice of the General Meeting, during the fifteen (15) calendar day period preceding the holding of the General Meeting on first convocation, or during the five (5) calendar day period preceding the holding of the General Meeting on second convocation.

(B) **Written Decisions and Electronic Consent**

At the initiative of the Issuer or the Representative, Collective Decisions may also be taken by a Written Decision.

Such Written Decision shall be signed by or on behalf of Noteholders holding not less than 66.67 per cent. in nominal amount of the Notes outstanding, without having to comply with formalities and time limits referred to in Condition 11(d)(A). Notice seeking the approval of Noteholders by way of Written Decision will contain the conditions of form and time limits to be complied with by Noteholders who wish to express their approval or rejection of such proposed resolution. Any Written Decision shall, for all purposes, have the same effect as a resolution passed at a General Meeting of such Noteholders. Pursuant to Article L.228-46-1 of the French *Code de commerce*, approval of a Written Resolution may also be given by way of electronic communication allowing the identification of Noteholders (the "**Electronic Consent**").

(C) **Exclusion of certain provisions of the French *Code de commerce***

(e) **Expenses**

The holders of Notes of the same Series, and the holders of Notes of any other Series which have been assimilated with the Notes of such first mentioned Series in accordance with Condition 13, shall, for the defence of their respective common interests, be grouped in a single *Masse*. The Representative appointed in respect of the first Tranche of any Series of Notes will be the Representative of the single *Masse* of all such Series.

(g) **Sole Noteholder**

If and for so long as the Notes of any Series are held by a sole Noteholder, and unless a Representative has been appointed in relation to such Series, such Noteholder will exercise all the powers, rights and obligations entrusted to the *Masse* by the provisions of the French *Code de commerce*, as supplemented by these Terms and Conditions. Such sole Noteholder shall hold a register of the decisions it will have taken in this capacity and shall make it available, upon request, to any subsequent holder of all or part of the Notes of such Series. A Representative shall be appointed when the Notes of a Series are held by more than one Noteholder.

(h) **Notices to Noteholders**

Any notice to be given to Noteholders in accordance with this Condition 11 shall be given in accordance with Condition 14.

(i) **Full Masse**

The Issuer shall pay all expenses relating to the operations of the *Masse*, including all expenses relating to the calling and holding of Collective Decisions and, more generally, all administrative expenses resolved upon by Collective Decisions."

For the avoidance of doubt, in this Condition 11, the term "outstanding" shall not include those Notes purchased by the Issuer in accordance with Condition 6(i) that are held by it and not cancelled.

12 **Replacement of definitive Notes, Coupons and Talons**

If, in the case of any Materialised Bearer Notes, a Definitive Materialised Bearer Note, Coupon or Talon is lost, stolen, mutilated, defaced or destroyed, it may be replaced, subject to applicable laws, regulations and Regulated Market regulations, at the specified office of the Fiscal Agent or such other Paying Agent as may from time to time be designated by the Issuer for the purpose and notice of whose designation is given to Noteholders, in each case on payment by the claimant of the fees and costs incurred in connection therewith and on such terms as to evidence, security and indemnity (which may provide, *inter alia*, that if the allegedly lost, stolen or destroyed Definitive Materialised Bearer Note, Coupon or Talon is subsequently presented for payment or, as the case may be, for exchange for further Coupons, there shall be paid to the Issuer on demand the amount payable by the Issuer in respect of such Definitive Materialised Bearer Notes, Coupons or further Coupons) and otherwise as the Issuer may require. Mutilated or defaced Materialised Bearer Notes, Coupons or Talons must be surrendered before replacements will be issued.

13 Further Issues and Consolidation

- (a) **Further Issues:** The Issuer may from time to time (subject, for Subordinated Notes, to the prior information of the Relevant Regulator), without the consent of the Noteholders or Couponholders create and issue further notes to be assimilated (*assimilées*) and form a single series with the Notes provided such Notes and the further notes carry rights identical in all respects (or in all respects save for the principal amount thereof and the first payment of interest) and that the terms of such further notes provide for such assimilation and references in these Conditions to "Notes" shall be construed accordingly.

For the purposes of determining whether a Market Disruption Event exists at any time, if a Market Disruption Event occurs in respect of a security included in the Index at any time, then the relevant percentage contribution of that security to the level of the Index shall be based on a comparison of (x) the portion of the level of the Index attributable to that security and (y) the overall level of the Index, in each case immediately before the occurrence of such Market Disruption Event.

- (ii) the occurrence or existence, in respect of futures or options contracts relating to this Index, of: (a) a Trading Disruption; (b) an Exchange Disruption, which in either case the Calculation Agent determines is material, at any time during the one hour period that (a) for the purposes of the occurrence of a Knock-in Event or a Knock-out Event begins and/or ends at the time on which the level of this Index triggers respectively the Knock-in Level or the Knock-out Level or (b) in all other circumstances that ends at the relevant Valuation Time in respect of the Related Exchange; or (c) an Early Closure, in each case in respect of such futures or options contracts.

For the purposes of determining whether a Market Disruption Event exists in respect of a Component Security at any time, if a Market Disruption Event occurs in respect of such Component Security at that time, then the relevant percentage contribution of that Component Security to the level of this Index shall be based on a comparison of (x) the portion of the level of this Index attributable to that Component Security to (y) the overall level of this Index, in each case using the official opening weightings as published by the Index Sponsor as part of the market "opening data".

(B) Provisions

(1) Valuation Date

If, in respect of any Index, any Valuation Date is a Disrupted Day, then this Valuation Date shall be the first succeeding Scheduled Trading Day that is not a Disrupted Day, unless each of the Specific Number of Scheduled Trading Days immediately following the relevant Scheduled Valuation Date is a Disrupted Day.

In that case, (i) the relevant Ultimate Valuation Date shall be deemed to be that Valuation Date for this Index, notwithstanding the fact that such day is a Disrupted Day, and (ii) the Relevant Level of such Index on such Valuation Date shall be determined by the Calculation Agent as of the Valuation Time on that Ultimate Valuation Date in accordance with (subject to "*Particular*

Provisions" set forth in Condition 1(f) (Particular Provisions)) the formula for and method of calculating this Index last in effect prior to the occurrence of the first Disrupted Day using the Exchange traded or quoted price as of the Valuation Time on such Ultimate Valuation Date of each security comprised in this Index (or, if an event giving rise to a Disrupted Day has occurred in respect of the relevant security on such Ultimate Valuation Date, its good faith estimate of the value for the relevant security as of the Valuation Time on such Ultimate Valuation Date).

"Ultimate Averaging Date" means, in respect of any Index and any Observation Period, the Scheduled Trading Day which is the last of the Specific Number of Scheduled Trading Days immediately following the original date that, but for the occurrence of another Averaging Date or Disrupted Day, would have been the final Averaging Date relating to this Observation Period.

"Specific Number" means the number specified as such in the applicable Final Terms or if no number is specified the Specific Number shall be deemed equal to eight.

(3) Knock-in Event and Knock-out Event

If the Knock-in Valuation Time or the Knock-out Valuation Time specified in the applicable Final Terms is the Valuation Time and if any Knock-in Determination Day or Knock-out Determination Day is a Disrupted Day, then

such Knock-in Determination Day or Knock-out Determination Day will be deemed not to be a Knock-in Determination Day or Knock-out Determination Day for the purposes of determining the occurrence of a Knock-in Event or a Knock-out Event.

"Index Level" means either:

- (i) in respect of any Automatic Early Redemption Valuation Date, the level of the Index being the Relevant Level of such Index on such Automatic Early Redemption Valuation Date; OR
- (ii) in respect of the Automatic Early Redemption Averaging Dates relating to an Automatic Early Redemption Observation Period, the arithmetic average as determined by the Calculation Agent (rounded to the nearest unit of the Specified Currency in which the Index is valued (with halves being rounded up)) of the Specified Prices on each of such Automatic Early Redemption Averaging Dates PROVIDED that Index Level will mean the Settlement Price relating to the Index as determined by the Calculation Agent on such Automatic Early Redemption Averaging Date if such date occurs on the Settlement Day;

subject to adjustment from time to time in accordance with the provisions set forth in Condition 1(f) (Particular Provisions) below and to "*Consequences of Disrupted Day(s)*" set forth in Condition 1(c) (Consequences of Disrupted Day(s)) above.

(B) Consequences of the occurrence of an Automatic Early Redemption Event

If **"Automatic Early Redemption Event"** is specified as applicable in the Final Terms, then unless previously redeemed or purchased and cancelled, if on any Automatic Early Redemption Valuation Date the Automatic Early Redemption Event occurs, then the Notes will be automatically redeemed in whole, but not in part, on the Automatic Early Redemption Date immediately following such Automatic Early Redemption Valuation Date and the Redemption Amount payable by the Issuer on such date upon redemption of each Note shall be an amount in the Specified Currency specified in the applicable Final Terms equal to the relevant Automatic Early Redemption Amount.

(C) Consequences of Disrupted Days

(1) Automatic Early Redemption Valuation Date

If any Automatic Early Redemption Valuation Date is a Disrupted Day, then this Automatic Early Redemption Valuation Date shall be the first succeeding Scheduled Trading Day that is not a Disrupted Day, unless each of the Specific Number of Scheduled Trading Days immediately following the relevant Scheduled Automatic Early Redemption Valuation Date is a Disrupted Day.

In that case, (i) the relevant Ultimate Automatic Early Redemption Valuation Date shall be deemed to be that Automatic Early Redemption Valuation Date, notwithstanding the fact that such day is a Disrupted Day, and (ii) the Calculation Agent shall determine the level of the Index as of the Valuation Time on that Ultimate Automatic Early Redemption Valuation Date in accordance with (subject to adjustments to the Index set forth in Condition 1(f) (Particular Provisions) below) the formula for and method of calculating the Index last in effect prior to the occurrence of the first Disrupted Day using the Exchange traded or quoted price as of the Valuation Time on that Ultimate Automatic Early Redemption Valuation Date of each security comprised in the Index (or, if an event giving rise to a Disrupted Day has occurred in respect of the relevant security on that Ultimate Automatic Early Redemption Valuation Date, its good faith estimate of the value for the relevant security as of the Valuation Time on that Ultimate Automatic Early Redemption Valuation Date).

Trading Day which is the last of the Specific Number of Scheduled Trading Days immediately following such Automatic Early Redemption Valuation Date.

If any Automatic Early Redemption Averaging Date is a Disrupted Day, then this Automatic Early Redemption Averaging Date shall be the first succeeding Automatic Early Redemption Valid Date. If the first succeeding Automatic Early Redemption Valid Date has not occurred as of the Valuation Time on the Ultimate Automatic Early Redemption Averaging Date, then (A) the Ultimate Automatic Early Redemption Averaging Date shall be deemed to be that Automatic Early Redemption Averaging Date (irrespective of whether the Ultimate Automatic Early Redemption Averaging Date is already an Automatic Early Redemption Averaging Date), and (B) the Calculation Agent shall determine the level of the Index as of the Valuation Time on that Ultimate Automatic Early Redemption Averaging Date in accordance with (subject to adjustments to the Index set forth in Condition 1(f) (Particular Provisions) below) the formula for and method of calculating the Index last in effect prior to the occurrence of the first Disrupted Day using the Exchange traded or quoted price as of the Valuation Time on that Ultimate Automatic Early Redemption Averaging Date of each security comprised in the Index (or, if an event giving rise to a Disrupted Day has occurred in respect of the relevant security on that Ultimate Automatic Early Redemption Averaging Date, its good faith estimate of the value for the relevant security as of the Valuation Time on that Ultimate Automatic Early Redemption Averaging Date).

"**Ultimate Automatic Early Redemption Averaging Date**" means, in respect of any Automatic Early Redemption Observation Period, the Scheduled Trading Day which is the last of the Specific Number of Scheduled Trading Days immediately following the original date that, but for the occurrence of another Automatic Early Redemption Averaging Date or Disrupted Day, would have been the final Automatic Early Redemption Averaging Date relating to this Automatic Early Redemption Observation Period.

"**Successor Index**") will be deemed to be the Index and the Additional Conditions applicable to Index Linked Notes shall be construed accordingly.

- (ii) If on or prior to the latest of the last Valuation Date, the last Averaging Date, the last Knock-in Determination Day or the last Knock-out Determination Day, the Index Sponsor (a) announces that it will make a material change in the formula for or the method of calculating the Index or in any other way materially modifies the Index (other than a modification prescribed in that formula or method to maintain the Index in the event of changes in constituent stock and capitalisation and other routine events or changes in the calculation or composition of the Index already set out in the rules applicable to that Index, in which case the Calculation Agent will use the Index as modified by the Index Sponsor in accordance with the rules applicable to that Index) (an "**Index Modification**") or permanently cancels the Index and no Successor Index exists (an "**Index Cancellation**") or (b) fails to calculate and announce the Index (an "**Index Disruption**" (provided for the avoidance of doubt that a successor sponsor calculating and announcing the Index determined as unacceptable by the Calculation Agent shall be an Index Disruption) and together with an Index Modification and an Index Cancellation, each an "**Index Adjustment Event**"), then the Calculation Agent shall, for the purpose of performing its obligations in respect of the outstanding Notes, either:
- (I) calculate the level of the Index in accordance with the formula for and method of calculating the Index last in effect prior to the change, failure or cancellation, but using only those securities that comprised the Index immediately prior to the Index Adjustment Event; or (but not and)
 - (II) replace the Index by the Index as so modified or by the new index (as the case may be), provided that in such case, (A) the Calculation Agent will make such adjustments to the new index as may be required in order to preserve the economic equivalent of the obligation of the Issuer to make payment of any amount due and payable under the Notes linked to the Index as if such new or modified index had not replaced the Index and, if need be, will multiply the modified or new index by a linking coefficient to do so as determined by the Calculation Agent and (B) the Noteholders will be notified of the modified Index or the new index (as the case may be) and, if need be, of the linking coefficient; or (but not and)
 - (III) if Monetisation is specified as applicable in the relevant Final Terms, to apply the Monetisation provisions set forth in paragraph 1(g) below; or (but not and)
 - (IV) if so specified as applicable in the relevant Final Terms, require the Issuer to redeem each Note at an amount per Note equal to the Early Redemption Amount. The Early

Redemption Amount shall be payable by the Issuer on the fifth Business Day following notification by the Calculation Agent to the Issuer that the Calculation Agent has determined that the event referred to in this paragraph (IV) has occurred. The Issuer shall promptly notify the Paying Agent and the Noteholders in accordance with Condition 14 of the Terms and Conditions of the Notes that it has elected to redeem the Notes (such notice stating the Early Redemption Date and the applicable Early Redemption Amount).

(iii) If on or prior to the latest of the last Valuation Date, the last Averaging Date, the last Knock-in Determination Day or the last Knock-out Determination Day, the Calculation Agent determines that a Change of Law or a Hedging Disruption or an Increased Cost of Hedging occurs, then it shall forthwith notify the Issuer of such event and the Issuer shall elect, either:

(I) to require the Calculation Agent to make such adjustment(s) to the redemption, settlement, payment or any other terms of the Notes as it considers to be appropriate, and determine the effective date of such adjustment(s);

OR (but not and)

(II) if Monetisation is specified as applicable in the relevant Final Terms, to apply the Monetisation provisions set forth in paragraph 1(g) below;

OR (but not and)

(III) to redeem all (but not some only) of the each Notes on the tenth Business Day (such day being an "**Early Redemption Date**") following the day (or, if such day is not a Business Day, the first Business Day following the day) on which the Issuer receives notice from the Calculation Agent that such event has occurred (such day being a "**Notification Date**"). The Notes shall be redeemed on the Early Redemption Date at the Early Redemption Amount determined by the Calculation Agent as of the Notification Date. The Issuer's obligations under the Notes shall be satisfied in full upon payment of such amount. The Issuer shall promptly notify the Paying Agent and the Noteholders in accordance with Condition 14 of the Terms and Conditions of the Notes that it has elected to redeem the Notes (such notice stating the Early Redemption Date and the applicable Early Redemption Amount).

"**Hedge Positions**" means any purchase, sale, entry into or maintenance of one or more (i) positions or contracts in securities, options, futures, derivatives or foreign exchange, (ii) stock loan transactions or (iii) other instruments or arrangements (howsoever described) by the Issuer in order to hedge, individually or on a portfolio basis, the risk of entering into and performing its obligations with respect to the Notes.

"**Increased Cost of Hedging**" means, unless otherwise determined in the relevant Final Terms that the Issuer and/or its affiliates, would incur a materially increased (as compared with circumstances existing on the Issue Date of the relevant Notes) amount of tax, duty, expense or fee (other than brokerage commissions) to (i) acquire, establish, re-establish, substitute, maintain, unwind or dispose of any transaction(s) or asset(s) it deems necessary to hedge the risk of the Issuer entering into and performing its obligations with respect to the Notes, or (ii) realise, recover or remit the proceeds of any such transaction(s) or asset(s), provided that any such materially increased amount that is incurred solely due to the deterioration of the creditworthiness of the Issuer and/or its affiliates, shall not be deemed an Increased Cost of Hedging.

- (iv) In the event that any level announced by the Index Sponsor which is utilised by the Calculation Agent for any determination (the "**Original Determination**") is subsequently corrected and the correction (the "**Corrected Value**") is announced by the Index Sponsor within two Scheduled Trading Days after the original publication and in any case not later than the second Scheduled Trading Day immediately preceding the payment date of the amount due and payable under the Notes which is linked to that Original Determination, then the Calculation Agent will notify the Issuer of the Corrected Value as soon as reasonably practicable and shall

determine the relevant value (the "**Replacement Determination**") using the Corrected Value.

If the result of the Replacement Determination is different from the result of the Original Determination, to the extent that it considers it to be necessary, the Calculation Agent may adjust any relevant terms hereof accordingly.

For the avoidance of doubt, Noteholders shall not be entitled to make any claim against the Issuer or the Calculation Agent in the case where any Original Determination is not subsequently corrected and/or the correction of the Original Determination is announced by the Index Sponsor after the second Scheduled Trading Day immediately preceding the payment date of the amount due and payable under the Notes which is linked to that Original Determination.

- (v) The Calculation Agent shall as soon as practicable provide detailed notice of any determinations and/or adjustments, as the case may be, made and notified to the Issuer by the Calculation Agent pursuant to paragraphs (i), (ii) or (iv) of this Condition 1(f) (Particular Provisions), whereupon the Issuer shall promptly provide detailed notice to the Fiscal Agent and to the Noteholders in accordance with Condition 14 of the Terms and Conditions of the Notes of such determinations and/or adjustments made and notified by the Calculation Agent.

shall determine the level of the Index as of the Valuation Time on that Ultimate Automatic Early Redemption Averaging Date in accordance with (subject to adjustments to the Index set forth in Condition 2(f) (Particular Provisions) below) the formula for and method of calculating that Index last in effect prior to the occurrence of the first Disrupted Day using the Exchange traded or quoted price as of the Valuation Time on that Ultimate Automatic Early Redemption Averaging Date of each security comprised in that Index (or, if an event giving rise to a Disrupted Day has occurred in respect of the relevant security on that Ultimate Automatic Early Redemption Averaging Date, its good faith estimate of the value for the relevant security as of the Valuation Time on that Ultimate Automatic Early Redemption Averaging Date).

"Ultimate Automatic Early Redemption Averaging Date" means, in respect of any Index and any Automatic Early Redemption Observation Period, the Scheduled Trading Day which is the last of the Specific Number of Scheduled Trading Days immediately following the original date that, but for the occurrence of another Automatic Early Redemption Averaging Date or Disrupted Day, would have been the final Automatic Early Redemption Averaging Date relating to this Automatic Early Redemption Observation Period.

"Specific Number" means the number specified as such in the applicable Final Terms or if no number is specified the Specific Number shall be deemed equal to eight.

(f) Particular Provisions

- (i) If any Index is (i) not calculated and announced by the relevant Index Sponsor but is calculated and announced by a successor sponsor acceptable to the Calculation Agent or (ii) replaced by a successor index using, in the determination of the Calculation Agent, the same or a substantially similar formula for and method of calculation as used in the calculation of this Index, then in each case that index (the **"Successor Index"**) will be deemed to be such Index and the Conditions shall be construed accordingly.
- (ii) If, in respect of any Index, on or prior to the latest of the last Valuation Date, the last Averaging Date, the last Knock-in Determination Day or the last Knock-out Determination Day, the relevant Index Sponsor (a) announces that it will make a material change in the formula for or the method of calculating this Index or in any other way materially modifies this Index (other than a modification prescribed in that formula or method to maintain this Index in the event of changes in constituent stock and capitalisation and other routine events or changes in the calculation or composition of the Index already set out in the rules applicable to that Index, in which case the Calculation Agent will use the Index as modified by the Index Sponsor in accordance with the rules applicable to that Index) (an **"Index Modification"**) or permanently cancels this Index and no Successor Index exists (an **"Index Cancellation"**) or (b) fails to calculate and announce this Index (an **"Index Disruption"**)

(provided for the avoidance of doubt that a successor sponsor calculating and announcing this Index determined as unacceptable by the Calculation Agent shall be an Index Disruption) and together with an Index Modification and an Index Cancellation, each an "**Index Adjustment Event**"), then the Calculation Agent shall, for the purpose of performing its obligations in respect of the outstanding Notes, either:

- (I) calculate the level of this Index in accordance with the formula for and method of calculating this Index last in effect prior to the change, failure or cancellation, but using only those securities that comprised this Index immediately prior to the Index Adjustment Event; or (but not and)
 - (II) replace this Index by this Index as so modified or by the new index (as the case may be), provided that in such case, (a) the Calculation Agent will make such adjustments to the new index as may be required in order to preserve the economic equivalent of the obligation of the Issuer to make payment of any amount due and payable under the Notes linked to this Index as if such new or modified index had not replaced this Index and, if need be, will multiply the modified or new index by a linking coefficient to do so as determined by the Calculation Agent and (b) the Noteholders will be notified of the modified Index or the new index (as the case may be) and, if need be, of the linking coefficient; or (but not and)
 - (III) if Monetisation is specified as applicable in the relevant Final Terms, to apply the Monetisation provisions set forth in paragraph 2(g) below; or (but not and)
 - (IV) if so specified as applicable in the relevant Final Terms, require the Issuer to redeem each Note at an amount per Note equal to the Early Redemption Amount. The Early Redemption Amount shall be payable by the Issuer on the fifth Business Day following notification by the Calculation Agent to the Issuer that the Calculation Agent has determined that the event referred to in this paragraph (ii) has occurred. The Issuer shall promptly notify the Paying Agent and the Noteholders in accordance with Condition 14 of the Terms and Conditions of the Notes that it has elected to redeem the Notes (such notice stating the Early Redemption Date and the applicable Early Redemption Amount).
- (iii) In the event that, in respect of any Index, any level announced by the relevant Index Sponsor which is utilised by the Calculation Agent for any determination (the "**Original Determination**") is subsequently corrected and the correction (the "**Corrected Value**") is announced by this Index Sponsor within two Scheduled Trading Days after the original publication and in any case not later than the second Scheduled Trading Day immediately preceding the payment date of the amount due and payable under the Notes which is linked to that

Original Determination, then the Calculation Agent will notify the Issuer of the Corrected Value as soon as reasonably practicable and shall determine the relevant value (the "**Replacement Determination**") using the Corrected Value.

If the result of the Replacement Determination is different from the result of the Original Determination, to the extent that it considers it to be necessary, the Calculation Agent may adjust any relevant terms hereof accordingly.

For the avoidance of doubt, Noteholders shall not be entitled to make any claim against the Issuer or the Calculation Agent in the case where any Original Determination is not subsequently corrected and/or the correction of the Original Determination is announced by this Index Sponsor after the second Scheduled Trading Day immediately preceding the payment date of the amount due and payable under the Notes which is linked to that Original Determination.

- (iv) If, in respect of any Index, on or prior to the latest of the last Valuation Date, the last Averaging Date, the last Knock-in Determination Day or the last Knock-out Determination Day, the Calculation Agent determines that a Change of Law or a Hedging Disruption or an Increased Cost of Hedging occurs, then it shall forthwith notify the Issuer of such event and the Issuer may elect, either:
 - (I) to require the Calculation Agent to make such adjustment(s) to the redemption, settlement, payment or any other terms of the Notes as it considers to be appropriate, and determine the effective date of such adjustment(s);
OR (but not and)
 - (II) if Monetisation is specified as applicable in the relevant Final Terms, to apply the Monetisation provisions set forth in paragraph 2(g) below;
OR (but not and)
 - (III) to redeem all (but not some only) of the Notes on the tenth Business Day (such day being an "**Early Redemption Date**") following the day (or, if such day is not a Business Day, the first Business Day following the day) on which the Issuer receives notice from the Calculation Agent that such event has occurred (such day being a "**Notification Date**"). The Notes shall be redeemed on the Early Redemption Date at the Early Redemption Amount determined by the Calculation Agent as of the Notification Date. The Issuer's obligations under the Notes shall be satisfied in full upon payment of such amount. D. Formulae applicable to Index Linked Notes

D.1 Formula applicable to the Final Redemption Amount

Vanilla

The objective of the Vanilla Notes is to pay final redemption amount linked to the performance of the Selection.

If Vanilla is specified as applicable in the relevant Final Terms, the Final Redemption Amount per Note shall be determined by the Calculation Agent in accordance with the following formula:

	Denomination × (100% + Coupon + OptionalCoupon)
	where:
	Coupon means an interest rate as specified in the Final Terms.
	OptionalCoupon is equal to:
	G × Min(Cap, Max(Type × (P × BasketPerf(t) - K), Floor)))
	where:
	G means the percentage specified in the Final Terms.
	Cap means the percentage specified in the Final Terms.
	Floor means the percentage specified in the Final Terms.
	K means the percentage specified in the Final Terms.
	P means the percentage specified in the Final Terms.
	Type means a number equal to (-1) or (1), as specified in the Final Terms.
	BasketPerf(t) means a performance of the Selection on the last Valuation Date, associated, if need be, with an Observation Dates Set. Its value is calculated using one of the formulae listed in section 2 above (Definitions applicable to Index Linked Notes), with regard to the definition of "BasketPerf", as specified in the Final Terms.
Conditional Vanilla	<i>The Conditional Vanilla is designed to pay a final redemption amount linked to the performance of the Selection and the value of the Relevant FX. The payment of this amount is nonetheless conditional on the fulfilment of one or several conditions.</i>
	If Conditional Vanilla is specified as applicable in the relevant Final Terms, the Final Redemption Amount per Note shall be determined by the Calculation Agent in accordance with the following formula:
	Denomination × [R + Coupon + (Vanilla₁ × Condition₁ × FX₁) + (Vanilla₂ × Condition₂ × FX₂) + (Vanilla₃ × Condition₃ × FX₃)]
	where:
	Vanilla₁ = Coupon₁ + G₁ × Min(Cap₁, Max(Type₁ × (BasketPerf₁(t) - K₁), Floor₁))
	Vanilla₂ = Coupon₂ + G₂ × Min(Cap₂, Max(Type₂ × (BasketPerf₂(t) - K₂), Floor₂))

	$\text{Vanilla}_3 = \text{Coupon}_3 + G_3 \times \text{Min}(\text{Cap}_3, \text{Max}(\text{Type}_3 \times (\text{BasketPerf}_3(t) - K_3), \text{Floor}_3))$
	The value of each Condition is determined as follows:
	$\text{Condition}_1 = 1 \text{ if } \text{BasketPerf}_4(t) \geq H$
	$= 0 \text{ if not}$
	$\text{Condition}_2 = 1 \text{ if } \text{BasketPerf}_5(t) < B$

	Condition₃ = 1 if BasketPerf₆ (t) ≥ D₁
	= 0 if not
	If both "D₁" and "D₂" are specified as Not Applicable: Condition₃ = 0
	BasketPerf₁ (t), BasketPerf₂ (t), BasketPerf₃ (t), BasketPerf₄ (t), BasketPerf₅ (t), BasketPerf₆ (t), BasketPerf₇ (t) mean performances of the Selection on the last Valuation Date, associated with, if need be, one or several Observation Dates Sets. Each of their respective values is calculated using one of the formulae specified in section 2 above (Definitions applicable to Index Linked Notes), with regard to the definition of "BasketPerf", as specified in the Final Terms. It should be noted that the formula used to calculate "BasketPerf _i (T)" may be different from the formula used to calculate "BasketPerf _j (T)", when the subscript "i" is different from the subscript "j".
D.2 Formula applicable to the Interest Amount	
Digital Series	<i>The Digital Series may pay a conditional or guaranteed interest amount on each Interest Payment Date. If applicable, the "Lock-in" effect may be activated, making the interest amounts unconditional. Also, if applicable, Noteholders may benefit from the Memory Effect, which triggers payment of any previously unpaid interest amounts.</i>
	If Digital Series is specified as applicable in the relevant Final Terms, on each Valuation Date indexed "t", the Interest Amount, payable on the Interest Payment Date indexed "t", shall be calculated in accordance with the following formula:
	if Lockin Condition(t) = 1, then:
	Interest Amount(t) = Denomination × LockinCoupon(t)
	If Lockin Condition(t) = 0, then:

	Interest Amount(t) = Denomination × NonLockinCoupon(t)
	Where:
	$\begin{aligned} &\text{NonLockinCoupon}(t) \\ &= \text{CouponMin}(t) + \text{Coupon}_1(t) \times \text{Condition}_1(t) \\ &+ \text{Coupon}_2(t) \times \text{Condition}_2(t) \\ &+ \text{Coupon}_3(t) \times \text{Condition}_3(t) - \text{MemoryCoupon}(t) \\ &\times \text{MemoryCondition}(t) \end{aligned}$
	LockinCoupon(t) = Coupon4(t)
	The value of each Condition is determined as follows:
	Condition₁ (t) = 1 if BasketPerf₁ (t) ≥ H(t)
	= 0 if not
	Condition₂ (t) = 1 if BasketPerf₂ (t) ≤ B(t)
	= 0 if not
	Condition₃ (t) = 1 "if BasketPerf₃ (t) ≥ D₁ (t) and BasketPerf₄ (t) ≤ D₂ (t)"
	= 0 if not
	LockinCondition(t) = 1 if BasketPerf₅ (t) ≥ L(t)
	= 0 if not
	MemoryCondition(t) = 1 if Condition₁(t) = 1 or Condition₂(t) = 1 or Condition₃(t) = 1
	= 0 if not
	where:
	CouponMin(t), Coupon₁ (t), Coupon₂ (t), Coupon₃ (t), Coupon₄ (t) means an interest rate as specified in the Final Terms.
	H(t) means the percentage specified in the Final Terms.
	B(t) means the percentage specified in the Final Terms.
	D₁ (t) means the percentage specified in the Final Terms. If D ₁ (t) is specified as being Not Applicable, then:
	Condition₃ (t) = 1 if BasketPerf₄ (t) ≤ D₂ (t)
	= 0 if not
	D₂ (t) means the percentage specified in the Final Terms. If D ₂ (t) is specified as

	being Not Applicable, then:
	$\text{Condition}_3(t) = 1$ if $\text{BasketPerf}_3(t) \geq D1(t)$
	$= 0$ if not
	- If both "D ₁ (t)" and "D ₂ (t)" are specified as Not Applicable: $\text{Condition}_3(t) = 0$
	L(t) means the percentage specified in the Final Terms.
	BasketPerf₁(t), BasketPerf₂(t), BasketPerf₃(t), BasketPerf₄(t), BasketPerf₅(t) mean performances of the Selection on the Valuation Date indexed "t", associated with, if need be, one or several Observation Dates Sets. Each of their respective values is calculated using one of the formulae specified in section 2 above (Definitions applicable to Index Linked Notes), with regard to the definition of "BasketPerf", as specified in the Final Terms. It should be noted that the formula used to calculate "BasketPerf _i (t)" may be different from the formula used to calculate "BasketPerf _j (t)", when the subscript "i" is different from the subscript "j".
D.3 Formulae applicable to the Interest Amount, to the Automatic Early Redemption Amount and to the Final redemption Amount	
Autocallable Conditional Vanilla Series	<i>Autocallable Conditional Vanilla Series are Notes that may include regular interest amounts as well as a variable final redemption amount. On each Valuation Date indexed "t", an interest amount linked to the performance of the Selection is potentially paid on the Interest Payment Date indexed "t". At maturity, the capital of the Notes may be at risk depending on the final performance of the Selection. Moreover, the Notes may be automatically redeemed before the maturity of the Notes if the performance of the selection is above a threshold. In such cases, the Notes are redeemed at par, with any accrued interest amount also payable.</i>
	If Autocallable Conditional Vanilla Series is specified as applicable in the relevant Final Terms, on each Valuation Date indexed "t", the Interest Amount, payable on the Interest Payment Date indexed "t", unless this Valuation Date falls after the occurrence of an Automatic Early Redemption Event, shall be calculated in accordance with the following formula:
	Interest Amount(t) $= \text{Denomination} \times ([\text{Vanilla}_1(t) \times \text{UpsideCondition}_1(t)]$ $+ [\text{Vanilla}_2(t)$ $\times \text{DownsideCondition}_2(t)] - \text{MemoryCoupon}(t)$ $\times \text{MemoryCondition}(t))$
	Where:
	$\text{Vanilla}_1(t) = \text{Coupon}_1(t) + G_1(t) \times \text{Min}(\text{Cap}_1(t), \text{Max}(\text{Type}_1(t)$ $\times (\text{BasketPerf}_1(t)$ $- K_1(t)), \text{Floor}_1(t))$

	$\text{Vanilla}_2(t) = \text{Coupon}_2 + G_2(t) \times \text{Min}(\text{Cap}_2(t), \text{Max}(\text{Type}_2(t) \times (\text{BasketPerf}_2(t) - K_2(t)), \text{Floor}_2(t)))$
	And:
	$\text{UpsideCondition}_1(t) = 1 \text{ if } \text{BasketPerf}_3(t) \geq H_1(t)$
	$= 0 \text{ if not}$
	$\text{DownsideCondition}_2(t) = 1 \text{ if } \text{BasketPerf}_4(t) \leq B_2(t)$
	$= 0 \text{ if not}$
	$\text{MemoryCondition}(t) = 1 \text{ if } \text{UpsideCondition}_1(t) = 1 \text{ or if } \text{DownsideCondition}_2(t) = 1$
	$= 0 \text{ if not}$
	where:
	Coupon₁(t), Coupon₂(t) means an interest rate as specified in the Final Terms.
	G₁(t), G₂(t) means the percentages specified in the Final Terms.
	Cap₁(t), Cap₂(t) means the percentages specified in the Final Terms.

	K₁(t), K₂(t) means the percentages specified in the Final Terms.
	Type₁(t), Type₂(t) means a number equal to (-1) or (1), as specified in the Final Terms.
	H₁(t) means the percentage specified in the Final Terms. If "H ₁ (t)" is specified as being Not Applicable, then Upside Condition ₁ (t) = 0 in any event.
	B₂(t) means the percentage specified in the Final Terms. If "B ₂ (t)" is specified as being Not Applicable, then Downside Condition ₂ (t) = 1 in any event.
	BasketPerf₁(t), BasketPerf₂(t), BasketPerf₃(t), BasketPerf₄(t) mean performances of the Selection on the Valuation Date indexed "t", associated with, if need be, one or several Observation Dates Sets. Each of their respective values is calculated using one of the formulae specified in section 2 above (Definitions applicable to Index Linked Notes), with regard to the definition of "BasketPerf", as specified in the Final Terms. It should be noted that the formula used to calculate "BasketPerf _i (t)" may be different from the formula used to calculate "BasketPerf _j (t)", when the subscript "i" is different from the subscript "j".
	If the value of Interest Amount(t) is negative, no Interest Amount shall be payable on the relevant Interest Payment Date.

	If Autocallable Conditional Vanilla Series is specified as applicable in the relevant Final Terms, the Automatic Early Redemption of the Note is triggered on any Valuation Date indexed "t" where:
	AutoCallCondition(t) = 1
	With:
	AutoCallCondition(t) = 1 if BasketPerf₅(t) ≥ R(t)
	= 0 if not
	where:
	R(t) means the percentage specified in the Final Terms. If "R(t)" is specified as being Not Applicable, then AutoCallCondition(t) = 0 in any event.
	BasketPerf₅(t) means a performance of the Selection on the Valuation Date indexed "t", associated, if need be, with an Observation Dates Set. Its value is calculated using one of the formulae listed in section 2 above (Definitions applicable to Index Linked Notes), with regard to the definition of "BasketPerf", as specified in the Final Terms.
	In this case, the Issuer shall pay the Automatic Early Redemption Amount per Note on the Automatic Early Redemption Date following immediately the Valuation Date "t" as determined by the Calculation Agent in accordance with the following formula:
	Denomination × [100% + (Vanilla₃(t) × UpsideCondition₃(t)) + (Vanilla₄(t) × DownsideCondition₄(t))]
	where:
	Vanilla₃(t) = Coupon₃(t) + G₃(t) × Min(Cap₃(t), Max (Type₃ × (BasketPerf₆(t) – K₃(t)), Floor₃(t)))
	Vanilla₄(t) = Coupon₄(t) + G₄(t) × Min(Cap₄(t), Max (Type₄ × (BasketPerf₇(t) – K₄(t)), Floor₄(t)))
	The value of each Condition is determined as follows:
	UpsideCondition₃(t) = 1 if BasketPerf₈(t) ≥ H₃(t)
	= 0 if not
	DownsideCondition₄(t) = 1 if BasketPerf₉(t) ≤ B₄(t)

	= 0 if not
	where:
	Coupon₃ (t), Coupon₄ (t) means an interest rate as specified in the Final Terms.
	G₃ (t), G₄ (t) means the percentages specified in the Final Terms.
	Cap₃ (t), Cap₄ (t) means the percentages specified in the Final Terms.

	K₃ (t), K₄ (t) means the percentages specified in the Final Terms.
	Type₃ (t), Type₄ (t) means a number equal to (-1) or (1), as specified in the Final Terms.
	H₃ (t) means the percentage specified in the Final Terms. If "H ₃ (t)" is specified as being Not Applicable, then $UpsideCondition_3(t) = 0$ in any event.
	B₄ (t) means the percentage specified in the Final Terms. If "B ₄ (t)" is specified as being Not Applicable, then $DownsideCondition_4(t) = 1$ in any event.
	BasketPerf₆ (t), BasketPerf₇ (t), BasketPerf₈ (t), BasketPerf₉ (t) mean performances of the Selection on the Valuation Date indexed "t", associated with, if need be, one or several Observation Dates Sets. Each of their respective values is calculated using one of the formulae specified in section 2 above (Definitions applicable to Index Linked Notes), with regard to the definition of "BasketPerf", as specified in the Final Terms. It should be noted that the formula used to calculate "BasketPerf _i (t)" may be different from the formula used to calculate "BasketPerf _j (t)", when the subscript "i" is different from the subscript "j".
	If Autocallable Conditional Vanilla Series is specified as applicable in the relevant Final Terms, if the Note has never been subject to an Automatic Early Redemption, then the Final Redemption Amount per Note shall be equal to:
	$\begin{aligned} & \text{Denomination} \times [100\% + \text{FinalCoupon} \\ & \times (1 - \text{DownsideCondition}_5) - \text{Vanilla}_5 \\ & \times \text{DownsideCondition}_5] \end{aligned}$
	Where:
	$\text{Vanilla}_5 = G_5 \times \text{Min}(\text{Cap}_5, \text{Max}((K_5 - \text{BasketPerf}_{10}(t)), \text{Floor}_5))$
	$\text{DownsideCondition}_5 = 1$ if $\text{BasketPerf}_{11}(t) < B_5$
	= 0 if not
	$\begin{aligned} \text{FinalCoupon} &= \text{Vanilla}_6 \times \text{UpsideCondition}_6 + \text{Vanilla}_7 \\ &\times \text{UpsideCondition}_7 \end{aligned}$

	with:
	$\text{Vanilla}_6 = \text{Coupon}_6 + G_6 \times \text{Min}(\text{Cap}_6, \text{Max}((\text{BasketPerf}_{12}(t) - K_6), \text{Floor}_6))$
	$\text{Vanilla}_7 = \text{Coupon}_7 + G_7 \times \text{Min}(\text{Cap}_7, \text{Max}((\text{BasketPerf}_{13}(t) - K_7), \text{Floor}_7))$
	$\text{UpsideCondition}_6 = 1 \text{ if } \text{BasketPerf}_{14}(t) \geq H_6$
	$= 0 \text{ if not}$
	$\text{UpsideCondition}_7 = 1 \text{ if } \text{BasketPerf}_{15}(t) \geq H_7$

Each of their respective values is calculated using one of the formulae specified in section 2 above (Definitions applicable to Index Linked Notes), with regard to the definition of "BasketPerf", as specified in the Final Terms. It should be noted that the formula used to calculate "BasketPerf _i (t)" may be different from the formula used to calculate "BasketPerf _j (t)", when the subscript "i" is different from the subscript "j".
Phoenix	<i>The Phoenix Notes may pay a conditional or guaranteed interest amount on each Interest Payment Date. If applicable, Noteholders may benefit from the Memory Effect, which triggers payment of any previously unpaid interest amounts. Automatic early redemption may occur during the term of the Notes. At maturity and in case of Automatic Early Redemption, the capital of the Notes may be at risk depending on the final performance of the Selection.</i>
	If Phoenix is specified as applicable in the relevant Final Terms, on each Valuation Date indexed "t", the Interest Amount, payable on the Interest Payment Date indexed "t", unless this Valuation Date falls after the occurrence of an Automatic Early Redemption Event, shall be calculated in accordance with the following formula:
	Interest Amount(t) = Denomination × [Coupon₁(t) + (Coupon₂(t) – MemoryCoupon(t)) × UpsideCondition(t)]
	$UpsideCondition(t) = 1$ if $BasketPerf_1(t) \geq H(t)$

TEMPORARY GLOBAL CERTIFICATES ISSUED IN RESPECT OF MATERIALIZED BEARER NOTES

Temporary Global Certificates

A Temporary Global Certificate, without interest Coupons, will initially be issued in connection with Materialised Bearer Notes. Upon the initial deposit of such Temporary Global Certificate with a common depositary for Euroclear and Clearstream (the "**Common Depositary**"), Euroclear or Clearstream will credit the accounts of each subscriber with a principal amount of Notes equal to the principal amount thereof for which it has subscribed and paid.

The Common Depositary may also credit with a principal amount of Notes the accounts of subscribers with (if indicated in the relevant Final Terms) other clearing systems through direct or indirect accounts with Euroclear and Clearstream held by such other clearing systems. Conversely, a principal amount of Notes that is initially deposited with any other clearing system may similarly be credited to the accounts of subscribers with Euroclear, Clearstream or other clearing systems.

Exchange

Each Temporary Global Certificate issued in respect of Notes will be exchangeable, free of charge to the holder, on or after its Exchange Date (as defined below):

- (i) if the relevant Final Terms indicates that such Temporary Global Certificate is issued in compliance with the TEFRA C or in a transaction to which TEFRA is not applicable (as to which, see "GENERAL DESCRIPTION OF THE PROGRAMME — Selling Restrictions"), in whole, but not in part, for the Definitive Materialised Bearer Notes; and
- (ii) otherwise, in whole but not in part upon certification as to non-U.S. beneficial ownership (a form of which shall be available at the specified offices of any of the Paying Agents) for Definitive Materialised Bearer Notes.

Delivery of Definitive Materialised Bearer Notes

On or after its Exchange Date, the holder of a Temporary Global Certificate may surrender such Temporary Global Certificate to or to the order of the Fiscal Agent. In exchange for any Temporary Global Certificate, the Issuer will deliver, or procure the delivery of, an equal aggregate principal amount of duly executed and authenticated Definitive Materialised Bearer Notes. In this Base Prospectus, "**Definitive Materialised Bearer Notes**" means, in relation to any Temporary Global Certificate, the Definitive Materialised Bearer Notes for which such Temporary Global Certificate may be exchanged (if appropriate, having attached to them all Coupons and a Talon). Definitive Materialised Bearer Notes will be security printed in accordance with any applicable legal and Regulated Market requirements. Forms of such Definitive Materialised Bearer Notes shall be available at the specified offices of any of the Paying Agent(s).

Exchange Date

"**Exchange Date**" means, in relation to a Temporary Global Certificate, the day falling after the expiry of 40 days after its issue date, provided that, in the event any further Materialised Notes are issued prior to such day pursuant to Condition 14(a), the Exchange Date for such Temporary Global Certificate shall be postponed to the day falling after the expiry of 40 days after the issue of such further Materialised Notes.

USE OF PROCEEDS

The net proceeds from the issue of the Notes will (as specified in the applicable Final Terms) be applied by the Issuer either:

- to be used for the Issuer's general corporate purposes; or
- in the case of Themed Notes, to finance and/or refinance, in whole or in part, new or existing projects included in the Eligible Loan Portfolio, as defined in the relevant Final Terms and as further described in the Issuer's Green, Social & Sustainability Bond Framework (as amended and supplemented from time to time) available on the Issuer's website (www.labanquepostale.com/investor/debt); or
- as stated in the relevant Final Terms in respect of any particular issue of Notes for which there is a particular identified use of proceeds (other than as specified above).

In relation to Themed Notes, the Green, Social & Sustainability Bond Framework is based on the Green Bond Principles (the "**GBP**"), the Social Bond Principles (the "**SBP**") and the Sustainability Bond Guidelines (the "**SBG**"), each published by the International Capital Markets Association in its 2018 edition. It may be further updated or expanded to reflect updates to the GBP, SBP or SBG and evolutions in the Group activities. The Green, Social & Sustainability Bond Framework sets out categories of projects included in the Eligible Loan Portfolio which have been identified by the Group as promoting positive or reducing negative impact on the environment and/or with a positive social impact.

The Issuer has appointed Vigeo Eiris to provide a second party opinion (the "**Second Party Opinion**") on the Green, Social & Sustainability Bond Framework, assessing the environmental and social added value of the Green, Social & Sustainability Bond Framework and its alignment with the GBP, the SBP and the SBG. This Second Party Opinion document will be available on Vigeo-Eiris' website (<http://www.vigeo-eiris.com>) and on the Issuer's website (www.labanquepostale.com/investor/debt).

Allocation reporting will be available to investors within approximately one year from the date of the issue of the relevant Themed Notes, and thereafter once a year until full allocation of the proceeds. The reporting will produce the total amount allocated to the various projects included in the Eligible Loan Portfolio. This information will be externally reviewed and will be publicly available on the Issuer's website.

External auditors appointed by the Issuer will verify on an annual basis and until the full allocation of proceeds the following information:

- the compliance of assets financed by the Themed Notes' proceeds with the criteria specified in the relevant Final Terms;
- the allocated amount related to projects included in the Eligible Loan Portfolio is financed by the Themed Notes' proceeds; and
- the management of proceeds and unallocated proceeds amount.

Such external auditor's reports will be published on the Issuer's website (www.labanquepostale.com/investor/debt).

DESCRIPTION OF THE ISSUER

Information on the Issuer is set out in the Issuer's 2019 Universal Registration Document filed with the AMF under n° D.20-0135 on 17 March 2020 incorporated herein by reference. (Please refer to the cross-reference tables on pages 38 to 44 of this Base Prospectus).

La Banque Postale Group's business is focused on retail banking activities in France. It is organised around three business lines:

- retail banking, its core business (banking solutions for individuals, mass affluent and private banking portfolio, public sector financing and corporate banking);

TAXATION

The following is a summary of certain withholding tax considerations relating to the holding of the Notes. This summary is based on the laws in force in France as of the date of this Base Prospectus and is subject to any changes in law and/or interpretation thereof, possibly with a retroactive effect. It does not aim to be a comprehensive description of all tax considerations that may be relevant for a decision to invest in the Notes. Each prospective holder or beneficial owner of Notes should consult its tax advisor as to the tax consequences of any investment in or ownership and disposition of the Notes.

Withholding taxes on payments made outside France

The following may be relevant to Noteholders who do not concurrently hold shares of the Issuer.

Payments of interest and other assimilated revenues made by the Issuer with respect to the Notes will not be subject to the withholding tax set out under Article 125 A III of the French *Code général des impôts* unless such payments are made outside France in a non-cooperative State or territory (*Etat ou territoire non coopératif*) within the meaning of Article 238-0 A of the French *Code général des impôts* (a "**Non-Cooperative State**") other than those mentioned in 2° of 2 *bis* of the same Article 238-0 A. If such payments under the Notes are made outside France in a Non-Cooperative State other than those mentioned in 2° of 2 *bis* of Article 238-0 A of the French *Code général des impôts*, a 75 per cent. withholding tax will be applicable (subject to certain exceptions and to the more favourable provisions of an applicable double tax treaty) by virtue of Article 125 A III of the French *Code général des impôts*.

Furthermore, according to Article 238 A of the French *Code général des impôts*, interest and other assimilated revenues on such Notes will not be deductible from the Issuer's taxable income if they are paid or accrued to persons domiciled or established in a Non-Cooperative State or paid on an account held with a financial institution established in such a Non-Cooperative State (the "**Deductibility Exclusion**"). Under certain conditions, any such non-deductible interest and other assimilated revenues may be recharacterised as constructive dividends pursuant to Articles 109 *et seq* of the French *Code général des impôts*, in which case such non-deductible interest and other assimilated revenues may be subject to the withholding tax set out under Article 119 *bis* 2 of the French *Code général des impôts*, at (i) a rate of 12.8 per cent. for payments benefiting individuals who are not French tax residents, (ii) the standard corporate income tax rate set forth in the first sentence of the second paragraph of Article 219-I of the French *Code général des impôts* for fiscal years beginning as from 1 January 2020 (i.e. 28 per cent. for fiscal years beginning as from 1 January 2020) for payments benefiting legal persons who are not French tax residents or (iii) a rate of 75 per cent. for payments made outside France in a Non-Cooperative State other than those mentioned in 2° of 2 *bis* of Article 238-0 A of the French *Code général des impôts* (subject to certain exceptions and to the more favourable provisions of an applicable double tax treaty).

Notwithstanding the foregoing, neither the 75 per cent. withholding tax set out under Article 125 A III of the French *Code général des impôts* nor, to the extent the relevant interest and other assimilated revenues relate to genuine transactions and are not in an abnormal or exaggerated amount, the Deductibility Exclusion and therefore the withholding tax set out under Article 119 *bis* 2 of the French *Code général des impôts* that may be levied as a result of such Deductibility Exclusion will apply in respect of an issue of Notes if the Issuer can prove that the main purpose and effect of such issue of Notes was not that of allowing the payments of interest and other assimilated revenues to be made in a Non-Cooperative State (the "**Exception**"). Pursuant to the *Bulletin Officiel des Finances Publiques-Impôts* BOI-INT-DG-20-50-20140211 n°550 and 990, an issue of Notes will benefit from the Exception without the Issuer having to provide any proof of the purpose and effect of such issue of Notes, if such Notes are:

- (i) offered by means of a public offer within the meaning of Article L.411-1 of the French *Code monétaire et financier* or pursuant to an equivalent offer in a State other than in a Non-Cooperative State. For this purpose, an "equivalent offer" means any offer requiring the registration or submission of an offer document by or with a foreign securities market authority; and/or
- (ii) admitted to trading on a French or foreign regulated market or multilateral securities trading system provided that such market or system is not located in a Non-Cooperative State, and the operation of such market is carried out by a market operator or an investment services provider or any other similar foreign entity, provided further that such market operator, investment services provider or entity is not located in a Non-Cooperative State; and/or
- (iii) admitted, at the time of their issue, to the operations of a central depository or of a securities payment and delivery systems operator within the meaning of Article L.561-2 of the French *Code monétaire et financier*, or of one or more similar foreign depositories or operators provided that such depository or operator is not located in a Non-Cooperative State.

Withholding taxes on payments made to individuals fiscally domiciled in France

Pursuant to Article 125 A I of the French *Code général des impôts* (i.e. where the paying agent (*établissement payeur*) is established in France) and subject to certain exceptions, interest and similar revenues received by individuals who are fiscally domiciled (*domiciliés fiscalement*) in France are subject to a 12.8 per cent. withholding tax, which is deductible from their personal income tax liability in respect of the year in which the payment has been made. Social contributions (CSG, CRDS and solidarity levy) are also levied by way of withholding at a global rate of 17.2 per cent. on such interest and similar revenues received by individuals fiscally domiciled (*domiciliés fiscalement*) in France, subject to certain exceptions.

SUBSCRIPTION AND SALE

Summary of Dealer Agreement

Subject to the terms and on the conditions contained in an amended and restated dealer agreement dated 25 March 2020 (as amended or supplemented from time to time, the "**Dealer Agreement**") between the Issuer, the Permanent Dealers and the Arranger, the Notes will be offered on a continuous basis by the Issuer to the Permanent Dealers. However, the Issuer has reserved the right to sell Notes directly on its own behalf to Dealers that are not Permanent Dealers. The Notes may be resold at prevailing market prices, or at prices related thereto, at the time of such resale, as determined by the relevant Dealer. The Notes may also be sold by the Issuer through the Dealers, acting as agents of the Issuer. The Dealer Agreement also provides for Notes to be issued in syndicated Tranches that are jointly and severally underwritten by two or more Dealers.

The Issuer will pay each relevant Dealer a commission as agreed between them in respect of Notes subscribed by it. The Issuer has agreed to reimburse the Arranger for its expenses incurred in connection with the Programme and the Dealers for certain of its activities in connection with the Programme.

The Issuer has agreed to indemnify the Dealers against certain liabilities in connection with the offer and sale of the Notes. The Dealer Agreement entitles the Dealers to terminate any agreement that they make to subscribe Notes in certain circumstances prior to payment for such Notes being made to the Issuer.

Selling Restrictions

Prohibition of Sales to EEA and UK Retail Investors

Unless the Final Terms in respect of any Notes specifies the "Prohibition of Sales to EEA and UK Retail Investors" as "Not Applicable", each Dealer has represented and agreed, and each further Dealer appointed under the Programme will be required to represent and agree, that it has not offered, sold or otherwise made available and will not offer, sell or otherwise make available any Notes which are the subject of the offering contemplated by this Base Prospectus as completed by the Final Terms in relation thereto to any retail investor in the European Economic Area or in the United Kingdom. For the purposes of this provision:

- (a) the expression "**retail investor**" means a person who is one (or more) of the following:
 - (i) a retail client as defined in point (11) of Article 4(1) of MiFID II; or
 - (ii) a customer within the meaning of IDD, where that customer would not qualify as a professional client as defined in point (10) of Article 4(1) of MiFID II; or
 - (iii) not a qualified investor as defined in the Prospectus Regulation; and
- (b) the expression an "**offer**" includes the communication in any form and by any means of sufficient information on the terms of the offer and the Notes to be offered so as to enable an investor to decide to purchase or subscribe for the Notes.

If the Final Terms in respect of any Notes specifies "Prohibition of Sales to EEA and UK Retail Investors" as "Not Applicable" in relation to each Member State of the European Economic Area and the United Kingdom (each a "**Relevant State**"), each Dealer has represented and agreed, and each further Dealer appointed under the Programme will be required to represent and agree that it has not

made and will not make an offer of Notes which are the subject of the offering contemplated by this Base Prospectus as completed by the Final Terms in relation thereto to the public in that Relevant State except that it may make an offer of Notes to the public in that Relevant State:

- (a) if the Final Terms in relation to the Notes specify that an offer of those Notes may be made other than pursuant to Article 1(4) of the Prospectus Regulation in that Relevant State (a "**Non-Exempt Offer**"), following the date of publication of a prospectus in relation to such Notes which has been approved by the competent authority in that Relevant State or, where appropriate, approved in another Relevant State and notified to the competent authority in that Relevant State, provided that any such prospectus has subsequently been completed by the final terms contemplating such Non-Exempt Offer, in accordance with the Prospectus Regulation in the period beginning and ending on the dates specified in such Prospectus or Final Terms, as applicable, and the Issuer has consented in writing to its use for the purpose of the Non-Exempt Offer;
- (b) at any time to any legal entity which is a qualified investor as defined in the Prospectus Regulation;
- (c) at any time to fewer than 150, natural or legal persons (other than qualified investors as defined in the Prospectus Regulation) subject to obtaining the prior consent of the relevant Dealer or Dealers nominated by the Issuer for any such offer; or
- (d) at any time in any other circumstances falling within Article 1(4) of the Prospectus Regulation,

provided that no such offer of Notes referred to in paragraphs (b) to (d) above shall require the Issuer or any Dealer to publish a prospectus pursuant to Article 3 of the Prospectus Regulation or supplement a prospectus pursuant to Article 23 of the Prospectus Regulation.

For the purposes of this provision, the expression an "**offer of Notes to the public**" in relation to any Notes in any Relevant State means the communication in any form and by any means of sufficient information on the terms of the offer and the Notes to be offered so as to enable an investor to decide to purchase or subscribe for the Notes, and the expression "**Prospectus Regulation**" means Regulation (EU) 2017/1129, as amended.

France

Each of the Dealers has represented and agreed, and each further Dealer appointed under the Programme will be required to represent and agree, that it undertakes to comply with applicable French laws and regulations in force regarding the offer, the placement or the sale of the Notes and the distribution in France of this Base Prospectus or any other offering material relating to the Notes.

United States

The Notes have not been and will not be registered under the Securities Act, or with any securities regulatory authority of any State or other jurisdiction of the United States and may not be offered or sold within the United States or to, or for the account or benefit of, U.S. persons except in accordance with Regulation S ("**Regulation S**") under the U.S. Securities Act of 1933, as amended (the "**Securities Act**") or pursuant to an exemption from the registration requirements of the Securities Act. Each Dealer has represented, warranted and agreed that it has not offered or sold Notes of any identifiable tranche, and shall not offer or sell, or, in the case of Notes in bearer form, deliver, Notes of any identifiable tranche (1) as part of their distribution at any time and (2) otherwise until 40 days after the completion of the distribution of such tranche as determined and certified to the Issuer and each relevant Dealer, by the Fiscal Agent or, in the case of a syndicated issue, the Lead Manager,

except in accordance with Rule 903 of Regulation S. Accordingly, each Dealer, its affiliates or any persons acting on its or their behalf have not engaged and will not engage in any directed selling efforts with respect to the Notes, and it and they have complied and shall comply with the offering restrictions requirement of Regulation S. Each Dealer agrees to notify the Fiscal Agent or, in the case of a syndicated issue, the Lead Manager when it has completed the distribution of its portion of the Notes of any identifiable tranche so that the Fiscal Agent or, in the case of a syndicated issue, the Lead Manager may determine the completion of the distribution of all Notes of that tranche and notify the other relevant Dealers of the end of the distribution compliance period. Each Dealer also agrees that, at or prior to confirmation of sale of Notes, it will have sent to each distributor, dealer or person receiving a selling concession, fee or other remuneration that purchases Notes from it during the distribution compliance period a confirmation or notice to substantially the following effect:

"The securities covered hereby have not been registered under the U.S. Securities Act of 1933, as amended (the "**Securities Act**") or with any securities regulatory authority of any state or other jurisdiction of the United States and may not be offered or sold within the United States or to, or for the account or benefit of, U.S. persons (i) as part of their distribution at any time or (ii) otherwise until 40 days after completion of the distribution of such tranche as determined, and certified to the Issuer and [relevant Dealers], by [[AGENT]/[LEAD MANAGER]], except in either case in accordance with Regulation S. Terms used above have the meanings given to them by Regulation S."

The Notes are being offered and sold outside the United States to non-U.S. persons in reliance on Regulation S. Until 40 days after the commencement of the offering of a tranche of Notes, an offer or sale of such Notes within the United States by any dealer (whether or not participating in the offering) may violate the registration requirements of the Securities Act if such offer or sale is made otherwise than in accordance with an available exemption from registration under the Securities Act. Terms used in this paragraph have the meanings given to them by Regulation S.

In addition, unless the Final Terms or the Subscription Agreement relating to one or more Tranches specifies that the applicable TEFRA exemption is either "C Rules" or "not applicable", each Dealer has represented and agreed in relation to each Tranche of Materialised Notes in bearer form:

- (a) except to the extent permitted under U.S. Treasury Regulations §1.163-5(c)(2)(i)(D) (or any successor rules in substantially the same form that are applicable for purposes of Section 4701 of the U.S. Internal Revenue Code of 1986, as amended (the "**Code**")) (the "**D Rules**");
 - (i) it has not offered or sold, and during the restricted period it shall not offer or sell, Materialised Notes in bearer form to a person who is within the United States or its possessions or to a United States person; and
 - (ii) it has not delivered and shall not deliver within the United States or its possessions definitive Materialised Notes in bearer form that are sold during the restricted period,
- (b) it has and throughout the restricted period shall have in effect procedures reasonably designed to ensure that its employees or agents who are directly engaged in selling Materialised Notes in bearer form are aware that such Materialised Notes may not be offered or sold during the restricted period to a person who is within the United States or its possessions or to a United States person, except as permitted by the D Rules;
- (c) if it is a United States person, it is acquiring the Materialised Notes in bearer form for purposes of resale in connection with their original issuance and if it retains Materialised Notes in bearer form for its own account, it shall only do so in accordance with the requirements of U.S. Treasury Regulations §1.163-5(c)(2)(i)(D)(6) (or any successor rules in substantially the same form that are applicable for purposes of Section 4701 of the Code);

- (d) with respect to each affiliate that acquires from it Materialised Notes in bearer form for the purpose of offering or selling such Materialised Notes during the restricted period, it either (i) repeats and confirms the representations contained in subparagraphs (a), (b) and (c) on behalf of such affiliate or (ii) agrees that it shall obtain from such affiliate for the benefit of the Issuer the representations contained in subparagraphs (a), (b) and (c); and
- (e) it will obtain from any distributor (within the meaning of U.S. Treasury Regulations § 1.163-5(c)(2)(i)(D)(4)(ii) (or any successor rules in substantially the same form that are applicable for purposes of Section 4701 of the Code)) that purchases any Materialised Notes in bearer form from it pursuant to a written contract with such Dealer (except a distributor that is one of its affiliates or is another Dealer), for the benefit of the Issuer and each other Dealer, the representations contained in, and such distributor's agreement to comply with, the provisions of subparagraphs (a), (b), (c) and (d) of this paragraph insofar as they relate to the D Rules, as if such distributor were a Dealer hereunder.

Terms used in this paragraph have the meanings given to them by the U.S. Internal Revenue Code of 1986, as amended, and regulations promulgated thereunder, including the D Rules.

In addition, to the extent that the Final Terms or the Subscription Agreement relating to one or more Tranches of Materialised Notes in bearer form specifies that the applicable TEFRA exemption is "C Rules", under U.S. Treasury Regulations §1.163-5(c)(2)(i)(C) (or any successor rules in substantially the same form that are applicable for purposes of Section 4701 of the Code) (the "**C Rules**"), Materialised Notes in bearer form must be issued and delivered outside the United States and its possessions in connection with their original issuance. In relation to each such Tranche, each Dealer has represented and agreed that it has not offered, sold or delivered, and shall not offer, sell or deliver, directly or indirectly, Materialised Notes in bearer form within the United States or its possessions in connection with their original issuance. Further, in connection with the original issuance of Materialised Notes in bearer form, each Dealer has represented that it has not communicated, and shall not communicate, directly or indirectly, with a prospective purchaser if either such purchaser or it is within the United States or its possessions or otherwise involve its U.S. office in the offer or sale of Materialised Notes in bearer form. Terms used in this paragraph have the meanings given to them by the U.S. Internal Revenue Code of 1986 and regulations promulgated thereunder, including the C Rules.

Each issuance of index-, commodity- or currency-linked Notes may be subject to such additional U.S. selling restrictions as the relevant Dealer(s) may agree with the Issuer as a term of the issuance and purchase or, as the case may be, subscription of such Notes. Each relevant Dealer agrees that it shall offer, sell and deliver such Notes only in compliance with such additional U.S. selling restrictions.

In the event that further interchangeable/*assimilable* Notes are issued in accordance with Condition 13 of the terms and conditions of the Notes prior to the end of the relevant restricted periods referred to in this selling restriction, such further interchangeable/*assimilable* Notes shall be subject to the foregoing U.S. securities law and tax restrictions.

Dematerialised Notes do not require compliance with the TEFRA Rules.

This Base Prospectus has been prepared by the Issuer for use in connection with the offer and sale of the Notes outside the United States. The Issuer and the Dealers reserve the right to reject any offer to purchase the Notes, in whole or in part, for any reason. This Base Prospectus does not constitute an offer to any person in the United States. Distribution of this Base Prospectus by any non-U.S. person outside the United States to any U.S. person or to any other person within the United States, is unauthorised and any disclosure without the prior written consent of the Issuer of any of its contents to any such U.S. person or other person within the United States is prohibited.

FORM OF FINAL TERMS

[The Base Prospectus dated 25 March 2020 expires on 24 March 2021. The updated Base Prospectus shall be available on the website of (a) the AMF (www.amf-france.org) and (b) the Issuer (www.labanquepostale.com).]

[**PROHIBITION OF SALES TO EEA AND UK RETAIL INVESTORS** - The Notes are not intended to be offered, sold or otherwise made available to and should not be offered, sold or otherwise made available to any retail investor in the European Economic Area ("EEA") or in the United Kingdom ("UK"). For these purposes, a retail investor means a person who is one (or more) of: (i) a retail client as defined in point (11) of Article 4(1) of Directive 2014/65/EU (as amended, "MiFID II"); or (ii) a customer within the meaning of Directive 2016/97/EU, as amended, where that customer would not qualify as a professional client as defined in point (10) of Article 4(1) of MiFID II; or (iii) not a qualified investor as defined in Regulation (EU) 2017/1129, as amended (the "Prospectus Regulation"). Consequently, no key information document required by Regulation (EU) No 1286/2014 (as amended, the "PRIIPs Regulation") for offering or selling the Notes or otherwise making them available to retail investors in the EEA or in the UK has been prepared and therefore offering or selling the Notes or otherwise making them available to any retail investor in the EEA or in the UK may be unlawful under the PRIIPs Regulation.]¹

6. Litigation

Except as disclosed in this Base Prospectus, neither the Issuer nor any member of La Banque Postale Group is or has been involved in any governmental, legal or arbitration proceedings (including any such proceedings which are pending or threatened of which the Issuer is aware), during a period covering at least the previous twelve (12) months which may have, or have had in the recent past, significant effects on the Issuer and/or La Banque Postale Group's financial position or profitability.

8. Auditors

KPMG SA and PricewaterhouseCoopers Audit have audited and rendered an unqualified audit report on the consolidated financial statements of the Issuer for the year ended 31 December 2018 and on the consolidated financial statements of the Issuer for the year ended 31 December 2019. The French auditors carry out their duties in accordance with the principles of *Compagnie Nationale des Commissaires aux Comptes* (CNCC).

9. Rating

The long term senior preferred debt of the Issuer has been assigned a rating of A by S&P and A- by Fitch. The long term senior non preferred debt of the Issuer has been assigned a rating of BBB by S&P and A- by Fitch. The subordinated debt of the Issuer has been assigned a rating of BBB- by S&P. Notes issued under the Programme may be unrated or rated differently from the current ratings of the Issuer or of its long term senior preferred debt, senior non preferred debt or its subordinated debt. The rating (if any) of Notes to be issued under the Programme will be specified in the applicable Final Terms.

Each of S&P and Fitch is established in the European Union and is registered under the CRA Regulation. Each of S&P and Fitch is included in the list of registered credit rating agencies published by the European Securities and Markets Authority on its website (<https://www.esma.europa.eu/supervision/credit-rating-agencies/risk>) in accordance with the CRA Regulation as of the date of this Base Prospectus.

10. Information concerning the underlying

In respect of derivatives securities as defined in Article 20.2 of Commission Delegated Regulation no. 2019/980, the Final Terms will indicate whether or not the Issuer intends to provide post-issuance information concerning the underlying. If the Issuer intends to report such information, the Final Terms will specify what information will be reported and where such information can be obtained.

11. Yield

In relation to any Tranche of Fixed Notes, an indication of the yield in respect of such Notes will be specified in the applicable Final Terms. The yield is calculated at the Issue Date of the Notes on the basis of the relevant Issue Price. The yield indicated will be calculated as the yield to maturity as at the Issue Date of the Notes and will not be an indication of future yield.

12. Stabilisation

In connection with the issue of any Tranche (as defined in "GENERAL DESCRIPTION OF THE PROGRAMME"), the Dealer or Dealers (if any) named as the stabilising manager(s) (the "**Stabilising Manager(s)**") (or persons acting on behalf of any Stabilising Manager(s)) in the applicable Final Terms may over-allot Notes or effect transactions with a view to supporting the market price of the Notes at a level higher than that which might otherwise

prevail. However, stabilisation may not necessarily occur. Any stabilisation action may begin on or after the date on which adequate public disclosure of the final terms of the offer of the relevant Tranche is made and, if begun, may cease at any time, but it must end no later than the earlier of 30 calendar days after the issue date of the relevant Tranche and 60 days after the date of the allotment of the relevant Tranche. Any stabilisation action or over-allotment must be conducted by the relevant Stabilising Manager(s) (or person(s) acting on behalf of any Stabilising Manager(s)) in accordance with all applicable laws and rules.

13. U.S. TAX LEGEND

The following legend will appear on all Bearer Notes, other than Temporary Global Certificates and Dematerialized Notes, which have an original maturity of more than one year and on all interest Coupons and Talons relating to such Notes:

"ANY UNITED STATES PERSON WHO HOLDS THIS OBLIGATION WILL BE SUBJECT TO LIMITATIONS UNDER THE UNITED STATES INCOME TAX LAWS, INCLUDING THE LIMITATIONS PROVIDED IN SECTIONS 165(j) AND 1287(a) OF THE INTERNAL REVENUE CODE."

14. Differences between the Notes and bank deposits

The Notes do not constitute bank deposits and do not benefit from any protection provided pursuant to Directive 2014/49/EU of the European Parliament and of the Council on deposit guarantee schemes or any national implementing measures implementing this Directive in France. In addition, an investment in the Notes may give rise to yields and risks that differ from a bank deposit. The higher yield of the Notes is generally attributable to the greater risks associated with investment in the Notes. For example, the Notes are expected to be less liquid than bank deposits. Bank deposits are generally repayable on demand, or with notice from the depositors, whereas Noteholders have limited ability to require early repayment of their investment (see "TERMS AND CONDITIONS OF THE NOTES – Redemption, Purchase and Options – Redemption at the Option of the Noteholders" and "TERMS AND CONDITIONS OF THE NOTES – Events of Default and Enforcement"). Furthermore, although the Notes are transferable, the Notes may have no established trading market when issued, and one may never develop (see "RISK FACTORS – RISKS RELATING TO THE NOTES – Risks related to the market of the Notes – An active market for the Notes may not develop"). Further, as a result of the implementation of the BRRD, Noteholders may be subject to write-down or conversion into equity on any application of the general bail-in tool and non-viability loss absorption under the BRRD (see "RISK FACTORS – RISKS RELATING TO THE NOTES – Risks for the Noteholders as creditors of the Issuer – Risks related to the legal framework applicable to the Issuer – The Notes may be subject to mandatory write down or conversion to equity").

15. Benchmarks Regulation

Amounts payable under the Notes may be calculated by reference to one or more "benchmarks" for the purposes of Regulation (EU) No. 2016/1011 of the European Parliament and of the Council of 8 June 2016 (the "**Benchmarks Regulation**"). In this case, a statement will be included in the relevant Final Terms as to whether or not the relevant administrator of the "benchmark" is included in ESMA's register of administrators under Article 36 of the Benchmarks Regulation.

16. Forward-looking statements

Certain statements contained in this Base Prospectus are forward-looking statements including, but not limited to, statements that are predictions of or indicate future events, trends, business strategies, expansion and growth of operations plans or objectives, competitive advantage and regulatory changes, based on certain assumptions and include any statement that does not directly relate to a historical fact or current fact. The Issuer may also make forward-looking statements in its audited annual financial statements, in the documents incorporated by reference in this Base Prospectus, in press releases and other written materials and in oral statements made by its officers, directors or employees to third parties. Forward-looking statements are typically identified by words or phrases such as, without limitation, “anticipate”, “assume”, “believe”, “continue”, “estimate”, “expect”, “foresee”, “intend”, “may increase” and “may fluctuate” and similar expressions or by future or conditional verbs such as, without limitation, “will”, “should”, “would” and “could.” Undue reliance should not be placed on such statements, because, by their nature, they are subject to known and unknown risks, uncertainties, and other factors and actual results may differ materially from any future results, performance or achievements expressed or implied by such forward-looking statements. Please refer to the section entitled “*Risk Factors*” of this Base Prospectus.

The Issuer operates in a continually changing environment and new risks emerge continually. Forward-looking statements speak only as of the date they are made and the Issuer does not undertake any obligation to update or revise any of these forward-looking statements, to reflect new information, future events or circumstances or otherwise. These forward-looking statements do not constitute profit forecasts or estimates under the Commission Delegated Regulation 2019/980 supplementing the Prospectus Regulation.

17. Potential conflicts of interest

The Calculation Agent may be an affiliate of the Issuer. Therefore, potential conflicts of interest may exist between the Calculation Agent and holders of such Notes, including with respect to certain determinations and judgments that the Calculation Agent must make. The Calculation Agent is obligated to carry out its duties and functions as Calculation Agent in good faith and using its reasonable judgement.

Certain of the Dealers and their respective affiliates have engaged, and may in the future engage, in investment banking and/or commercial banking transactions with, and may perform services for the Issuer and its affiliates in the ordinary course of business. Certain of the Dealers and their respective affiliates may have positions, deal or make markets in the Notes issued under the Programme, related derivatives and reference obligations, including (but not limited to) entering into hedging strategies on behalf of the Issuer and its affiliates, investor clients, or as principal in order to manage their exposure, their general market risk, or other trading activities.

In addition, in the ordinary course of their business activities, the Dealers and their respective affiliates may make or hold a broad array of investments and actively trade debt and equity securities (or related derivative securities) and financial instruments (including bank loans) for their own account and for the accounts of their customers. Such investments and securities activities may involve securities and/or instruments of the Issuer or the Issuer's affiliates. Certain of the Dealers or their respective affiliates that have a lending relationship with the Issuer routinely hedge their credit exposure to the Issuer consistent with their customary risk management policies. Typically, such Dealers and their respective affiliates would hedge such exposure by entering into transactions which consist of either the purchase of credit default swaps or the creation of short positions in securities, including potentially the Notes issued

under the Programme. Any such positions could adversely affect future trading prices of Notes issued under the Programme. The Dealers and their respective affiliates may also make investment recommendations and/or publish or express independent research views in respect of such securities or financial instruments and may hold, or recommend to clients that they acquire, long and/or short positions in such securities and instruments.

18. Legal Entity Identifier

The legal entity identifier (LEI) of the Issuer is 96950066U5XAAIRCPA78.
