PRESS RELEASE DATED 27 FEBRUARY 2023

La Banque Postale reinforces its asset management activities: LBP AM enters into exclusive negotiations with Groupe Primonial with a view to acquiring 100% of La Financière de l'Échiquier (LFDE)

La Banque Postale, which is one of the bancassurance leaders in Europe, aims to accelerate its business diversification and develop its levers for growth, both in France and abroad. The proposed transaction is fully in line with this ambition.

With this transaction, La Banque Postale Asset Management (LBP AM), a subsidiary of La Banque Postale (at 75%) and Aegon Asset Management (at 25%), would consolidate its position as a multi-specialist conviction manager with total assets under management of €67 billion. It would also extend its presence to 9 European countries and broaden its range of products.

By enhancing and combining the strengths of three brands – LBP AM, LFDE and Tocqueville Finance - the transaction would give rise to a key European conviction manager, with recognized financial performance and a shared set of values in favor of responsible finance. The new structure would build on respective staff and management teams and would benefit from new strategic advantages:

- The ability to accelerate its development in France and in Europe, by relying on the distribution channels of the three entities at the benefit of all products of the new LBP AM Group
- An expanded product range for all customers of each entity
- A leading expertise in SRI investments in Europe, capitalizing on the power of the tools and the methodological approaches of the three entities to enrich the range of sustainable finance solutions
- A support from long-term shareholding, giving the new group the means to reach its full potential and accelerate its development in terms of innovation and performance

Created in 1991 and managing €11 billion of assets at the end of 2022, LFDE was built on an entrepreneurial culture that it will continue to foster to the benefit. A specialist in active and high tracking error asset management, and a long-standing reference for independent financial advisors (IFAs) and private clients, LFDE is also recognized as a strategic partner by many French banking groups and institutional investors. At the same time, LFDE has developed its European presence with a sales platform in 9 countries.

LBP AM, which managed €56 billion at the end of 2022 (including Tocqueville Finance), offers a range of investment solutions combining expertise on listed assets (equities, convertible bonds, multi-assets, absolute return and quantitative solutions) and real assets (infrastructure, real estate and corporate private debt, private equity), mainly for the French institutional and retail markets, in particular La Banque Postale Group. Tocqueville Finance, a 100% subsidiary of LBP AM, is a historical player in equity conviction management. It has shown a very strong growth since 2018 with €12 billion under management at the end of 2022, and has a complementary investment philosophy to LFDE's.

Philippe Heim, Chairman of the Executive Board of La Banque Postale, says: *“The acquisition of La Financière de l'Échiquier would be a growth accelerator for LBP AM, which would strengthen its activities by integrating recognized teams. With this transaction, LBP AM would reach to the podium of multi-specialist conviction managers in Europe and give itself the ability to address a wider range of clients, thanks to the complementarities of its sales*

forces. La Banque Postale Group thus confirms its desire to develop both its asset management and international activities.”

Emmanuelle Mourey, Chairwoman of the Management Board of LBP AM, says: “We are delighted with this project to acquire La Financière de l’Échiquier, which reinforces the choice made 2 years ago to adopt a multi-specialist conviction management model. In an increased competitive environment, this transaction would be a major asset to strengthen our distribution channels and continue our growth in France and Europe. I am convinced that the quality of the teams in place and the sharing of a common culture of innovation would allow us to respond effectively to the crucial challenges of our industry and to the needs of all our clients in terms of financial and extra-financial performance.”

Stéphane Vidal, Chairman of Groupe Primonial, says: “As we anticipated in 2021, a new page should open for La Financière de l’Échiquier, which, after 5 years of fruitful collaboration within Groupe Primonial, would join La Banque Postale Group. Groupe Primonial would remain linked to LFDE by the ongoing commercial partnerships, which are enjoying great success. We are extremely proud of LFDE and its teams. The history we wrote together has brought a lot to all of us.

Bettina Ducat, Chief Executive Officer of La Financière de l’Échiquier, says: “By joining LBP AM, LFDE would enter a new stage in an entrepreneurial history that began more than 30 years ago. Within Groupe Primonial since 2019, the profile of LFDE has been greatly enriched, successfully developing both geographically but also with new products and towards new customer segments. LBP AM is a solid player with great ambitions. It intends to capitalize on the LFDE brand by relying on its managers and employees, while preserving the autonomy and agility that have always characterized this company.”

La Banque Postale Group and Groupe Primonial announce that they have concluded today a memorandum of understanding for the project to acquire 100% of the capital and voting rights of La Financière de l’Échiquier (LFDE).

The signing of the final agreements by La Banque Postale Group and Groupe Primonial is subject to prior information and/or consultation of the relevant employee representative bodies and should take place during the second quarter of 2023. The proposed acquisition is also subject to approval by the Autorité des Marchés Financiers (AMF) and the Autorité de la concurrence and should be completed by the end of the third quarter of 2023.

In non-life insurance, the **property and casualty business** enjoyed continued growth in comprehensive home-owner insurance and motor insurance, with the insurance book up 2.7%, and delivered solid results despite weather-related insurance losses in first-half 2022. The **non-life insurance penetration rate** among La Banque Postale's customers rose by 1 point to 30%, in line with the 2025 target.

Business line net banking income amounted to €9,516 million, up 8.1% as reported and up 4.8%⁵ like-for-like vs. 2021. The increase was led by CNP Assurances' strong performance in international markets and the robust commercial momentum enjoyed by the banking business in France.

Based on a comparable scope of consolidation and at constant exchange rates, **fees and commissions** rose slightly (up €19 million vs. 2021), while the **net interest margin** contracted by €181 million due in particular to the increase in regulated savings rates in 2022 (*Livret A, Livret de Développement Durable et Solidaire and Livret d'Épargne Populaire*).

Business line operating expenses for 2022 amounted to €6,222 million, with the contained 2.0% like-for-like increase⁵ vs. 2021 attesting to the Group's sound cost discipline in an inflationary environment and the cost-efficient management of its business development projects.

The positive jaw effect drove an improvement in the business lines' cost/income ratio to 65.6%⁵, a 4.6-point decrease vs. 2021⁶, that was in line with the strategic plan.

Business line gross operating profit amounted to €3,294 million, up 15.4% as reported and up 10.5% like-for-like⁵.

In last year's still uncertain environment, **cost of risk** amounted to €216 million (without any major loss events), representing a rate of 16 bps based on outstanding loans. This rate reflects:

- The high quality of the Group's Retail and CIB banking books;
- Its limited exposure to the corporate sectors hardest hit by the current crisis;
- La Banque Postale's conservative policy concerning loss allowances across all customer categories.

Outstanding non-performing loans were slightly higher than at the end of 2021 due to a known case being reclassified to Bucket 3, but were nevertheless still low at 0.8% of total outstanding loans. At 35.5%, the coverage rate was lower at 31 December 2022, due to the significant guarantees securing the above loan; excluding this loan, the coverage rate was stable at around 40%.

Excluding PPA adjustments, attributable net profit increased by 83.6% in 2022 to €1,846 million from €1,005 million the previous year.

⁵ Excluding registration duty on the portfolio of over 7,600 housing units acquired by CNP Assurances from CDC Habitat, based on a comparable scope of consolidation and at constant exchange rates.

⁶ Restated to exclude amortisation of the Caixa/Santander distribution agreements, based on a comparable scope of consolidation and at constant exchange rates.

Group RONE⁷ stood at 14.4% at 31 December 2022, up 6.2 points vs. 31 December 2021 and ahead of the 8% target set for 2023.

A robust balance sheet structure

Total assets at 31 December 2022 amounted to €746 billion compared with €772 billion at 31 December 2021.

The Group's financial structure is robust, with total regulatory capital of €17.6 billion.

At 31 December 2022, its **Common Equity Tier 1 (CET1)** ratio stood at 14.7% vs. 19.1% at 31 December 2021, 6.3 points above the regulatory requirement of 8.40%.

The main factors underlying the change in the Group's capital adequacy ratio were as follows:

- Organic growth was self-financed for the second consecutive year. Attributable net profit net of the dividend accrual (0.6-pt positive impact) was sufficient to finance organic growth of risk-weighted assets (0.6-pt negative impact).
- Other comprehensive income had a 4.1-pt negative impact, linked to the significant changes in the financial markets observed throughout the year.
- The capital transactions carried out in the first half of 2022 (delisting of CNP Assurances, sale of interests in AEW and Ostrum) had no impact, as the badwill generated by these transactions offset the growth in risk-weighted assets related to the transactions.
- Other regulatory effects⁸ had a negative impact of around 0.4 pts.

The solvency remained satisfactory, before the expected positive effect of the future application of IFRS 17.

The **Tier 1 ratio** stood at 16.3% and the **total capital adequacy ratio** was 19.0%.

Risk-weighted assets (RWA) amounted to €92.8 billion, vs. €91.1 billion at 31 December 2021.

⁷ RONE = Attributable net profit/Average risk-weighted assets capitalised at 14%; excluding PPA adjustments.
⁸ Changes in scope of consolidation and changes in regulatory adjustments.

The **leverage ratio** was 5.6%⁹, down 1.6 points vs. end-2021 due to sharp changes in other comprehensive income.

The Group's liquidity structure was similarly robust, with a **loan-to-deposit ratio** of 87.2% providing ample scope to fund business growth. Liquidity ratios were once again very satisfactory, with the **LCR** at 147% and the **NSFR** at 129% at 31 December 2022.

In 2022, La Banque Postale's **credit ratings were reaffirmed by Fitch and Standard & Poor's** and it was **rated for the first time by Moody's**:

- In July 2022, Moody's awarded an A2 long-term rating and a P1 short-term rating to La Banque Postale, with a Stable outlook.
- In November 2022, Standard & Poor's reaffirmed La Banque Postale's short- and long-term ratings of A+ and A-1 respectively; however, the agency revised its rating outlook from Stable to Negative in December 2022 following a similar revision of the rating outlook for France.
- In December 2022, Fitch reaffirmed La Banque Postale's long- and short-term credit ratings of A and F1+, respectively, both with a Stable Outlook.

In 2022, the Group launched several practical initiatives:

- **Prices were frozen across all banking offers**, effective from 2023.
- **Fees for instant money transfers in France and Europe were waived** for the Group's 20 million retail customers in France as from 1 January 2022.
- To help home buyers, La Banque Postale became the first bancassureur to announce that it was **freezing its standard term creditor insurance rates and was also abolishing premium surcharges** for borrowers representing a level 2 aggravated health risk as defined in the AERAS¹¹ convention, in addition to applying the measures in favour of these borrowers contained in the Lemoine law;
- **New guarantees at no extra cost** for accident and health emergency insurance offers (distributed by the LBP Prévoyance and Assurances IARD subsidiaries)¹².

The convention has been signed by the public authorities, the banking, finance, insurance and mutual insurance industry organisations and non-profits representing patients and consumers.

¹² These insurance contracts cover the possible consequences of school bullying or cyberbullying.

¹³ Scope: Products developed by CNP Assurances and other partners distributed by La Banque Postale networks and Louvre Banque Privée.

La Banque Postale's insurance subsidiaries continued to deliver **robust underwriting results**, reporting a 2.4-point year-on-year improvement in the combined ratio net of reinsurance to 85.9%.

Other significant events

Lastly, recognising that young people need support to make their social and professional lives a success, particularly in times of crisis, La Banque Postale launched a new, innovative and socially responsible offer: the **Pass Jeune** (Youth Pass) digital platform comprising 10 free non-banking services for 18- to 29-year olds. Examples of the services available include mock language exams, assistance in preparing for job interviews, a search engine featuring over 300,000 job offers, and mock highway code theory tests. The service offer was an immediate success, with some 200,000 young people won over in 2022.

In line with its strategic plan, **La Banque Postale stepped up its diversification in the consumer finance market** with the launch of Django, specialising in deferred and split payment solutions for consumer purchases of up to €6,000 with retailers and e-tailers. Outside France, CNP Assurances delivered a very good business performance and reported increased earnings, led by Brazil and Italy.

In **Europe**, CNP Assurances continued to develop its business model in Italy by restructuring the ownership of its subsidiaries, with:

- The acquisition by CNP Assurances of UniCredit's 49% stake in CNP Vita Assicura S.p.A (CVA), increasing its stake in this entity to 100%;
- The sale of 6.5% of CNP UniCredit Vita S.p.A. ("CUV") to UniCredit, leaving CNP Assurances with a 51% controlling interest in CUV.

In the rest of Europe, CNP Assurances completed the sale of the entire capital of CNP Partners, its Spanish life insurance subsidiary, to Mediterráneo Vida. As part of its strategic development, CNP Assurances will continue to expand its term creditor insurance and personal risk insurance businesses through its Spanish branch¹⁴.

In **Brazil**, CNP Assurances pursued its international development strategy by buying out Caixa Seguridade and Icatu's interests in five companies¹⁵ that distribute death/disability and health insurance, dental insurance, savings and *consórcio* products. This strategy is based on two distribution models:

- Open model distribution leveraging the new wholly-owned subsidiaries' existing partner networks;
- Exclusive distribution under the partnership agreements with Caixa Econômica Federal, led by Caixa Vida e Previdência for individual and group pension products, consumer finance term creditor insurance and death/disability insurance (agreement renewed until 2046) and Caixa Consórcio for *consórcio* business (agreement renewed until 2041).

Business performance

In Europe, premium income rose significantly to €9.4 billion (up 78.0%), led by the acquisition of CNP Vita Assicura S.p.A (CVA), which contributed €4.4 billion to the top line.

Savings/Pensions premium income was sharply higher at €8.2 billion (up 93.8%), reflecting the robust performance of the new Italian subsidiary, CNP Vita Assicura S.p.A (CVA). At CNP UniCredit Vita (CUV), unit-linked sales represented a high 76.1% of total Savings/Pensions premiums.

Personal Risk/Protection premium income was up 13.3% at €1.2 billion. Growth was led by the acquisition of CNP Vita Assicura S.p.A. (CVA), which added €118 million to the total, and by the solid business performances of CNP UniCredit Vita (CUV), boosted by the success of the new personal risk range launched in 2021.

In Latin America, premium income totalled €7.3 billion, up 14.9%.

Savings/Pensions premium income totalled €5.9 billion, up 14.1%.

Personal Risk/Protection premium income was 18.3% higher at €1.4 billion. The Brazilian subsidiary Caixa Vida e Previdência (CVP) reported higher premium income from both the consumer credit life insurance (*prestamista*) and private pension plan (*previdência*) offerings, led by the success of the late-July 2022 campaign to promote the *Pronampe* product for micro-entrepreneurs and the related cross-selling initiatives.

Financial results (vs. 2021)

Net banking income rose by a strong 38.6% as reported (up 11.0% like-for-like), reflecting:

- The first-time consolidation of the Italian subsidiary CNP Vita Assicura S.p.A (CVA) and improved financial margins on Personal Risk/Protection business in the Europe excluding France region;
- The impact of higher Savings/Pensions business volumes at Caixa Vida e Previdência (CVP) in Brazil;
- The improved loss experience on consumer credit life insurance in Latin America.

Operating expenses increased by 31.6% as reported (up 0.7% like-for-like, for a sharply positive jaw effect) in an environment shaped by high inflation and rapid business growth at Caixa Vida e Previdência in Brazil (due in particular to the in-sourcing of resources and the faster pace of IT investments).

Cost of risk was kept under control, at €18 million.

Attributable net profit surged to €372 million (an amount 2.3 times higher than the 2021 figure, including like-for-like growth of 17.8%), with growth led by higher margins, favourable changes in the scope of consolidation and a favourable currency effect.

Louvre Banque Privée

La Banque Postale pursued its diversification in 2022, with the **organisation of its wealth management business** around **BPE, renamed Louvre Banque Privée**. The aim of this operation was to leverage the Group's recognised private banking expertise and uniquely deep regional network. Since 1 July 2022, this new model has been supporting the deployment of a range of products and services tailored to the needs of all of La Banque Postale Group's wealth management customers, both at Louvre Banque Privée and in the La Banque Postale network. The private banking business had €73 billion in assets under management at the end of December 2022. In its role as expertise centre, Louvre Banque Privée intends to open 100 new service desks by 2025. It also plans to increase its assets under management to €85 billion over the same period, of which 50% invested in unit-linked funds, while maintaining the discretionary asset management business's exclusive focus on SRI funds.

After the Silver Trophy received in 2021, Louvre Banque Privée won the **Gold Positive Finance Trophy** at the fourth edition of the *Sommet du Patrimoine et de la Performance* awards organised on 14 June 2022.

Business performance

Louvre Banque Privée's **total assets under management** amounted to €15.0 billion, up 6.5% vs. 31 December 2021.

The business continued to enjoy **robust growth**, with life insurance linked liabilities up 5.5% at €7.3 billion at 31 December 2022. All told, savings invested in life insurance products up 9.1% to €10.8 billion, lifted by a dynamic inflow of new money.

Assets under discretionary management rose by 2.7% to €8.3 billion. High margin business continued to grow, with new money of close to €1 billion invested in funds under discretionary management.

Outstanding loans totalled €4.8 billion (up 9.7%), including €4.5 billion in **home loans** (up 8.9%).

During the year, **14 new service desks were opened** in post offices. As of 31 December 2022, Louvre Banque Privée products were distributed in 71 service desks and 27 private banking centres. Asset Management

On 13 May 2022, La Banque Postale sold its 40% stake in AEW Europe and LBP Asset Management (LBP AM) sold its 45% stake in Ostrum AM to Natixis Investment Managers (Natixis IM), a subsidiary of the BPCE group. At the same time, the industrial asset management partnerships between LBP AM and Natixis IM were extended until the end of 2030. During the year, La Banque Postale increased its stake in LBP AM by acquiring the 5% interest held by Malakoff Humanis, which remains one of the Group's preferred partners.

On 27 February 2023, La Banque Postale entered into exclusive negotiations with the Primonial Group for the project of acquisition by LBP AM of 100% of La Financière de l'Echiquier. This transaction would enable LBP AM to consolidate its position as a multi-specialist conviction manager with combined assets under management of €67 billion at the end of 2022, a strengthened market presence in Europe and a range of high-performance products across all its asset classes, enabling it to cover the investment needs of a broad and diversified client base.

True to its DNA as an SRI conviction manager and as part of its Net Zero Asset Management Initiative (NZAMI) commitments, LBP AM has announced its ambitions in terms of carbon neutral portfolios. It is aiming for **80% alignment of its total assets** with a low-carbon target compatible with the objectives of the Paris Agreement by 2030, and **100% alignment by 2040**.

Business performance

LBP AM and Tocqueville Finance reported **assets under management** of €55.8 billion, boosted by a **very dynamic €2 billion net inflow of new money** in a market shaped by substantial outflows due to geopolitical events. This performance marked the ninth consecutive quarter of net inflows. LBP AM also has **105 SRI-labelled open-ended funds²⁰ (100% of the range)**, representing €27.8 billion in assets under management at 31 December 2022, and is France's leading SRI asset manager.

In 2022, the financial and non-financial performances of LBP AM and Tocqueville were once again recognised:

- 75% of the flagship funds were awarded 4 or 5 Morningstar Globes and 8 funds were awarded 4 or 5 Morningstar Stars.
- Tocqueville Finance was ranked second in the 2022 Alpha League Table, with 19 funds.
- LBP AM was the first fund manager to be recognised in each of the last four years, with one to three funds in the top 5 of their category at the Climatrix Fund Awards, including three funds in 2022²¹.

LBP AM and Tocqueville Finance's dynamic business performance illustrated the close alignment of their offers with investors' needs. In November 2022, they announced the launch of the Tocqueville Biodiversity SRI fund, with a €120 million investment commitment from

²⁰ 100% of eligible open-ended funds have been awarded the French SRI label.

CNP Assurances. LBP AM also added a solidarity-based fund and four charity funds²² to its SRI offer, providing a practical solution for financing non-profit projects.

At the same time, the Real and Private Assets division, which celebrated its 10th anniversary with €6.7 billion invested since 2012, continued to raise funds for two of its strategies, classified under Article 9 of the SFDR: a first Impact Infrastructure Debt fund invested in energy transition projects and a Corporate Debt fund invested in companies throughout France. Lastly, in September 2022, LBP AM launched a project to enhance its expertise in private equity investing, with the aim of adding to the investment strategies offered to the Group and third-party investors.

Financial results

Net banking income rose by 2.3%, driven by the Wealth Management business, which increased the pace of savings diversification and recorded positive net new money of €1.9 billion, while also delivering a dynamic financing performance. The Asset Management business, which was affected by a very unfavourable market effect, recorded positive net new money of €2 billion.

Operating expenses rose by 6.2% due to the costs incurred to launch the private banking business.

Attributable net profit rose sharply (up 93.1% on a comparable scope basis) to €123 million, mainly reflecting capital gains on the sale of the Group's stakes in Ostrum AM and AEW Europe. Excluding these gains and the related scope effect, the attributable net profit was stable.

CORPORATE CENTRE

The Corporate Centre is used to record income and expenses that cannot be allocated directly to the Group's business lines, such as the Single Resolution Fund (SRF)/*Fonds de Garantie des Dépôts et de Résolution* (FGDR) contributions and management fees.

Income and expenses resulting from the application of the accounting standard on business combinations, which do not arise in the normal course of business, are also allocated to the Corporate Centre. They include the reversal of PPA (neutralization of capital gains recognized in advance at the time of the takeover of CNP Assurances in March 2020, accounting entries that do not reflect the reality of the economic performance), which is allocated to the Corporate Centre to avoid distorting the presentation of the concerned business lines' results.

The results of the Corporate Centre are as follows:

Outlook

After seamlessly executing its strategic plan over the last two years, La Banque Postale intends to achieve a new milestone in its transformation in 2023, in a still difficult financial environment. Three accelerators will be used to drive change in the business model and affirm the Group's position as a leader in impact finance:

- Sustainable finance, independence and regional development: spread the impact culture throughout all levels of the organisation, as the cornerstone of the business model;
- Customer and operational performance: make its model more digital, efficient and agile for its customers and employees;
- Innovation and business model refocusing: propose new offers, new distribution channels and new, more open, service models.

To become France's favourite bancassurer and to be on the podium of customer satisfaction by 2025, La Banque Postale has set the following objectives:

- Be a leader in retail banking in France through a synergy-rich and high value-added bancassurance model, relying on the proximity and accessibility of the post office network, benchmark digital and multi-channel experience and a younger customer base interested in buying several different products;
- Accelerate the development of its growth drivers in the areas of international bancassurance, Corporate and Investment Banking and asset and wealth management;
- Develop new, more open BtoC, BtoB and BtoBtoC models that are holistically customer-centric.
